1. Description of Plan

The following description of the People's Trust Insurance Co. 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus related relief for loan repayment, suspend required minimum distributions, and delay commencement date for required minimum distributions. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established and made effective January 1, 2009, for the benefit of the employees of People's Trust Insurance Co. (the Company) and its affiliate, Rapid Response Team, LLC. The Plan and the Trust of which it is a part of are intended to satisfy all the requirements for a qualified retirement plan under the provisions of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company serves as the Plan's sponsor and administrator. The Plan's Custodian and recordkeeper is Massachusetts Mutual Life Insurance Company (MassMutual) and the directed trustee is Reliance Trust Company (Reliance).

Eligibility

The Plan covers all full-time employees of the Company and its affiliate, Rapid Response Team, LLC with the exception of leased and union employees. Eligible employees may become a participant and defer a portion of their annual compensation on the first day of the quarter (January 1, April 1, July 1, or October 1) following the attainment of their eighteenth birthday and one month of service.

Contributions

Each year, participants may contribute a percentage of pretax or after-tax annual compensation, as defined in the Plan, limited by the provisions of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make "catch-up" contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may distribute a discretionary match contribution, which is determined by the Company annually. During 2020, the Company contributed a qualified matching contribution of 25% of each participant's 2020 contribution to the Plan. Additional profit sharing contributions may be made at the discretion of the Company's Board of Directors. The matching and profit sharing contributions are invested directly into the investment options selected by the participant. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, Plan earnings, and charged with an allocation of investment expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately fully vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions portion of their accounts and earnings thereon is based on years of continuous service. Participants become 20% vested after one year of service, 20% more each year thereafter, until 100% vested when the participant attains five continuous years of service.

Payment of Benefits

On termination of service due to retirement, death, disability, or termination of employment, a participant may elect to receive a lump-sum cash payment, installment payment, or have assets rolled to another retirement plan. Partial withdrawals are also allowed by the Plan. If the total vested account balance is $1,000 or less, the entire vested benefit will be distributed to the participant in a lump-sum. If the participant's total vested account balance under the Plan is between $1,000 and $5,000 as of the termination date and instructions to make a distribution are not made, the vested account balance will be rolled over to an Individual Retirement Account (IRA) selected by the Plan Administrator. If the total vested account balance exceeds $5,000, distribution is not required until required distribution rules apply.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of a participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest of 4.25% to 6.50%. Loan terms range from one to five years or longer for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions.

Forfeitures

At December 31, 2020 and 2019, the forfeited nonvested accounts totaled $28,703 and $20,071, respectively. These accounts are used to reduce employer contributions. During 2020, $16,081 of forfeitures were used to reduce employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments, other than the fully benefit-responsive investment contract discussed in Note 3, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for additional discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

2. Summary of Significant Accounting Policies (continued)

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of benefit payments and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through August 31, 2021, the date the financial statements were available to be issued. During the period from December 31, 2020 to August 31, 2021, the Plan did not have any material recognizable subsequent events.

3. Guaranteed Investment Contract with MassMutual

The Plan has entered into a group annuity contract, which is a fully benefit-responsive guaranteed investment contract with MassMutual. The investment in the group annuity contract provides the Plan with a medium for collective investment and reinvestment in one or more types of investments. MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value within the limits of the investment contract.

3. Guaranteed Investment Contract with MassMutual (continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibitive transaction exemption under ERISA. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring. None of these events occurred during 2020.

Additional events that may limit the ability of the Plan to transact at contract value include but may not be limited to a participant termination of employment due to: (1) removal of a group of participants from plan coverage as a result of temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; or (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the plan sponsor's business. None of these events occurred in 2020.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer. None of these events occurred during 2020.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;

4. Fair Value Measurements (continued)

- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

Investments at Fair Value as of December 31, 2020

	Level 1	Level 2	Level 3	Total

Investments at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 11,356,194	$ -	$ -	$ 11,356,194
Total investments at fair value	$ 11,356,194	$ -	$ -	$ 11,356,194

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their entire account.

6. Tax Status

The Plan has adopted a volume submitter plan sponsored by Massachusetts Mutual Life Insurance Company. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

7. Accounting for Uncertainty in Income

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Information Certified by Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Massachusetts Mutual Life Insurance Company, the Custodian, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedule.

9. Information Certified by Custodian (continued)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Massachusetts Mutual Life Insurance Company, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedule.

10. Related Party Transactions and Party In Interest Transactions

Plan investments include shares of mutual funds and a Guaranteed Interest Account, managed by MassMutual. MassMutual is the Custodian and recordkeeper of the Plan and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan related to investment management and plan administration services amounted to $74,950 for the year ended December 31, 2020.

For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.
