Independent Auditor's Report

To the Plan Administrator and Participants
Boyd Gaming Corporation 401(k) Plan and Trust**:**

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Boyd Gaming Corporation 401(k) Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph below, however, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information referred to in Note 3, which was certified by Prudential Retirement Insurance and Annuity Company ("Prudential"), the custodian of the Plan's assets, except for comparing such information with the related information included in the financial statements. The Plan administrator has informed us that Prudential holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from Prudential as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan administrator by Prudential is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (held at end of year) as of December 31, 2020 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2020 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph above, we do not express an opinion on these supplemental schedules.

1. Description of the Plan

The following description of the Boyd Gaming Corporation 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing Plan covering all of the employees of Boyd Gaming Corporation and its related entities (the "Plan Sponsor"). Employees are eligible to participate in the Plan providing they are at least age 21 and have completed three months of service. Participants may begin deferring a portion of their compensation into the Plan on the first day of the month following eligibility. Puerto Rican employees, independent contractors, individuals employed by any Affiliated Employer that has not adopted the Plan as a participating employer, and employees who are members of a collective bargaining unit are not eligible to participate in the Plan except as provided and only to the extent specified by the terms of an applicable collective bargaining agreement.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Administrative Committee is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the administrative committee.

Contributions to the Plan

Participants may contribute up to 100% of their eligible annual salary to the Plan subject to certain non-discrimination restrictions and an annual limitation of $19,500 for 2020 ($26,000 for those participants who are age 50 or over).

The Plan includes an auto-enrollment provision whereby employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in the appropriate target retirement fund until changed by the participant.

The Plan permits the Plan sponsor to make matching contributions under the Plan. Eligibility for matching contributions is the same as for deferrals but participants must also be employed on the last day of the Plan year. The Plan sponsor matched 25% of participants' deferrals up to 6% of compensation.

Participant Accounts

All of the Plan's assets are invested, as directed by the participant, as either pooled funds or in individual self-directed brokerage accounts. For those participants who choose to invest in pooled funds, a participant's account balance in the Plan is derived through an allocation of these funds. Each participant's account is credited with the participant's contribution, Plan Sponsor contributions, and an allocation of investment earnings and losses pursuant to the participant's selection of investments and timing of purchase. For individual self-directed brokerage accounts, a participant's account balance in the Plan represents actual contributions and investment earnings. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan.

Vesting and Forfeitures

Participants are 100% vested in their contributions and related earnings thereon at all times. Participants vest in Plan sponsor matching contributions in ratable installments of 20% per year in the first year of service. Participants are 100% vested in Plan sponsor match contributions in the event of death, disability, normal retirement (age 59½), or early retirement (age 55 and ten years of service). Forfeitures may be used to reduce any Plan sponsor contributions and to pay Plan expenses. At December 31, 2020 and 2019, forfeitures available to offset employer contributions were $1,350,152 and $1,384,697, respectively. During 2020, forfeitures in the amount $382,282 were used to reduce employer contributions and $139,342 were used to pay Plan fees.

Payment of Benefits
The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, or termination of employment. In-service distributions are also permitted under the Plan providing participants must be at least age 59½. Participants who qualify for retirement benefits and withdrawals may elect to receive their benefits in the form of a lump sum payment, installment payments or Ad-Hoc distribution. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account balance. Participants who separate from service and have vested account balances of $5,000 or less and do not process their own distribution may receive a lump sum cash payment if the entire vested account balance is $1,000 or less. If the value of the vested account balance is greater than $1,000 but equal to or less than $5,000 the account will be converted to an individual retirement account. Retired participants must begin receiving distributions from the Plan no later than April 1 of the year following the year in which the participant attains age 72.

Notes Receivable from Participants
Participants may obtain a loan from the Plan based upon their vested account balance. Loans are limited to lesser of $50,000 or 50% of the participant's vested account balance. Participants may have two loans outstanding at a time. The minimum loan amount is $1,000. Loans bear an interest rate of one percent above prime rate determined on the date of the advance by the Plan administrator. Loans generally must be repaid with interest, through payroll deduction, within five years (longer for qualified principal residential loans). Loans are segregated investments and to the extent a participant borrows, his or her account will not share in the earnings and gains in value attributable to other Plan investments. Accordingly, the interest that participants pay on their loans will be directly credited to their accounts. The loans are secured by the balance in the participant's account and in the event of default, the unpaid loan principal will be offset against the participant's vested account balance.

Plan Amendments
The Plan has adopted provisions of the CARES Act, an amendment to the Plan document is expected later this year.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with ERISA. Contributions from participants are recorded when withheld from the participant. Plan Sponsor contributions are recorded when approved by the Plan Sponsor. Benefit payments are recorded when paid.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value as determined by the Plan custodian (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding increase to distributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from the participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events through September 6, 2021, the date the financial statements were available to be issued.

3. Certification of Assets

Prudential Retirement Insurance and Annuity Company ("Prudential") serves as the custodian of the Plan's assets. In that capacity, Prudential holds the Plan's investment assets and executes investment transactions. The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). As permitted under such election, the Plan administrator has obtained certifications from Prudential as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that all investment information supplied to the Plan is complete and accurate. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and note receivables from participants held at December 31, 2020 and 2019, and interest, dividends and net appreciation (depreciation) in fair value of investments for the year ended December 31, 2020, was obtained or derived from the certified information.

4. Fair Value Measurements

Assets at Fair Value as of December 31, 2020:

	Level 1	Total
Mutual Funds	$ 369,111,348	$ 369,111,348
Self-Directed Brokerage Accounts	2,426,254	2,426,254
Total assets in the fair value hierarchy	371,537,602	371,537,602
Investments measured at net asset value	-	87,029,960
Total investments at fair value	$ 371,537,602	$ 458,567,562

Assets at Fair Value as of December 31, 2019:

	Level 1	Total
Mutual Funds	$ 390,069,196	$ 390,069,196
Self-Directed Brokerage Accounts	2,328,560	2,328,560
Total assets in the fair value hierarchy	392,397,756	392,397,756
Investments measured at net asset value	-	82,719,042
Total investments at fair value	$ 392,397,756	$ 475,116,798

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019. There are no participant restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investments	Fair Value 12/31/2020	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable Value Fund	$ 87,029,960	$ -	Daily	None

Investments	Fair Value 12/31/2019	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable Value Fund	$ 82,719,042	$ -	Daily	None

The framework for measuring fair value provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets and or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing prices reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the net asset value as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidation will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Tax Status

The Plan sponsor has adopted the Prudential Prototype plan. The Prototype plan received a favorable opinion letter from the Internal Revenue Service dated April 29, 2014, stating that the Prototype plan is designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since the opinion letter, the Plan Sponsor and administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the Plan Sponsor and administrator believe that the Plan is qualified and its related trust is exempt from tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. Management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all non-vested account balances would become 100% vested. A partial Plan termination was triggered, all affected participants will be fully vested, and transfers will be made in accordance with ERISA.

7. Related Party Transactions

Prudential Retirement Insurance and Annuity Company ("Prudential") serves as the custodian of the Plan's assets. All transactions with Prudential and related entities qualify as party-in-interest transactions.

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Prudential provides certain administrative services to the Plan pursuant to an agreement between the Company and Prudential. Prudential receives revenue from mutual funds and common collective trusts service providers for services Prudential provides to the funds. This revenue is used to offset certain amounts owed to Prudential for its administrative services to the Plan

The Plan or Plan Sponsor may make payments to Prudential for administrative expenses not covered by revenue sharing. As described in Note 2, the Plan made payments totaling $237,470 to the third party administrator, auditor, and custodian which were not covered by revenue sharing.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019 to the Form 5500:

	2020	2019
Net assets available for benefits per the financial statements	$ 487,852,581	$ 511,718,595
Less receivables	(3,330,361)	(5,790,058)
Plus excess contributions payable	33,156	23,324
Less deemed loans	(1,037,242)	(1,239,309)
Net assets available for benefits per the Form 5500	$ 483,518,134	$ 504,712,552

The following is a reconciliation of total contributions per the financial statements at December 31, 2020 to Form the 5500:

Total contributions per financial statements	$ 29,592,173
Net change in receivables	2,459,697
Total contributions per Form 5500	$ 32,051,870

The following is a reconciliation of total deductions per the financial statements at December 31, 2020 to the Form 5500:

Total deductions per financial statements	$	109,552,744
Net change in excess contributions payable		(9,832)
Net deemed distributed loans		(202,067)
Total expenses per Form 5500	$	109,340,845

10. Prohibited Transactions

During the year ended December 31, 2020, the Plan sponsor did not remit certain participant contributions to the Plan in a timely manner as defined by ERISA. See the Schedule of Delinquent Participant Contributions. The Plan sponsor will compensate participants for any lost earnings resulting from the delay in contributions. These contributions are considered nonexempt party-in-interest transaction subject to an excise tax that the company intends to pay.

11. Subsequent Events

As a result of the continuing spread of the COVID-19 coronavirus, economic uncertainties have arisen. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Independent Auditor's Report

To the Plan Administrator and Participants
Boyd Gaming Corporation 401(k) Plan and Trust**:**

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Boyd Gaming Corporation 401(k) Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph below, however, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information referred to in Note 3, which was certified by Prudential Retirement Insurance and Annuity Company ("Prudential"), the custodian of the Plan's assets, except for comparing such information with the related information included in the financial statements. The Plan administrator has informed us that Prudential holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from Prudential as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan administrator by Prudential is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (held at end of year) as of December 31, 2020 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2020 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph above, we do not express an opinion on these supplemental schedules.

1. Description of the Plan

The following description of the Boyd Gaming Corporation 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing Plan covering all of the employees of Boyd Gaming Corporation and its related entities (the "Plan Sponsor"). Employees are eligible to participate in the Plan providing they are at least age 21 and have completed three months of service. Participants may begin deferring a portion of their compensation into the Plan on the first day of the month following eligibility. Puerto Rican employees, independent contractors, individuals employed by any Affiliated Employer that has not adopted the Plan as a participating employer, and employees who are members of a collective bargaining unit are not eligible to participate in the Plan except as provided and only to the extent specified by the terms of an applicable collective bargaining agreement.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Administrative Committee is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the administrative committee.

Contributions to the Plan

Participants may contribute up to 100% of their eligible annual salary to the Plan subject to certain non-discrimination restrictions and an annual limitation of $19,500 for 2020 ($26,000 for those participants who are age 50 or over).

The Plan includes an auto-enrollment provision whereby employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in the appropriate target retirement fund until changed by the participant.

The Plan permits the Plan sponsor to make matching contributions under the Plan. Eligibility for matching contributions is the same as for deferrals but participants must also be employed on the last day of the Plan year. The Plan sponsor matched 25% of participants' deferrals up to 6% of compensation.

Participant Accounts

All of the Plan's assets are invested, as directed by the participant, as either pooled funds or in individual self-directed brokerage accounts. For those participants who choose to invest in pooled funds, a participant's account balance in the Plan is derived through an allocation of these funds. Each participant's account is credited with the participant's contribution, Plan Sponsor contributions, and an allocation of investment earnings and losses pursuant to the participant's selection of investments and timing of purchase. For individual self-directed brokerage accounts, a participant's account balance in the Plan represents actual contributions and investment earnings. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan.

Vesting and Forfeitures

Participants are 100% vested in their contributions and related earnings thereon at all times. Participants vest in Plan sponsor matching contributions in ratable installments of 20% per year in the first year of service. Participants are 100% vested in Plan sponsor match contributions in the event of death, disability, normal retirement (age 59½), or early retirement (age 55 and ten years of service). Forfeitures may be used to reduce any Plan sponsor contributions and to pay Plan expenses. At December 31, 2020 and 2019, forfeitures available to offset employer contributions were $1,350,152 and $1,384,697, respectively. During 2020, forfeitures in the amount $382,282 were used to reduce employer contributions and $139,342 were used to pay Plan fees.

Payment of Benefits
The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, or termination of employment. In-service distributions are also permitted under the Plan providing participants must be at least age 59½. Participants who qualify for retirement benefits and withdrawals may elect to receive their benefits in the form of a lump sum payment, installment payments or Ad-Hoc distribution. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account balance. Participants who separate from service and have vested account balances of $5,000 or less and do not process their own distribution may receive a lump sum cash payment if the entire vested account balance is $1,000 or less. If the value of the vested account balance is greater than $1,000 but equal to or less than $5,000 the account will be converted to an individual retirement account. Retired participants must begin receiving distributions from the Plan no later than April 1 of the year following the year in which the participant attains age 72.

Notes Receivable from Participants
Participants may obtain a loan from the Plan based upon their vested account balance. Loans are limited to lesser of $50,000 or 50% of the participant's vested account balance. Participants may have two loans outstanding at a time. The minimum loan amount is $1,000. Loans bear an interest rate of one percent above prime rate determined on the date of the advance by the Plan administrator. Loans generally must be repaid with interest, through payroll deduction, within five years (longer for qualified principal residential loans). Loans are segregated investments and to the extent a participant borrows, his or her account will not share in the earnings and gains in value attributable to other Plan investments. Accordingly, the interest that participants pay on their loans will be directly credited to their accounts. The loans are secured by the balance in the participant's account and in the event of default, the unpaid loan principal will be offset against the participant's vested account balance.

Plan Amendments
The Plan has adopted provisions of the CARES Act, an amendment to the Plan document is expected later this year.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with ERISA. Contributions from participants are recorded when withheld from the participant. Plan Sponsor contributions are recorded when approved by the Plan Sponsor. Benefit payments are recorded when paid.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value as determined by the Plan custodian (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding increase to distributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from the participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events through September 6, 2021, the date the financial statements were available to be issued.

3. Certification of Assets

Prudential Retirement Insurance and Annuity Company ("Prudential") serves as the custodian of the Plan's assets. In that capacity, Prudential holds the Plan's investment assets and executes investment transactions. The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). As permitted under such election, the Plan administrator has obtained certifications from Prudential as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that all investment information supplied to the Plan is complete and accurate. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and note receivables from participants held at December 31, 2020 and 2019, and interest, dividends and net appreciation (depreciation) in fair value of investments for the year ended December 31, 2020, was obtained or derived from the certified information.

4. Fair Value Measurements

Assets at Fair Value as of December 31, 2020:

	Level 1	Total
Mutual Funds	$ 369,111,348	$ 369,111,348
Self-Directed Brokerage Accounts	2,426,254	2,426,254
Total assets in the fair value hierarchy	371,537,602	371,537,602
Investments measured at net asset value	-	87,029,960
Total investments at fair value	$ 371,537,602	$ 458,567,562

Assets at Fair Value as of December 31, 2019:

	Level 1	Total
Mutual Funds	$ 390,069,196	$ 390,069,196
Self-Directed Brokerage Accounts	2,328,560	2,328,560
Total assets in the fair value hierarchy	392,397,756	392,397,756
Investments measured at net asset value	-	82,719,042
Total investments at fair value	$ 392,397,756	$ 475,116,798

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019. There are no participant restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investments	Fair Value 12/31/2020	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable Value Fund	$ 87,029,960	$ -	Daily	None

Investments	Fair Value 12/31/2019	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable Value Fund	$ 82,719,042	$ -	Daily	None

The framework for measuring fair value provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets and or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing prices reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the net asset value as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidation will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Tax Status

The Plan sponsor has adopted the Prudential Prototype plan. The Prototype plan received a favorable opinion letter from the Internal Revenue Service dated April 29, 2014, stating that the Prototype plan is designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since the opinion letter, the Plan Sponsor and administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the Plan Sponsor and administrator believe that the Plan is qualified and its related trust is exempt from tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. Management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all non-vested account balances would become 100% vested. A partial Plan termination was triggered, all affected participants will be fully vested, and transfers will be made in accordance with ERISA.

7. Related Party Transactions

Prudential Retirement Insurance and Annuity Company ("Prudential") serves as the custodian of the Plan's assets. All transactions with Prudential and related entities qualify as party-in-interest transactions.

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Prudential provides certain administrative services to the Plan pursuant to an agreement between the Company and Prudential. Prudential receives revenue from mutual funds and common collective trusts service providers for services Prudential provides to the funds. This revenue is used to offset certain amounts owed to Prudential for its administrative services to the Plan

The Plan or Plan Sponsor may make payments to Prudential for administrative expenses not covered by revenue sharing. As described in Note 2, the Plan made payments totaling $237,470 to the third party administrator, auditor, and custodian which were not covered by revenue sharing.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019 to the Form 5500:

	2020	2019
Net assets available for benefits per the financial statements	$ 487,852,581	$ 511,718,595
Less receivables	(3,330,361)	(5,790,058)

The following is a reconciliation of total contributions per the financial statements at December 31, 2020 to Form the 5500:

Total contributions per financial statements	$ 29,592,173
Net change in receivables	2,459,697
Total contributions per Form 5500	$ 32,051,870

The following is a reconciliation of total deductions per the financial statements at December 31, 2020 to the Form 5500:

Total deductions per financial statements	$	109,552,744
Net change in excess contributions payable		(9,832)
Net deemed distributed loans		(202,067)
Total expenses per Form 5500	$	109,340,845

10. Prohibited Transactions

During the year ended December 31, 2020, the Plan sponsor did not remit certain participant contributions to the Plan in a timely manner as defined by ERISA. See the Schedule of Delinquent Participant Contributions. The Plan sponsor will compensate participants for any lost earnings resulting from the delay in contributions. These contributions are considered nonexempt party-in-interest transaction subject to an excise tax that the company intends to pay.

11. Subsequent Events

As a result of the continuing spread of the COVID-19 coronavirus, economic uncertainties have arisen. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.
