Independent Auditors' Report

To the Board of Trustees of
Boston Capital 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Boston Capital 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2(a); this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2(a) of the financial statements, which describes the basis of accounting. The financial statements are presented on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matter - 2019 Financial Statements

The financial statements of the Plan were audited by us and in our report dated September 22, 2020 were presented fairly, in all material respects in accordance with the modified cash basis of accounting, as of and for the year ended December 31, 2019.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2020 is required by the U.S. Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (ERISA) and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

BOSTON CAPITAL 401(K) PLAN

Notes to Financial Statements

December 31, 2020 and 2019

(1) Description of the Plan

The following description of the Boston Capital 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all full time employees of Boston Capital Holdings Limited Partnership (the Company) who are age twenty-one or older. Eligible employees are automatically enrolled with a 3% deferral rate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

(b) Contributions

Each year, participants may contribute up to the maximum percentage of compensation and dollar amount permissible under the Internal Revenue Code (IRC) and limited by the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, common collective trusts and a self-directed brokerage account as investment options for participants. Effective May 1, 2013, participants are automatically enrolled into the Plan with salary reduction contributions of 3%, unless an election to opt-out is made. Eligible participants shall have their salary reduction contributions increased by 1% of compensation annually on the first day of each calendar year until reaching 10% of compensation. Participants shall have the right to amend the stated automatic salary reduction percentage at any time. In addition to the participant contributions under the Plan, the Company shall make a non-discretionary matching employer contribution on behalf of each eligible participant in an amount equal to 35% of eligible contributions during the years ended December 31, 2020 and 2019. During the years ended December 31, 2020 and 2019, all required contributions were made. The Company may also make an additional matching employer contribution at their discretion at the Plan year end. There were no discretionary contributions made during the year ended December 31, 2020.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's matching and discretionary contributions and Plan earnings. Additionally, participants are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their contributions and assets in a non-elective account, plus their actual earnings. Vesting in the Company's non-discretionary matching and discretionary contribution portion of their accounts plus earnings on these contributions is based on years of service. A participant is 100% vested after five years of credited service.

(1) Description of the Plan - continued

(e) Notes Receivable from Participants

Participants may borrow from their fund accounts an amount that does not exceed the lesser of \$50,000 or 50% of the vested value of their account. No more than two loans may be outstanding at any time. Loan terms range from 1 to 5 years or longer for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's account and bear interest at rates, not less than the prevailing rate of interest charged on similar commercial loans by persons in the business of lending money and shall be determined by the Plan Administrator. Interest rates for notes receivable from participants vary from 5.25% to 7.50% as of December 31, 2020. Notes receivable from participants mature on various dates through December 2025. Principal and interest is paid ratably through payroll deductions.

In response to the COVID-19 pandemic, The Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law by President Trump on March 27, 2020. Section 2202 of the CARES Act provisions impact the Plan, participants, and the Plan Sponsor. The CARES Act increased the maximum limits for new loans made between March 27, 2020 to September 22, 2020 to the lesser of \$100,000 or 100% of qualified participant's vested account balance. The first payment date on a new loan is deferred up to one year. Qualified participants with an outstanding loan (meaning a loan taken before the CARES Act was enacted) that has a repayment due between March 27, 2020 and December 31, 2020, can delay their loan repayments up to one year. Interest will continue to accrue on these delayed payments. The term of the loan will be extended by the length of the deferment period.

(f) Payment of Benefits

On termination of service due to death, disability or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or a rollover distribution into a qualified plan. Benefits and any corrective distributions are recorded when paid to the participant or their beneficiaries.

The CARES Act allows qualified participants impacted by the coronavirus pandemic to withdraw up to \$100,000 of their vested account balance without being subject to the 10% early withdrawal penalty from January 1, 2020 to December 31, 2020.

Due to changes in legislation, effective January 1, 2019, the minimum six-month suspension of employee pre-tax, Roth, and post-tax contributions previously imposed following a hardship withdrawal was no longer required for hardship withdrawals and, effective January 1, 2020, the minimum six-month suspension of employee pre-tax, Roth, and post-tax contributions was no longer allowed for hardship withdrawals. Distributions to Plan participants turning 70½ are required in accordance with the IRC and the Plan document. Additionally, the CARES Act waived minimum required distributions for 2020.

(g) Forfeitures

Forfeitures of amounts not vested will occur upon a five-year break in service and can be used as (1) restoration of participants' forfeitures, (2) offset Plan expenses or (3) to reduce the Company's matching contribution. For the year ended December 31, 2020, forfeitures of \$8,295 were added to the Plan, and investment income of \$37 was recognized. For the years ended December 31, 2020 and 2019, forfeitures of \$13,118 and \$47,870, respectively, were used to reduce the Company's matching contributions. Unused forfeitures as of December 31, 2020 and 2019 were zero and \$4,786, respectively.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles in the United States of America. Dividend, interest income and contributions are recorded when received rather than when earned. Unrealized appreciation or depreciation in the fair value of investments is recognized currently. Modifications to the cash basis of accounting include investments recorded at fair value and notes receivable from participants. Income is recognized when received and expenses are recognized when paid.

(b) Use of Estimates

The preparation of financial statements in conformity with the modified cash basis requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded when received. Capital gain distributions are included in dividend income. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Income is recognized when received and expenses are recognized when paid.

(2) Summary of Significant Accounting Policies - continued

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent participant notes receivable are recorded as a distribution based upon the terms of the Plan Agreement.

(e) Payment of Benefits

Benefits are recorded when paid.

(f) Mutual Fund Fees

Investments in registered investment companies are subject to sales charges in the form of front-end loads, back-end loads, 12b-1 fees, and other investment/custodian management fees. 12b-1 fees, which are ongoing fees allowable under section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earning activity and thus are not separately identifiable as a Plan expense.

(g) Administrative Expenses

Recordkeeping, account maintenance fees and administrative expenses of maintaining the Plan are shared by the Plan, Plan participants and the Company. During the year ended December 31, 2020, the Plan paid \$80,101 for recordkeeping and investment advisory services. The Company pays for auditing services for the annual audit of the Plan.

(h) Recently Issued Auditing Standards - Statement on Auditing Standards No. 136, Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA

In July 2019, the AICPA Auditing Standards Board (ASB) issued Statement on Auditing Standards (SAS) No. 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA*. This SAS creates a new AU-C section 703 in AICPA *Professional Standards* and addresses the auditor's responsibility to form an opinion and report on the audit of financial statements of employee benefit plans subject to ERISA, and the form and content of the auditor's report issued as a result of an audit of ERISA plan financial statements.

SAS No. 136 was originally effective for audits of financial statements for periods ending on or after December 15, 2020 with early implementation not permitted. However, in May 2020, the ASB issued SAS No. 141, *Amendment to the Effective Dates of SAS Nos. 134-140*, which allowed for a one-year delay of the effective date of SAS No. 136, with early implementation now permitted. The Plan will adopt SAS No. 136 for the plan year ending December 31, 2021.

(3) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation of other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued based on quoted prices in an active market, which represents the net asset value (NAV) of shares held by the Plan at year-end. The funds are classified within level 1 on the fair value hierarchy. There were no redemption restrictions.

Common Collective Trust: Valued based on NAV per share as a practical expedient. The NAV, as provided by the fund manager, is used as the practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined that the fund will sell the investment for an amount different from the reported NAV.

Investments in Self-directed Brokerage Accounts: Valued based on quoted prices in an active market which approximate level 1 on the fair value hierarchy.

(3) Fair Value Measurements - continued

The methods described above may produce fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at fair value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 55,701,428	\$ -	\$ -	\$ 55,701,428

Investments measured at net asset value (a)				<u>3,077,748</u>
Total investments at fair value				<u>\$ 60,758,856</u>

	Assets at fair value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 49,162,842	\$ -	\$ -	\$ 49,162,842
Self-directed brokerage account	<u>1,494,143</u>	<u>-</u>	<u>-</u>	<u>1,494,143</u>
Total assets in the fair value hierarchy	<u>\$ 50,656,985</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 50,656,985</u>
Investments measured at net asset value (a)				<u>3,706,200</u>
Total investments at fair value				<u>\$ 54,363,185</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(3) Fair Value Measurements - continued

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

<u>December 31, 2020</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Common/Collective trust fund - Federated Capital Preservation Fund	\$3,077,748	n/a	Daily	12 months
<u>December 31, 2019</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Common/Collective trust fund - Federated Capital Preservation Fund	\$3,706,200	n/a	Daily	12 months

(4) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(5) Tax Status

The Plan has adopted a volume submitter plan which has been determined by the Internal Revenue Service (IRS), in an opinion letter dated March 31, 2014 to be in accordance with applicable sections of the IRC. The Plan has since been amended; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to examinations for years prior to 2017.

BOSTON CAPITAL 401(K) PLAN

Notes to Financial Statements

December 31, 2020 and 2019

(6) Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Management Trust Company (FMTC), an entity related to Fidelity Investments, is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

The notes receivable from participants qualifies as a party-in-interest transactions; however, they are not considered prohibited transactions under 29 CFR 2550.408(b) of the ERISA regulation.

(7) Information Certified by Plan's Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, FMTC, as trustee of the Plan, has certified that the following data included in the financial statements and supplemental schedules is complete and accurate.

- Investments and notes receivable from participants shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Net appreciation in fair value of investments, interest and dividends, contributions and rollovers received, benefits paid and administrative expense paid as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020.
- The schedule of assets (held at end of year) as of December 31, 2020.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedule.

(8) Risks and Uncertainties

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that these changes could materially affect the amounts reported in the statements of net assets available for benefits (modified cash basis).

During the first quarter of 2020, the World Health Organization (WHO) declared the COVID-19 public health crisis a pandemic and recommended containment and mitigation measures worldwide. On March 13, 2020, former U.S. President Trump announced a National Emergency relating to the pandemic. Government authorities worldwide have recommended or imposed various social distancing, quarantine and isolation measures on large portions of the population. The extent to which the COVID-19 pandemic impacts the Plan's participants, financial condition and changes in the fair value of its investments, will depend on future developments, which are highly uncertain and cannot be predicted with confidence, such as the ultimate geographic spread of the virus, the duration of the outbreak, governmental regulations and restrictions, travel restrictions and actions to contain the outbreak or treat its impact.

(9) Subsequent Events

The Plan has performed an evaluation of subsequent events through September 10, 2021, which is the date the Plan's financial statements were available to be issued. No material subsequent events have occurred since December 31, 2020 that would require recognition or disclosure in these financial statements.
