Note 1 - Plan Description

The following description of Acument Global Technologies, Inc. Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Acument Global Technologies, Inc. (the "Company") who have completed 45 days of service. The Plan does not cover leased employees, nonresident aliens, and employees covered by certain collective bargaining agreements unless provided for under the provisions of the Plan. Eligible employees are automatically enrolled in the Plan once they have completed 45 days of service unless they affirmatively decline to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In 2020, the Company formally amended the plan document to implement certain provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act, including coronavirus-related distributions (CRD) and an increase in the maximum participant note receivable balance, which are covered in the respective sections below. Under the CARES Act, qualified individuals are those who have been diagnosed with COVID-19; who have a spouse or dependent who has been diagnosed; or who experience adverse financial consequences as a result of a quarantine, furlough, lay-off, reduction in work hours, business closure, lack of child care, or other factors due to the COVID-19 pandemic.

Contributions

The Plan provides for employee salary 401(k) deferral contributions up to a maximum of 40 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants who have attained age 50 are eligible to make catch-up contributions, which are also subject to IRS limitations. If automatically enrolled, a participant's deferral is set at 3 percent of eligible compensation and increases annually by 1 percent until 6 percent or changed by the participant. Participants have the option to designate all or a portion of their contributions as Roth 401(k) or voluntary after-tax contributions. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company matches 100 percent of participant contributions of the first 1 percent of compensation deferred and 50 percent of the next 8 percent of compensation, up to a total contribution of 5 percent of the employee's compensation. As a result of the COVID-19 pandemic, the Plan was amended to suspend matching contributions effective June 29, 2020. Matching contributions were reinstated effective October 20, 2020.

The Company may make discretionary contributions to the Plan, as approved by the Company's board of directors. No such amounts were contributed in 2020.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan. Contributions of automatically enrolled participants are invested in the applicable life cycle fund based on a participant's age until the participant elects otherwise.

December 31, 2020 and 2019

Note 1 - Plan Description (Continued)

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Employer contributions will fully vest after two years for all participants.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan.

Benefit Payments

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the IRS, and a participant must exhaust all available distributions other than a loan from the Plan prior to requesting a hardship withdrawal.

In accordance with the CARES Act, qualified individuals are allowed to take up to \$100,000 as a CRD, with repayment terms of up to three years. The ability to request a CRD under the CARES Act was applicable from May 15, 2020 to December 31, 2020.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance during the preceding 12-month period or 50 percent of their account balances. Loan terms range from one to five years. The loans are secured by the balance in the participant's accounts and bear interest at a reasonable fixed rate, which is commensurate with local prevailing rates determined by the plan administrator at the date of issuance. Principal and interest are paid ratably through payroll deductions.

In accordance with the CARES Act, the maximum amount a participant could borrow was increased to \$100,000 or 100 percent of the participant's vested account balance for eligible loans made between March 27, 2020 and September 22, 2020.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Transamerica Retirement Solutions, LLC, the Plan's recordkeeper; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value.

December 31, 2020 and 2019

Note 2 - Summary of Significant Accounting Policies (Continued)

The common collective trust funds are valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments. See Note 4 for additional information.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 14, 2021, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

State Street Bank and Trust Company (the "Trustee") holds the Plan's investments and executes all related transactions. The investment balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

December 31, 2020 and 2019

Note 4 - Fair Value Measurements (Continued)

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2020 and 2019:

Assets Measured at Fair Value on a Recurring Basis at December 31, 2020				
	Investments (at Fair Value)	Level 1	Level 2	Level 3

Note 5 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Accordingly, no provision for income taxes has been made in the accompanying financial statements.
