NOTE A - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Texas Scenic Co., Inc. 401(k) Plan (the Plan) are prepared on the accrual basis of accounting.

Income Recognition: The basis of investments held by the Plan are adjusted annually to closing market value and unrealized gains and losses are recorded as part of this adjustment. Realized gains and losses on investments are computed using adjusted basis (beginning of year market value) on the first-in, first-out method. Security transaction expenses are considered in computing realized gains and losses on investments.

Investments: Investments in mutual funds (registered investment companies) are carried at fair market value (net asset value), as determined by quoted prices in an active market. Investments in collective trusts are carried at the fair market value (net asset value) of units of a collective trust fund. The net asset value is based on the fair market value of the underlying investments held by the fund less its liabilities. Dividends are considered in the fair market value determination. Gains and losses (realized and unrealized) are included the net appreciation (depreciation) in the fair value of assets in the statement of changes in net assets available for plan benefits.

Participants' Notes Receivable: Participants' notes receivable are stated at their unpaid principal balance plus any accrued interest. Interest is recognized as accrued. An allowance was not required at either year end. Note terms generally range from one to five years. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan Administrator.

Benefit Payments: Benefits are recorded when paid.

Administrative Expenses: Certain expenses of maintaining the Plan are paid directly by the Plan sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Concentration of Credit Risk: Concentration of credit risk with respect to mutual fund is reduced as a result of the diversity of the underlying investments.

Subsequent Events: Subsequent events have been evaluated by management through the date of the independent auditor's report. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

Recently Adopted Accounting Pronouncement: The Financial Accounting Standards Board issued Accounting Standards Update 2018-13, effective for periods beginning after December 15, 2019, which modifies the required fair value measurement disclosures. The Plan adopted this new pronouncement effective January 1, 2020. Adoption did not have a material impact on the financial statements and no adjustments were made to prior periods.

Use of Estimates: The preparation of the financial statements in conformity with U. S. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE B - DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of Texas Scenic Co., Inc. (the Plan Sponsor) who have one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Each year participants may elect to contribute up to 100% of pretax and after tax annual compensation, subject to IRS limitations, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions to various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participant deferral rates increase 1% annually until their deferral rate reaches 10%, unless they affirmatively elect not to participate in the automatic deferral increase. The Company matches 25% of compensation that a participant contributes to the Plan, with the Company contribution limited to 3% of participant's plan compensation. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings and (c) charged with an allocation of investment related expenses that are paid by the Plan. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus earnings thereon. Upon completion of two full years of service, vesting in the Company's contribution portion of their account balance is at 20%, increasing by 20% each year until after six years of service when the participants' account balance becomes fully vested. If a participant terminates due to death, disability, or normal retirement, the participant becomes 100% vested in the account balance.

Benefits: Benefits are paid in a lump sum. The participant or beneficiary is entitled to a benefit equal to the vested balance and non-forfeitable interest in his account as of the distribution date.

Forfeitures: The forfeiture balance was $6,086 at December 31, December 31, 2020 and $1,461 at December 31, 2019. The Plan allows for the forfeiture balance to reduce future employer contributions and pay the expenses of the Plan.

Termination of Plan: Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested.

Participant Loans: Participant loans are available to all eligible actively employed participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The loans are collateralized by the vested balance in the participant's account, and bear interest between 3.25% and 5.50%. Principal and interest are repaid through salary reductions each pay period according to an amortization schedule based on the life of the note.

NOTE C – INVESTMENTS CERTIFIED BY THIRD PARTY (unaudited)

As permitted by Department of Labor CFR 2520.103-8, plan investments and participants' notes receivable at December 31, 2020 and 2019 and the related investment earnings and interest on participants' notes for the years then ended, were certified and held by Fidelity Management Trust Company, the Trustee, and were not audited by the independent auditor.

NOTE D – TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan includes certain investments managed by Fidelity, the Third Party Administrator, therefore, these transactions qualify as party-in-interest transactions. Fees paid for legal, accounting and other services rendered by parties-in-interest were based on customary and reasonable rates and, if paid by the Plan Sponsor, are excluded from these financial statements. The Plan's administrative expenses are paid either by the Plan or the Plan Sponsor as allowed for in the Plan document.

NOTE E – INCOME TAX STATUS

The Internal Revenue Service has ruled that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC) and is not subject to tax. The Plan has been amended since its determination; however, the Plan's administrator believes it is operating in accordance with applicable IRC regulations.

Management is not aware of any tax positions that would have a significant impact on its financial position. Its federal tax returns for the last four years remain subject to examination.

NOTE F – FAIR VALUE MEASUREMENTS

In accordance with U.S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means
- if the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE F - FAIR VALUE MEASUREMENTS - continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value:

	Fair Value Measurements Using			
	Level 1	Level 2	Level 3	Total
December 31, 2020:				
Mutual funds	$ 3,797,919	$ -	$ -	$ 3,797,919
Common collective trusts	-	3,943,830	-	3,943,830
Money market fund	6,086	-	-	6,086
Total investments at fair value	$ 3,804,005	$ 3,943,830	$ -	$ 7,747,835
December 31, 2019:				
Mutual funds	$ 2,901,928	$ -	$ -	$ 2,901,928
Common collective trusts	-	3,293,665	-	3,293,665
Money market fund	1,461	-	-	1,461
Total investments at fair value	$ 2,903,389	$ 3,293,665	$ -	$ 6,197,054

There have been no changes in methodologies used to estimate fair value, nor transfers among levels. Following is a description of the valuation methodologies used for various types of assets measured at fair value:

Mutual/Money Market Funds: Valued at the net asset value (NAV).

Common Collective Trust: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV is based on the fair values of the underlying investments held by the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE G – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

NOTE H – COVID-19

Due to the spread of the COVID-19 coronavirus, economic uncertainties have arisen which have triggered volatility in the financial markets and significant uncertainty in the global economy. The values of the Plan's individual investments have and will fluctuate in response to changing market conditions. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

The Plan is in the process of being amended to implement certain changes permitted by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which changes the Plan to allow certain eligible individuals to receive coronavirus-related distributions, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
