LANXESS CORPORATION DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

NOTE 1 - DESCRIPTION OF PLAN

The following description of the LANXESS Corporation Defined Contribution Plan (Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General - The Plan was created, effective January 1, 2005, as a result of a spinoff from the Bayer Chemicals Corporation (Bayer), for those employees who were previously participants of the Bayer Corporation Defined Contribution Plan and any new eligible employees of LANXESS Corporation (Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

An employee is eligible for participation on the first day of employment if he or she is a regular full-time or part-time employee of the Company and is a U.S. citizen, a resident alien or a person legally entitled to work in the U.S. The Plan is a defined contribution savings plan available to these eligible employees. Certain restrictions apply to participants who are participating in other non-U.S. LANXESS retirement plans.

The Company is responsible for the administration of the Plan. The Vanguard Fiduciary Trust Company (Vanguard) is the trustee of the Plan.

Effective April 2020, the Plan adopted the following provisions included in the Coronavirus Aid Relief and Economic Security Act (CARES Act) that was signed into law in 2020:

- Special coronavirus-related distributions up to \$100,000, exempt from early withdrawal penalty and associated taxes to be paid pro-rata over a three-year period. During 2020, participants within the Plan withdrew \$6,397,000 in coronavirus-related distributions.
- Upon specific participant request, participants may take a 12-month delay for loan repayments due from March 27, 2020 to December 31, 2020. During 2020, 32 participants within the Plan delayed loan repayments under this provision of the CARES Act.
- Required minimum distributions waivers for 2020.

Contributions - Employees may elect to contribute up to 75% of their eligible compensation in the form of before-tax or after-tax contributions, including Roth contributions. The Plan includes a feature that enables each eligible individual to be automatically enrolled in the Plan the later of his or her employment commencement date or as soon as administratively feasible following 30 days after the employee receives notification of his or her automatic enrollment, at a before-tax contribution rate starting at 6% and increasing on May 1 of each successive Plan year following the automatic enrollment date by 1%, up to a maximum of 10%. If a participant does not select a specific investment option, the participant's employee and employer contributions will be invested automatically in the applicable Vanguard Target Date Fund that corresponds to the approximate date that the participant will turn age 65. As defined by the Plan, the Company matches dollar-for-dollar for the first 2% contributed and \$.50 per dollar for the next 4% contributed. In addition, the Company matches 50% of the first 6% of compensation for some union participants, including certain other eligible participants, per Plan year. Employees who attain age 50 before the end of the Plan year generally are eligible to make catch-up contributions to the Plan subject to Internal Revenue Service (IRS) limitations. Participant contributions include rollovers from other qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

LANXESS CORPORATION DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

NOTE 1 - DESCRIPTION OF PLAN (Continued)

The Company also contributes an additional 5% of a non-union participant's eligible compensation, whether or not the participant is contributing to the Plan, herein referred to as the Employer Retirement Contribution. Union participants, including certain other eligible participants, receive between 2.5% and 4% in Employer Retirement Contributions based on the union or pay group with which they are a member of. Certain participants may receive amounts in excess of 5%, not to exceed 15%, based on prior service requirements. Additionally, certain restrictions apply to employees participating in other Company-sponsored retirement plans. Contributions are subject to certain IRS limitations.

Participant Accounts - Each participant's account is credited with his or her contribution and an allocation of (a) the Company's matching contribution, (b) the Employer Retirement Contributions and (c) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions and Company-matching contributions plus actual earnings thereon. Certain participants who were employed by a previously acquired company on or before December 31, 2017 are fully vested in Employer Retirement Contributions. Union participants from the previously acquired company who were hired after December 31, 2017 are subject to vesting schedules and become 100% vested after three, four or six years. All other participants become 100% vested in Employer Retirement Contributions only after three years of combined service with the Company.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. A maximum of two loans may be outstanding at one time. Notes receivable are collateralized by the balance in the participant's vested account and bear interest at rates that are commensurate with local prevailing rates as determined quarterly by the Plan administrator (ranging from approximately 3.25% to 6.25% at December 31, 2020). Principal and interest is paid ratably through payroll deductions.

Withdrawals - The Plan provides for withdrawals of after-tax contributions during a participant's employment. A participant may withdraw in cash all, or any portion of, the value and earnings thereon, with certain limitations applying to Company-matching contributions. Such withdrawals may be made only after such contributions have been held in the Plan for 24 months. After-tax contributions that have not been matched by Company contributions may be withdrawn not more than once in any plan year.

The full value of a participant's account is payable at retirement. There are also provisions for withdrawals caused by a break in service by reason other than retirement, permanent shutdown, total and permanent disability or death.

Forfeited Accounts - The Plan's forfeited accounts are used to reduce future employer contributions. The forfeiture account had a balance of approximately \$25,000 and \$7,000 as of December 31, 2020 and 2019, respectively. Forfeitures used to reduce employer contributions approximated \$512,000 during the year ended December 31, 2020.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Although it has not expressed any intention to do so, the Company has the right under the Plan in certain circumstances to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, all account balances would be distributed to participants, as defined by the Plan, within a reasonable time following Plan termination. In the event of Plan termination, participants would become 100% vested in their account balances.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by management in the preparation of the accompanying financial statements follows:

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition - The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. (See Note 3 for discussion of fair value measurement.)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Plan Expenses - The Plan pays administrative fees related to certain investment management fees and loan fees. All other administrative expenses are generally paid for by the Company.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - Subsequent events are defined as events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are issued or are available to be issued. Management has evaluated subsequent events through September 10, 2021, the date that the financial statements were issued and determined that there have been no events that have occurred that would require adjustments to our disclosures in the financial statements.

NOTE 3 - FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) Accounting Standards Codification topic Fair Value Measurement provides a framework for measuring fair value under generally accepted accounting principles and, among other things, requires enhanced disclosures about assets and liabilities recognized at fair value.

This topic defines fair value as the price that would be received to sell an asset or paid to transfer a liability (i.e., exit price) in an orderly transaction between market participants at the measurement date. This topic requires disclosures that categorize assets and liabilities measured at fair value into one of three different levels depending on the assumptions (i.e., inputs) used in the valuation. Level 1 provides the most reliable measure of fair value, while Level 3 generally requires significant management judgment. Financial assets and liabilities are classified in their entirety based on the lowest level of input significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The fair value hierarchy is defined as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Money Market Funds - Valued at the net asset value of shares held by the Plan at year-end.

Registered Investment Companies - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Funds - The Vanguard Retirement Trusts are collective trust funds that are valued based on the units of the collective trust funds held by the Plan at year-end times the respective unit value. The unit values of the collective trust funds are based on significant observable inputs, although they are not based on quoted market prices in an active market. The Plan's investment in the collective trust funds is not subject to any withdrawal or redemption restrictions. The Plan has no unfunded commitments relating to the collective trust funds at December 31, 2020 and 2019.

NOTE 3 - FAIR VALUE MEASUREMENT (Continued)

The valuations of the Plan's investments at December 31 according to the fair value hierarchy are summarized as follows:

		2020			
		Level 1	Level 2	Level 3	Total
Money market funds	\$	24,920	-	-	\$ 24,920
Registered investment companies		395,258,309	-	-	395,258,309

Investments measured at net asset value - common collective trust funds (a)		-	-	-	289,455,970
Total Investments At Fair Value	\$	395,283,229	-	-	\$ 684,739,199
		2019			
		Level 1	Level 2	Level 3	Total
Money market funds	\$	7,426	-	-	\$ 7,426
Registered investment companies		361,514,386	-	-	361,514,386
Total Assets In The Fair Value Hierarchy		361,521,812	-	-	361,521,812
Investments measured at net asset value - common collective trust funds (a)		-	-	-	256,613,237
Total Investments At Fair Value	\$	361,521,812	-	-	\$ 618,135,049

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4 - TAX STATUS

The IRS has determined and informed the Company by a letter dated September 23, 2016 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

LANXESS CORPORATION DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

NOTE 4 - TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2017.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan utilizes various investment instruments that, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The ongoing coronavirus pandemic could materially and adversely affect the Plan its operations and its performance. Management is unable to accurately predict how the coronavirus will affect the results of the Plan operations because of the severity and duration of the pandemic are uncertain.

NOTE 6 - INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the year ended December 31, 2020, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Vanguard, the trustee of the Plan.

NOTE 7 - RELATED-PARTY TRANSACTIONS

The Plan invests in registered investment companies and common/collective trust funds managed by the trustee. In addition, the Company may pay certain administrative expenses or perform administrative functions on behalf of the Plan, for which no fees are charged. These transactions qualify as party-in-interest transactions that are allowable under ERISA.
