NOTE 1. DESCRIPTION OF PLAN

The following brief description of the Schonfeld 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement or summary plan description for a more complete description of the Plan's provisions.

General

Effective January 1, 2019, Schonfeld Strategic Advisors, LLC (the "Company") established the Plan, a defined contribution plan that covers eligible employees who elect to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The 401(k) Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's employees. The Plan's directed trustee is Reliance Trust Company ("Reliance"). The Plan's record keeper is Automatic Data Processing ("ADP").

Those employees not covered under a collective bargaining agreement or are not non-resident aliens who have attained the age of 21 and completed two months of service are eligible to participate in the Plan. The enrollment date is the first day of each month coinciding with or following the date of eligibility. All eligible employees are automatically enrolled in the Plan with a 3% deferral of compensation unless the employee makes a contrary election.

Changes of Plan Due to the Coronavirus Aid, Relief, and Economic Security ("CARES") Act

In March 2020, the World Health Organization declared a novel strain of coronavirus, COVID-19, a global pandemic. Following this declaration, the U.S. Federal government passed the "Coronavirus Aid, Relief, and Economic Security (CARES) Act" on March 27, 2020. In July 2020, the Plan implemented certain changes allowable under the CARES Act which include permitting eligible plan participants to request penalty-free distributions of up to $100,000 before December 31, 2020 for qualifying reasons associated with the COVID-19 pandemic, permitting suspension of loan payments due for up to one year, increasing the limit borrowed on participant loans to $100,000 or 100% of the vested balance, and permitting individuals to stop receiving 2020 required minimum distributions.

Contributions

Each year, participants may contribute up to 90% of their pretax annual compensation, as defined in the Plan, up to the maximum allowable under the Internal Revenue Code ("IRC"). The Plan allows catch up contributions in a taxable year if the participant will be at least age 50 by the end of that year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan also allows for qualified after-tax Roth deferrals and Roth rollovers.

The Plan has an automatic increase provision for participant contributions. Annually, participant deferral percentages increase by 1% of compensation up to a maximum of 6% of compensation. The automatic increase provision applies to all participants with salary deferrals of 1% - 5% of compensation who do not make an affirmative election to opt out of the increase.

The Company contributes an annual safe harbor contribution at a rate of 3% of eligible participants' compensation. The Company may make a discretionary safe harbor contribution to highly compensated employees in a percentage that does not exceed the rate provided to non-highly compensated employees. The Company made a discretionary safe harbor contribution to highly compensated employees at a rate of 3%. The Company made total safe harbor contributions of $1,734,975 in 2020 and $1,493,286 in 2019. Effective January 1, 2020, the rate of the annual safe harbor contribution for eligible participants was reduced to 3% of eligible participants' compensation. Previously, it was 4.5% of eligible participants compensation.

NOTE 1. DESCRIPTION OF PLAN (continued)

Participant Accounts
Each participant's account is credited with the participant's contributions and allocations of the Company's safe harbor contributions, plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions are based on years of continuous service. Participants become 100% vested in safe harbor contributions after 2 years of service. Participants become 100% vested in other contributions after 3 years of service.

Notes Receivable from Participants
Participants may borrow from their vested account balance a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans must be repaid in equal installments consisting of principal and interest over a period not to exceed five years, unless the loan is used to purchase a primary residence, in which case the term may not exceed 30 years. The loans are collateralized by the participant's vested account balance and bear interest at a rate of 1% in excess of the prime rate reported in the Wall Street Journal on the fourteenth day of each month. Interest rates ranged from 4.25% to 8.75% at December 31, 2020 and 2019.

Payment of Benefits
Upon termination of service, death, disability, or retirement, participants may elect to receive their benefits as a lump-sum amount equal to the value of the participant's vested interest in his or her account, receive a series of monthly payments, or continue to maintain the balance in the plan. If no election is made for balances below $5,000, the plan administrator may automatically rollover the vested balance into an individual retirement account. The Plan provides that once an individual, either active or terminated, reaches the age of 59-1/2, he or she is entitled to withdraw any part of their vested account. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Forfeitures
Forfeitures from non-vested participant accounts are generally used to reduce future Company contributions. Forfeited non-vested accounts were approximately $44,900 and $23,900 at December 31, 2020 and 2019, respectively. During 2020 and 2019, the Company used approximately $27,500 and $29,400, respectively, in forfeitures to reduce the employer safe harbor contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates
The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions regarding certain types of assets, liabilities, additions to net assets and deductions from net assets. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investment related expenses are included in net appreciation of fair value of investments.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance from credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants before March 15, 2020.

Payment of Benefits
Benefits are recorded when paid. Amounts allocated to participants who have chosen to withdraw from the Plan but who have not yet been paid are not recorded as a liability, but are disclosed. There were no unpaid distributions at December 31, 2020 and 2019.

Expenses
The Company pays certain administrative expenses associated with the administration of the Plan. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events
The Plan has evaluated all events and transactions that occurred after December 31, 2020, for potential recognition or disclosure through September 10, 2021**,** the date the financial statements were available to be issued.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Due to broker
Consist of trades within the self-directed brokerage account that settled in the following year.

NOTE 3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Reliance, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable reflected in the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019; the related investment and notes receivable activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019; and the supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of the year ended December 31, 2020.

NOTE 4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019. The following methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4. FAIR VALUE MEASUREMENTS (continued)

Mutual Funds
Mutual Funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The fair value of the mutual funds is readily determinable because the fair value per share is determined and published and is the basis for current transactions.

Participant Directed Brokerage Account
Participants may use brokerage services under an agreement with TD Ameritrade, Inc. Level 1 investments under the brokerage account include mutual funds, as described above, and other stocks or bonds listed on a major exchange or priced daily through a major exchange. Level 2 investments include corporate and municipal bonds, other equity stocks, and those listed on the Canadian exchanges and traded over the counter.

Collective Trust Fund
Valued at the net asset value ("NAV") of units of the collective trust fund. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, Reliance reserves the right to temporarily delay withdrawal from the trust up to 60 business days in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value, as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value investment.

	Investments at Fair Value as of December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	$ 29,584,480	$ -	$ -	$ 29,584,480

Investments Measured at Net Asset Value				1,030,615
Investments at Fair Value				$ 31,218,918

	Investments at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	$ 19,789,270	$ -	$ -	$ 19,789,270
Participant Directed Brokerage Account	261,542	147,820	-	409,362
Assets in the Fair Value Hierarchy	$ 20,050,812	$ 147,820	$ -	20,198,632
Investments Measured at Net Asset Value				782,829
Investments at Fair Value				$ 20,981,461

Transfers between Levels
The Plan's policy is to recognize transfers between Level 1, 2 or 3 as of the end of the fiscal year. There were no transfers between Level 1, 2 and 3 for the years ended December 31, 2020 and 2019.

NOTE 4. FAIR VALUE MEASUREMENTS (continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019. The investments are grouped according to the investment's significant investment strategy. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value 2020	Fair Value 2019	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective Trust Fund:					
Stable Value Fund	$ 1,030,615	$782,829	$ -	Daily	None

NOTE 5. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Reliance, the Plan's trustee, issues and manages certain plan investments. ADP, the Plan's record keeper, and Allied Wealth Partners, the Plan's Investment Advisor, are paid from Plan assets. As such, transactions with these parties qualify as party-in-interest transactions.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will remain 100% vested in their accounts.

NOTE 7. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated July 8, 2014 that the prototype non-standardized profit sharing plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since the date of its latest determination letter; however, the Company believes the Plan as designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
