Note 1: Description of Plan

The following description of the Doug Veerkamp General Engineering, Inc. 401(k) Plan (the Plan), is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 1997, to provide eligible employees of Doug Veerkamp General Engineering, Inc. (the Company), with retirement benefits in accordance with section 401(k) of the Internal Revenue Code (the IRC). The Plan is available to non-union employees of the Company who are twenty-one years or older. In order to receive an allocation of discretionary employer contributions, eligible participants must also have completed one year of service and 1,000 hours of service, as defined in the Plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Employees may elect to make either tax deferred or Roth 401(k) contributions to the Plan up to 100% of their eligible compensation, subject to limits imposed by the IRC. The Company makes a safe harbor matching contribution in amounts equal to 100% of the first 4% of employees' contributions. In addition, the Company makes discretionary profit sharing contributions to all non-highly compensated salaried employees in amounts equal to 3% of the employees' salary. The Company contributed a total of $374,182 in matching and profit sharing contributions, to the Plan during the year ended December 31, 2020.

Participant Accounts

Each participant's account is credited with the participant's and employer's contributions and an allocation of net earnings from investments and changes in investment values. Allocations are based on participant's contributions, earnings, or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's account.

Vesting

Participants immediately vest 100% in the salary deferral contributions and in qualified rollovers or transfers from other retirement plans, discretionary and matching employer contributions, and all earnings thereon.

Payment of Benefits

Upon termination of employment due to retirement, death, disability, or separation of service, the balances in the participant's account will be distributed to the participant or to their beneficiaries in either a lump sum, equal installments in the form of a nontransferable annuity, or some combination of the foregoing, at the election of the beneficiary.

Note 1: Description of Plan (Continued)

Notes Receivable from Participants

Notes receivable consist of loans received by participants in exchange for promissory notes to the Plan. A participant is allowed to borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or one half of the present value of the vested balance of their Plan account. Loans must be repaid over no more than a five-year period with the exception of a loan for the participant's principal residence that may have a repayment period beyond five years. Loans to participants are stated at cost, which approximates fair value.

Administrative Expenses

Administrative expenses of the Plan are the responsibility of the Plan. However, the Company may elect to pay for any or all expenses incurred by the Plan. Participants' accounts are adjusted for fees pertaining to loan or termination and distribution processing, and are charged for expenses incurred by the custodian in the performance of their duties.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are stated at fair value as certified by the Plan's custodian. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

In preparing the financial statements in accordance with accounting principles generally accepted in the United States of America, management makes estimates and assumptions which affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Subsequent Events

In preparing the accompanying financial statements, management has considered events that have occurred after December 31, 2020, through August 27, 2021, the date these financial statements were available for issuance. As of such date, management was not aware of any subsequent events requiring additional disclosure.

COVID-19

In March 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. The potential economic impact to the Plan and its sponsor is difficult to assess and will depend upon future developments that cannot be reasonably predicted.

The Plan has implemented certain requirements of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), which provides eligible individuals with coronavirus-related relief for loan repayment, suspends required minimum distributions, and delays the commencement date for required minimum distributions. The optional features within this act were implemented during the year ended December 31, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Note 3: Information Certified by the Custodian (Unaudited)

Information contained in the accompanying financial statements and supplemental schedule that was certified by the custodian as to completeness and accuracy includes:

- Details (cost, market, and contract value) and summaries of investments held at December 31, 2020 and 2019.
- Summaries of investment income and transactions for the year ended December 31, 2020.

Note 4: Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1) Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2) Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3) Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 20,638,561	-	-	$ 20,638,561
Total assets in the fair value hierarchy	20,638,561	-	-	20,638,561
Investments measured at NAV (practical expedient)				-
Investments at fair value				$ 20,638,561

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 17,574,163	-	-	$ 17,574,163
Total assets in the fair value hierarchy	17,574,163	-	-	17,574,163
Investments measured at NAV (practical expedient)				-
Investments at fair value				$ 17,574,163

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor reserves the right to terminate the Plan at any time. In the event of Plan termination, all accounts become fully vested and non-forfeitable. Plan assets would be first used to pay expenses properly charged to the Plan. The remainder would then be distributed to participants in a lump sum.

Note 6: Tax Status

The Plan Sponsor adopted a Volume Submitter Profit Sharing Plan (VSPS Plan) with CODA sponsored by Sentinel Benefits Group, Inc. The Internal Revenue Service (IRS) has determined and informed the VSPS Plan sponsor by a favorable opinion letter dated March 31, 2014, that the VSPS Plan is designed in accordance with the applicable sections of the IRC. The VSPS Plan's opinion letter is being relied on by the Plan. Plan management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Note 6: Tax Status (Continued)

Generally accepted accounting principles requires Plan management to evaluate tax positions taken by the Plan and recognizes tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7: Party-in-Interest Transactions

Certain Plan investments include shares of registered portfolio funds managed by Statheros Financial Solutions with a total value of $13,260,685 as of December 31, 2020. As Statheros Financial Solutions is the financial advisor of these assets, transactions with this entity qualify as exempt party-in-interest transactions.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 : Non-Exempt Transactions

During the Plan years ended December 31, 2020, the Company failed to remit to the Plan's custodian certain employee contributions totaling $45,663 within the period prescribed by the Department of Labor regulations. Delays in remitting contributions to the custodian were due to administrative errors. The Company, as Plan sponsor, expects to make corrective contributions to the Plan for the Plan year ended December 31, 2021, after year end.
