1 - Description of Plan

Effective December 1, 1986, West Side Foods, Inc. established the West Side Foods, Inc. Savings and Protection Plan (the "Plan") as a defined contribution plan for employees of West Side Foods, Inc. and its participating employers. Participating employers include a company owned by common ownership, Interstate Foods, Inc., and RMX Foods, Inc., the parent company of West Side Foods, Inc. and Interstate Foods, Inc. (collectively, referred to as the "Company" or the "Plan Sponsor"). The Plan was restated on December 1, 2014 for compliance with the Pension Protection Act of 2006.

The Plan was restated effective December 1, 2019 to amend the entry dates from the first day of the first month and seventh month of the Plan year (December 1st and June 1st) to the first day of each Plan year quarter (December 1st, March 1st, June 1st, and September 1st).

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was passed by Congress, which included provisions relating to retirement plans. Effective April 6, 2020, the Plan adopted certain temporary relief provisions for qualified individuals (as defined under the CARES Act). These temporary relief provisions were effective through December 31, 2020.

Effective January 1, 2020, in accordance with the Bipartisan Budget Act of 2018, the Plan was amended to no longer require the Plan Sponsor to suspend elective deferrals for any hardship distributions made on or after January 1, 2020.

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. ***General*** - The Plan is a 401(k) defined contribution plan. Employees of the Company not covered by a collective bargaining agreement are eligible to participate in the Plan on the first day of each Plan year quarter coinciding with or following the completion of six months of service, and the attainment of age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

b. ***Contributions*** - Plan contributions consist of compensation reduction elections of participants (401(k) contributions), rollovers, and employer matching contributions. Under the terms of the Plan, the Company will match up to 100% of the employee elective deferrals for eligible employees, but not to exceed 5% of the participant's eligible compensation. Under the terms of the Plan, the employer matching contributions are determined based on the employees' elective deferral and eligible compensation for each calendar month. Eligible compensation excludes bonuses. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

   All investments are participant-directed. Participants direct the investment of the contributions into a variety of mutual funds and a common collective trust as offered through Capital Bank and Trust Company (the "Trustee").

c. ***Participant Accounts*** - Each participant's account is credited with the participant's contributions, the Company's contributions to the Plan on behalf of the participant, and allocations of Plan earnings or losses. Allocations of Plan earnings or losses are based upon actual performance of each participant's investment elections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. ***Vesting*** - Participants are immediately vested in their elective contributions, the rollover portion of their account balances, the Company's matching contribution portion of their accounts, and the earnings thereon.

e. ***Notes Receivable from Participants*** - Participants may borrow from their Plan accounts a minimum of $1,000 up to a maximum equal to the lesser of: $50,000 reduced by the participant's highest outstanding note balance to the Plan during the one-year period ending on the day before the date on which the note is made; or 50% of their vested account balance, less current outstanding note balances. All notes, other than those used to purchase a principal residence, must be repaid within five years. Notes used to purchase a principal residence can have repayment terms of up to ten years or longer where commercial lenders permit longer repayment terms for similar notes. Interest rates are set by the plan administrator at issuance based on comparable rates offered by local commercial lenders. At November 30, 2020, interest rates on outstanding notes, maturing through October 2034, range from 5.25% to 7.50%. Principal and interest are paid ratably through periodic payroll deductions. Loan repayments may be suspended for up to 12 months for any period during which a participant is on unpaid leave of absence, and for any period during which a participant is on military leave. Participant notes are due and payable on the date the participant terminates employment with the Company.

   In accordance with the CARES Act, the maximum participant loan limit was temporarily increased to the lesser of $100,000 or 100% of the participant's vested account balance for qualified participants and participants were given the option to suspend loan repayments for up to one year.

f. ***Payment of Benefits*** - Participants are eligible to receive a distribution of their benefits upon retirement, termination of employment, or in the event of death of the participant. Normal retirement age is 65. Participants who have vested benefits in excess of $5,000 and are eligible to receive distributions may elect to receive either a lump-sum amount equal to the participant's vested interest in his or her account or installment payments over a period of years that does not exceed the life expectancy of the participant or, if applicable, the beneficiary. Participants who have vested balances less than $5,000 and are eligible to receive distributions, will receive a single lump-sum distribution.

   In accordance with the CARES Act, qualified participants were permitted to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons. These reasons include the participant or the participant's spouse or dependent being diagnosed with COVID-19 and adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced, or being unable to work due to lack of childcare due to COVID-19. The Plan made approximately $190,000 of CARES Act distributions during the plan year ended November 30, 2020.

g. ***Forfeitures*** - At November 30, 2020 and 2019, forfeited nonvested accounts totaled $5,576 and $5,644, respectively. As participants are immediately vested in the Company's matching contribution, the forfeited nonvested accounts relate to excess matching contributions. These accounts will be used to reduce future Company contributions and/or pay plan expenses. During the year ended November 30, 2020, $553 of forfeitures were utilized to pay plan expenses.

h. ***Excess Matching Contributions*** - There were approximately $3,270 of excess employer matching contributions for the year ended November 30, 2019, which were forfeited during the year ended November 30, 2020, and $3,518 of excess employer matching contributions for the year ended November 30, 2020, which were forfeited on April 12, 2021.

2 - Summary of Significant Accounting Policies

A summary of the significant accounting policies of the Plan follows:

a. ***Basis of Accounting*** - The accompanying financial statements have been prepared on the accrual basis of

accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

b. ***Use of Estimates*** - The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

c. ***Investment Valuation and Income Recognition*** - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

d. ***Notes Receivable from Participants*** - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and management deems the participant loan to be in default, the participant loan balance is reduced and a deemed distribution is recorded. During the year ended November 30, 2020, there were no deemed distributions of notes receivable from participants.

e. ***Payments of Benefits*** - Benefits are recorded when paid.

f. ***Expenses*** - Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in the administrative expenses. Investment-related expenses are included in *net appreciation or depreciation in fair value of investments.*

g. ***Other Investment Income*** - Other investment income includes approximately $55,000 of revenue sharing income earned on mutual funds for the year ended November 30, 2020. This income was allocated to participants invested in the respective mutual funds based upon the percentage of the participant's account balance in each fund to the total assets in each fund on the allocation date.

3 - Information Certified by the Trustee (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year), including investments at fair value, and notes receivable from participants held at November 30, 2020 and 2019, and net appreciation in fair value of investments, dividend income, interest income, interest income on notes receivable from participants, and other income for the year ended November 30, 2020, was obtained or derived from information supplied to management and certified as complete and accurate by Capital Bank and Trust Company, the trustee of the Plan.

4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board's guidance for *Fair Value Measurements ASC 820* are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at November 30, 2020 and 2019.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund - Valued at NAV. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of November 30, 2020 and 2019:

	Investments at Fair Value				
	Level 1	***Level 2***	***Level 3***	***Investments at NAV***	***Total***

Total Investments at Fair Value	$ 21,212,157	$ -	$ -	$ 4,037,508	**$ 25,249,665**

	Investments at Fair Value

November 30, 2019					
Mutual Funds	$ 19,436,576	$ -	$ -	$ -	**$ 19,436,576**
Investments measured at NAV	-	-	-	2,625,297	**2,625,297**
Total Investments at Fair Value	$ 19,436,576	$ -	$ -	$ 2,625,297	**$ 22,061,873**

The Plan's policy is to recognize transfers into and out of any level as of the date of the event or the change in circumstances that caused the transfer. For the year ended November 30, 2020, there were no transfers into or out of any level.

The following describes the investment strategy for the Stable Value Fund, reported as investments measured at NAV, held by the Plan for the years ended November 30, 2020 and 2019:

Invesco Stable Value Fund - The primary investment objective is to seek the preservation of principal and interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity.

5 - Income Tax Status

The Plan obtained its latest determination letter on March 31, 2014, in which the IRS stated that the Plan and related trust, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC") and is exempt from income taxes. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the value in their accounts.

7 - Party-in-Interest Transactions

The Company is the Plan Sponsor and administrator. Certain trustees are stockholders of the Company and participants in the Plan. Plan investments include mutual funds and a stable value fund managed by the Trustee, or its affiliates and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in *net appreciation or depreciation in fair value of the investments,* as they are paid through revenue sharing, rather than a direct payment. Fees paid by the Plan for administrative services and accounting services amounted to $4,911 for the year ended November 30, 2020.

8 - Risk and Uncertainties

The Plan invests in various investment securities. Such securities are subject to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the amounts reported in the *statements of net assets available for benefits.*

9 - Subsequent Events

Subsequent events have been evaluated by management through August 9, 2021, the date the financial statements were available to be issued.
