LIMESTONE BANCORP, INC. 401(K) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of the Limestone Bancorp, Inc. 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a participant directed defined contribution plan (401(k) Plan) covering substantially all eligible employees. The Plan was established to provide and administer retirement benefits for employees of Limestone Bancorp, Inc. (the "Company"). The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Any participant may elect to make voluntary contributions, through payroll deductions, to the Plan as deferred compensation contributions. Participants may contribute the maximum allowed by statute. The Plan provides for a matching contribution equal to a percentage of each participant's deferred compensation for the Plan year. The Plan qualifies as a safe harbor plan with an automatic contribution arrangement. For 2020 and 2019, Limestone Bancorp, Inc. made matching contributions equal to 100% of the first 1% of the participant's contributions, and 50% of contributions of more than 1% and up to 6% of compensation. In addition, newly eligible participants and existing participants who are not contributing to the Plan and have not made an election are automatically enrolled in the Plan with contributions of 4% of compensation. At the beginning of each subsequent year, if the participant has not turned off this feature, the automatic deferral percentage increases 1% up to a maximum of 10%.

The Plan also provides for discretionary contributions allocated to the participants who are employees. Allocations are made to the participants based on their ratio of annual compensation as of the last day of the Plan year to the total of such compensation for all eligible participants. No discretionary contribution was made for the years ended December 31, 2020 or 2019.

Participant Accounts: Each participant's account is credited with the participant's contribution and an allocation of the Company's contributions and Plan earnings, and is charged with his or her withdrawals. Allocation of discretionary contribution is based on the participant's compensation. Company matching contributions are allocated based on a participant's voluntary contributions. A participant must be employed by the Company on December 31 of the plan year to be eligible to receive an allocation of Company discretionary contributions.

Vesting: Vesting of a participant's interest is 100% in cases of normal retirement at age 65, death or total disability. If a participant's employment ceases for any other reason, the full value of his account is payable to him if he has completed two or more years of service. A participant who has completed less than two years of service is entitled to the full value of his interest less the value of the non-vested employer contributions. Employer contributions forfeited as a result of termination of employment are used to fund future employer contributions.

Eligibility: An employee becomes an active participant on the first day of the month following the completion of 60 days of eligibility service. Eligibility service means an employee's period of service.

Payment of Benefits: The Plan allows for withdrawal of contributions upon termination of employment, or in-service withdrawals upon incurrence of a financial hardship, disability, or attainment of age 59 ½. Benefits are distributed to the participant or his beneficiary in an annuity or lump sum payment. If a participant's account balance exceeds \$5,000, no portion of the account balance will be distributed as a lump sum without the participant's consent.

NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Administrative Expenses: Certain expenses of maintaining the plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Loans: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loans bear a commercially reasonable rate of interest at a rate fixed for the duration of the loan.

Forfeited Accounts: Total forfeitures for 2020 and 2019 were \$7,627 and \$11,651, respectively. In 2020 and 2019, forfeitures were used to reduce employer contributions. The balance of forfeitures available to offset future matching contributions was \$1,237 and \$897 as of December 31, 2020 and 2019, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments, other than fully benefit-responsive investment contracts, are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation include the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan provides for various investment options in mutual funds and a guaranteed investment contract. The underlying investment securities are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In addition, the COVID-19 pandemic has negatively impacted the global economy, disrupted global supply chains, lowered equity market valuations, created significant volatility and disruption in financial markets, and increased unemployment levels. In addition, the pandemic has resulted in temporary closures of many businesses and the institution of social distancing and sheltering in place requirements in many states and communities, including those in markets in which the Company is located or does business. The pandemic could result in lower market valuations, higher volatility, and a reduction in earnings on investments as both businesses and consumers are negatively impacted by the economic downturn. The extent of the impact of the COVID-19 pandemic will depend on future developments, which are highly uncertain, including the scope and duration of the pandemic and actions taken by governmental authorities and other third parties in response to the pandemic.

NOTE 3 – FAIR VALUE

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

NOTE 4 – UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Transamerica Life Insurance Company and Reliance Trust Company. Transamerica Life Insurance Company held the Plan's investment assets and executed investment transactions from November 13, 2020 to December 31, 2020, and Reliance Trust Company held the Plan's investment assets and executed investment transactions as of January 1, 2019 to December 31, 2020. This information has not been audited by independent accountants.

NOTE 5 – INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code, and is exempt from federal income taxes. Although the Plan has been amended since the determination letter was received, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE 6 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds fully benefit-responsive investment contracts that are reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of the Plan's fully benefit-responsive investment contracts are presented below:

	<u>2020</u>	<u>2019</u>
Benefit-responsive investment contract	\$ 1,651,610	\$ 1,274,307

Contributions to the fully benefit-responsive investment contract are maintained in a general account. The general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

As of December 31, 2020, the Plan holds a fully benefit-responsive investment contract with Transamerica Life Insurance Company. The investment contract with Transamerica Life Insurance Company does not qualify as a guaranteed interest contract, as there is no stated minimum or maximum interest rate. The crediting interest rate is determined semi-annually at competitive rates based on similar investments, money market or CD type investments. The Plan's investment contract requires all permitted participant-initiated transactions involving the investment to occur at contract value with no conditions, limits, or restrictions. Such participant-initiated transactions include withdrawals for benefits, loans, or transfers to other investment choices within the Plan. The occurrence of an event that limits the ability of the investment to transact at contract value is not probable.

During 2019 and through November 13, 2020, the Plan held a fully benefit-responsive investment contract with The Standard. The investment contract was liquidated when the Plan moved from The Standard to Transamerica, and is thus no longer held by the plan at December 31, 2020. The investment contract with The Standard qualified as a guaranteed interest contract. The Standard guaranteed the Plan a return of principal and interest under the terms of the contract. The interest crediting rate was updated quarterly based upon contract provisions, and could not be less than 1%. The Plan's investment contract specified certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances included Plan termination, Plan merger, premature contract termination initiated by the Company, and certain other Company-initiated events that result in distributions exceeding a set amount. The contract limited the circumstances under which the issuer may terminate the contract. Examples of circumstances which would allow the issuer to terminate the contract include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events were to occur, the issuer could terminate the contract at an amount less than contract value.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Each participant's proportionate interest shall become fully vested upon the termination or partial termination of the Plan or complete discontinuance of contributions.

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan holds an investment contract managed by Transamerica Life Insurance Company. Prior to the move to Transamerica, the Plan held a guaranteed investment contract managed by the Standard Insurance Company. Transactions in the investment and the Plan's payment of administrative fees qualify as party-in-interest transactions. The Plan paid \$99,820 and \$72,937 in 2020 and 2019, respectively, in administrative expenses to parties-in-interest.

During 2020, the Plan paid \$9,220 in administrative expenses to Transamerica Retirement Solutions, and \$90,600 in administrative expenses to StanCorp Financial Group, the parent company of Standard Retirement Services, Inc. In addition, MML Investors Services, LLC provided the plan with financial advice and brokerage services and received \$55,842 in indirect compensation from investments in the Plan in 2020.

During 2019, the Plan paid \$49,154 in administrative expenses to StanCorp Financial Group. In addition, the party-in-interest received indirect compensation from investments in the Plan of \$2,747 in 2019. L.M. Kohn & Company, the parent advisory firm for the Plan's financial advisor in 2019, provided the Plan with financial advice and received \$23,781 in advisory fees in 2019.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

NOTE 9 – SUBSEQUENT EVENTS

Plan Management has evaluated subsequent events for recognition and disclosure through September 10, 2021, which is the date the financial statements were available to be issued.
