CHRISTIANSON AIR CONDITIONING AND PLUMBING RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2020

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Christianson Air Conditioning and Plumbing Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:
The Plan is a defined contribution plan covering substantially all employees of Christianson Air Conditioning and Plumbing (the Sponsor) who are 21 years of age or older and have been employed for one year with 1,000 hours of service during the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Retirement Plan Committee of the Sponsor is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions:
Each year, participants may contribute any amount or percentage up to 100% of their pre-tax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Sponsor's matching and profit sharing contributions are paid on a discretionary basis as determined by the employer and shall be limited to the specified percentage of each participant's elective deferrals. During the year ended December 31, 2020, the Sponsor elected to match 35% of the first 5% of base compensation that a participant contributes to the Plan and made no profit sharing contributions. Contributions are subject to certain IRS limitations.

Participant accounts:
Each participant's account is credited with the participant's contributions, Sponsor contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN - CONTINUED

Vesting:
Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Sponsor's contribution portion of their accounts is based on years of continuous service. Participants are 25% vested in the Sponsor's contribution upon two years of service and continue to vest at 25% per year until fully vested.

Notes receivable from participants:
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The term of the loan shall not exceed five years, except for loans associated with the purchase of a primary residence, which may not exceed fifteen years. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1 percent above the prime rate published in the Wall Street Journal. A participant is permitted no more than one loan every two years and may have no more than two loans outstanding at any time. Loan repayments are made through payroll deductions, and each payment, which includes interest, is credited to the participant's loan account.

Payment of benefits:
The Plan provides for distributions to participants or their beneficiaries upon retirement, death or termination of services from the Company. A participant's account may be distributed in a single lump sum or installments. In general, if a participant's account balance, as defined by the Plan, is greater than $5,000 and employment is terminated other than due to retirement or death, the account may not be distributed before normal retirement without the participant's consent. Participant's account balances that are less than $5,000 (the involuntary cash out amount), will be paid out in a lump sum regardless of participant election as to payment, upon termination of services of a participant for any reason if the account balance is less than the involuntary cash-out amount. Distributions are subject to the applicable provisions of the Plan document.

In-service withdrawals of all or a portion of a participant's account balance may be withdrawn by a participant after reaching age 59 ½. In-service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn at any time.

Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with the provisions specified in the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust available alternatives prior to requesting a hardship withdrawal.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

NOTE 1 - DESCRIPTION OF THE PLAN - CONTINUED

Forfeited accounts:
At December 31, 2020 and 2019, forfeited non-vested accounts totaled $3,042 and $1,643, respectively. These accounts will be used to pay fees and reduce future employer contributions. During 2020, employer contributions were reduced by $3,572 from forfeited non-vested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting:
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Excess contributions payable:
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The excess contributions payable balances were returned by the Plan to the participants prior to IRS deadlines.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Payment of benefits:
Benefits are recorded when paid.

Administrative expenses:
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants, investment expenses, recordkeeping, and advisory services are charged directly to the participant's account and are included in administrative expenses.

Subsequent events:
The Plan has evaluated subsequent events through August 31, 2021, the date the financial statements were available to be issued.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 4 - TAX STATUS

The Plan has adopted the LT Trust Company Volume Submitter 401(K)/Profit Sharing Plan. On March 31, 2014, the Internal Revenue Service stated in an opinion letter that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirement of the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 - INVESTMENT INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, LT Trust Company, the Custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Total investment income, as shown in the statement of changes in net assets available for benefit for the year ended December 31, 2020.
- Notes receivable from participants outstanding as of December 31, 2020 and 2019.
- Interest income on notes receivable from participants for the year ended December 31, 2020.
- Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2020.

NOTE 7 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 7 - FAIR VALUE MEASUREMENTS - CONTINUED

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Money market and mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 7 - FAIR VALUE MEASUREMENTS - CONTINUED
