NOTE 1 – DESCRIPTION OF PLAN

Walsh Gallegos 401(k) Plan (the Plan) is a defined contribution plan, which covers eligible employees of Walsh Gallegos Trevino Russo & Kyle P.C. (the Sponsor) who are at least 21 years old. Employees who have attained one year and 1,000 hours of service are eligible to receive matching and profit-sharing contributions. There are no minimum service requirements in order to make salary deferrals and receive safe harbor employer contributions. Eligible employees are permitted to enroll in the Plan on the following dates: January 1, April 1, and October 1. The Plan was established effective September 1, 1985, and amended and restated effective December 8, 2015. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Contributions – Participants may elect to contribute up to 90% of annual compensation, as defined in the Plan, through payroll deductions. A participant's contribution cannot exceed the annual dollar limitation set forth by Internal Revenue Code (IRC) section 402(g). Participants may also contribute amounts representing distributions from other qualified retirement plans or an IRA. Participants who are age 50 or older may also make additional catch-up salary deferral contributions that are in addition to any limits that are imposed by the Plan and federal law. The Plan includes an automatic deferral provision. Upon eligibility, employees are automatically enrolled in the Plan at a 5% contribution rate. Such contributions are recorded by the Plan in the period in which the Sponsor makes applicable payroll deductions. Participants are permitted to change or revoke their salary deferral election at any time during the Plan year.

The Plan is designed to qualify as a safe harbor 401(k) plan. As a safe harbor 401(k) plan a contribution will be provided for those participants who satisfy the eligibility requirements applicable to safe harbor employer contributions equal to 3% of participant compensation.

The Sponsor may elect to make annual discretionary matching or profit-sharing contributions to the Plan based upon the eligibility requirements. The contributions may be determined as a uniform percentage of compensation, or as a uniform dollar amount.

The Sponsor may also decide to make a special discretionary contribution called a qualified nonelective contribution (QNEC). QNECs would be made to eligible participants who are nonhighly compensated employees, as determined under the Plan. Any QNECs to the Plan will be allocated to eligible participants beginning with participants with the lowest compensation for the year.

Participant Accounts – Each participant's account is credited with the participant's contributions, the Sponsor's contributions, and net earnings of the participant's individual account. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Participants direct the investment of their entire interest in the Plan. The Plan currently offers various pooled separate accounts and a stable value fund as investment options for participants. Participants may modify elections, transfer existing balances, and obtain information regarding investments on a daily basis.

Vesting – Participants are vested immediately in all employee contributions, safe harbor contributions, QNECs, and actual earnings thereon. Vesting in discretionary employer match and profit-sharing contributions are based on each employee's length of service. A participant is 100% vested after six years of credited service.

Forfeitures – When participants separate from service, any amounts that are not vested will be forfeited. For any Plan year, forfeitures occurring under the Plan may be used to reduce employer contributions to the Plan or to pay Plan expenses. Forfeited nonvested accounts totaled $2,077 and $2,361 at December 31, 2020 and 2019, respectively. Forfeitures of $22,163 were used to reduce employer contributions for 2020.

Notes Receivable From Participants – Participants are permitted to borrow from their fund accounts a minimum of $500 up to a maximum of $50,000, or 50% of their vested account balance, whichever is less. Loans are repaid through regular payroll deductions over a period not to exceed five years, or a maximum of 20 years for home loans. The loans are secured by the balance in the participant's account and loans issued bear interest at prime plus 2% per year.

Coronavirus-Related Loans – A participant who satisfies the eligibility requirements for a coronavirus-related distribution may take a loan from the Plan during the 180-day period beginning on March 27, 2020 of up to the lesser of $100,000 (taking into account the outstanding balance of all other loans taken from plans of the employer) or 100% of the nonforfeitable value of the participant's account under the Plan. A participant who satisfies the eligibility requirements for a coronavirus-related loan may delay repayment of a new or existing loan from the Plan for a period of one year for loan repayments outstanding on March 27, 2020 through December 31, 2020. The delay of the loan repayment will not cause the loan to fail to meet the IRC requirements for the maximum five-year loan term for nonresidential loans or substantially level reamortized payment schedule. Once repayments recommence, the loan will be adjusted to reflect the delay, including accrued interest.

Payment of Benefits – Participants who terminate employment at normal retirement age (age 65 or 5th anniversary joining the Plan, if later), disability, or death, are entitled to receive 100% of the amounts in their Plan accounts as of the day benefits are paid. If a participant terminates employment for any other reason before normal retirement age, the participant is entitled to 100% of their account's vested balance. Upon separation from service, death, or disability, Plan benefits will be paid in the form of a lump sum. If the amount of the payout is more than $5,000 and the participant has not reached normal retirement age, died, or consented to distribution, the payment will be deferred to the earliest date administratively feasible following attainment of normal retirement age, death, or consent to distribution.

Participants may receive a distribution from the Plan from certain accounts prior to termination of employment provided they have attained age 59½. Hardship distributions are also available to participants who demonstrate certain immediate and heavy financial needs.

Coronavirus-Related Distributions – On March 27, 2020, the Coronavirus Aid, Relief and Economic Security (CARES) Act was enacted and signed into law. Certain provisions of the CARES Act permit participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons through December 31, 2020. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced, being unable to work due to a lack of childcare due to COVID-19, or through a diagnosis of COVID-19 for the employee, spouse, or dependent. Participants may spread the tax consequences of these distributions over three years and they may pay these distributions back to the Plan within three years to avoid taxation on the portion that is repaid. The Sponsor has elected to allow the distribution provisions of the CARES Act. The amendment for the CARES Act elections must be adopted by the end of calendar year 2022.

Administrative Expenses – The Plan permits the payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. However, substantially all administrative expenses of the Plan are paid by the Sponsor. Expenses relating to specific participant transactions (i.e. loan setup, distribution request, etc.) are charged directly against the appropriate participant's account.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 4* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivables From Participants – Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of Benefits – Benefits are recorded when paid.

Subsequent Events – Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events were evaluated through September 1, 2021, which is the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED AND PROVIDED BY THE CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments and interest for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the assets or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Pooled Separate Accounts – The Plan holds investments in participation units held in pooled separate accounts through sub-accounts of an insurance company at December 31, 2020 and 2019. The underlying securities in pooled separate accounts, except for the stable value fund, are listed on national securities exchanges and valued on the basis of year-end closing prices. The Plan has concluded that the net asset value (NAV) as adjusted (for mutual fund dividends, mutual fund splits, administrative maintenance charges, and other items) and reported by the insurance company denotes readily determinable fair value. These pooled separate accounts are classified in level 1 in the fair value hierarchy.

Stable Value Fund – Included in pooled separate accounts, is a stable value fund which represents participation units of a collective investment trust. The stable value fund is composed primarily of fully benefit-responsive investment contracts that are valued at the NAV of units of the bank's collective investment trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The following table sets forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31:

	2020			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	**$ 37,607,214**	**$ -**	**$ -**	**$ 37,607,214**
Total assets in the fair value hierarchy	**$ 37,607,214**	**$ -**	**$ -**	**37,607,214**
Collective investment trust measured at NAV as a practical expedient (a)				**1,163,612**
Total investments at fair value				**$ 38,770,826**

	2019			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 30,211,867	$ -	$ -	$ 30,211,867
Total assets in the fair value hierarchy	$ 30,211,867	$ -	$ -	30,211,867
Collective investment trust measured at NAV as a practical expedient (a)				1,514,829
Total investments at fair value				$ 31,726,696

(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient:

	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
December 31, 2020				
Stable Value CCT	**$ 1,163,612**	**$ -**	**Daily**	**12 months**
December 31, 2019				
Stable Value CCT	$ 1,514,829	$ -	Daily	12 months

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTERST TRANSACTIONS

Investments – Certain Plan investments are units of separate investment accounts managed by John Hancock Life Insurance Company (U.S.A). John Hancock Life Insurance Company (U.S.A) is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping and administrative expenses amounted to $141,295 and $136,105 for 2020 and 2019, respectively.

Administration – Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid directly by the Sponsor.

NOTE 6 – PLAN TERMINATION

Although the Sponsor has not expressed any intent to terminate the Plan, it may do so at any time subject to the provisions of ERISA. If the Plan were terminated, contributions would cease, participants would become 100% vested, and money in the accounts would be distributed to the participants.

NOTE 7 – INCOME TAX STATUS

The Plan adopted a volume submitter profit sharing plan sponsored by NOVA Associates Inc. The volume submitter profit sharing plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was acceptable under section 401 of the IRC for use by the employer for the benefits of its employees. The Plan was amended and restated as of January 1, 2015. However, the Sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires the Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500, at December 31:

	2020	2019
Net assets available for benefits per the financial statements	**$ 39,168,320**	$ 32,100,383
Less: employer contributions receivable	**(2,866)**	(5,672)
Net assets available for benefits per the Form 5500	**$ 39,165,454**	$ 32,094,711

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the year ended December 31, 2020, to the Form 5500:

Changes in net assets available for benefits per the financial statements	$ 7,067,937
Change in employer contributions receivable	2,806
Changes in net assets available for benefits per the Form 5500	$ 7,070,743

NOTE 9 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In early 2020, the global economy and major financial markets were negatively impacted by the coronavirus (the "virus" or COVID-19) pandemic and the measures taken to address and limit the spread of the virus. The effects of COVID-19 mitigation resulted in the recovery of the major financial markets by the end of 2020, but not the global economy. The Sponsor was not significantly impacted by the broader effects of COVID-19. At this time, management is not aware of any material risk to the Plan and cannot quantify the future impact the virus may have on the Plan's financial statements.
