Independent Auditor's Report

To the Plan Administrator
The Daylight Transport 401(k) Savings Plan
Los Angeles, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements

We have performed an audit of the financial statements of The Daylight Transport 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C).

The financial statements comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2020 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2020 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2020, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2020 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report:

- the amounts and disclosures in the accompanying 2020 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2020 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion on the 2020 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) *Audit of the 2020 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2020 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2020 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2020 Supplemental Schedule Required by ERISA

The 2020 supplemental schedule of, Schedule H, Line 4i, Schedule of Assets (Held at End of Year) as of December 31, 2020 is presented for purposes of additional analysis and is not a required part of the 2020 financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2020 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2020 financial statements or to the 2020 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Report on the 2019 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2019. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated September 8, 2020, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2019 financial statements, and (b) the form and content of the information included in the 2019 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of The Daylight Transport 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that provides for retirement benefits and covers all eligible employees not covered by a collective bargaining agreement of Daylight Transport, LLC (the Company or Plan Sponsor), as defined in the Plan document. Eligible employees include all employees of the Company who have completed three months of service in one year and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). An employee of the Company that serves as Plan administrator does not receive any compensation for this function. The trustee of the Plan is Fidelity Management Trust Company (the "Trustee") and the recordkeeper is Fidelity Investments Institutional Operations Company, Inc. The Trustee holds the Plan's assets and executes certain transactions of the Plan.

Contributions

Each year, participants may contribute to the Plan up to 60% of pre-tax annual compensation, subject to Internal Revenue Code (IRC) limitations, as defined in the Plan document. Plan participants who are age 50 or older may also elect to contribute an additional $6,500 and $6,000 to the Plan for the 2020 and 2019 Plan years, respectively. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, which are reflected as rollover contributions in the statement of changes in net assets available for benefits. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company has the option to make a matching contribution. During 2020 and 2019, the Company made matching contributions of 50% of the first 7% of base compensation that a participant contributed to the Plan for each year. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's and the Company's contribution and allocations of Plan earnings. Participant accounts are charged with allocations of administrative expenses that are paid by the Plan and Plan losses, if applicable. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Company contributions vest based on years of service. A participant vests 20% each year and is 100% vested after five years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. A participant can only have one loan outstanding at any given time. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest at rates that commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions over a period not to exceed 5 years, unless the loans are used to purchase a primary residence, in which case the loan will be required to be repaid over a period of no longer than 10 years. As of December 31, 2020, the rates of interest on outstanding loans range from 4.25% to 6.50%, with various maturities through October 2030.

Payment of Benefits

On termination of service due to death, disability, retirement, or termination, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or roll over the value into another qualified plan or Individual Retirement Account (IRA). In the event of a qualified financial hardship, the Plan Administrator can allow a participant to withdraw an amount to the extent of the participant's immediate and heavy financial need with consideration of his or her vested account balance.

Forfeited Accounts

Participants who terminate their employment prior to the completion of the minimum number of applicable years forfeit their unvested employer contributions. Forfeitures shall be used to reduce employer matching contributions or to absorb certain Plan expenses. Outstanding forfeitures as of December 31, 2020 and 2019, totaled $47,625 and $37,745, respectively. The forfeiture balance for the year ended December 31, 2020 in the amount of $42,544 was subsequently used in 2021 to reduce the Company's contributions.

Special Provisions of CARES Act

On March 11, 2020, the World Health Organization characterized the novel strain of coronavirus (COVID-19) a global pandemic and recommended containment and mitigation measures worldwide. On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management had evaluated the relief provisions available to plan participants under the CARES Act and had implemented the following provisions:

- Special coronavirus distributions up to $100,000
- Increase the available loan amount to the lesser of $100,000 or 100% of the participant's vested account balance
- Extend the period for loan repayments, if applicable, up to a year
- Suspend required minimum distributions for 2020

The Coronavirus loan and withdrawal provisions were added to the Plan automatically on April 21, 2020. The Coronavirus loan provision was available until September 22, 2020 and Coronavirus withdrawal provision until December 30, 2020.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP) using.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could materially differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued, but unpaid interest. Interest income on notes receivable from participants is recorded when earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Management determines the collectability of notes receivable from participants on a periodic basis. This determination is made based on the terms of the Plan document and the related Plan policies and procedures. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be uncollectible, the participant loan balance is reduced and a benefit payment to participant is recorded in the financial statements and the Form 5500 for financial reporting purposes in the year the determination of uncollectability is made. Amounts recovered on notes receivable from participants previously deemed uncollectible are reported as a reduction of benefits paid to participants in the financial statements and the Form 5500 for financial reporting purposes in the year the recovery is made.

Risks and Uncertainties

The Plan provides for various investment options in mutual funds and a common collective trust fund. Investment securities are exposed to various risks such as interest rate, market, and credit. The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such investments. Due to the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan invests in mutual funds that invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices may be more volatile than those of securities of comparable U.S. companies.

The full impact of the COVID-19 outbreak continues to evolve. This pandemic has adversely affected global economic activity and contributed to volatility in financial markets. Since the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

Investment Valuation and Income Recognition

The Plan's investments are held by the Trustee and are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (an exit price) at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the Trustee.

The mutual funds are valued at quoted market prices, which represent the net asset values (NAVs) of shares held by the Plan at year-end.

The Plan also invests in the Fidelity Managed Income Portfolio (MIP) stable value common collective trust fund. The Plans' investment in the MIP is valued at the net asset value (NAV), which is a practical expedient based upon the underlying investments reported by the issuer of the common collective trust at year-end. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from reported net asset value. The underlying assets owned by the MIP are guaranteed investment contracts that are invested primarily in readily marketable fixed income securities. These fixed income securities that are traded on a national securities exchange are valued at the last reported sales price on the last business day of the Plan year. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Net Appreciation (Depreciation) in Fair Value of Investments

Net appreciation (depreciation) in the fair value of investments is based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized gains (losses), or on the last day of the year for unrealized gains (losses).

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid. There were no amounts owed to current or terminated participants as of December 31, 2020 and 2019.

Administrative Expenses

Expenses of maintaining the Plan are paid by the Company. Participant-related transaction fees are paid by the participants and are included in the statement of changes in net assets available for benefits.

Excess Contributions Payable

Excess contributions payable represents amounts owed to participants who made excess contributions based on the compliance testing performed by the Plan's Trustee. The excess contributions payable as of December 31, 2020 and 2019 was returned by the Plan to the participants in 2021 and 2020, respectively.

3. Fair Value Measurements

Financial assets measured at fair value on a recurring basis are classified in one of the three following categories:

Level 1 - Valuations based on unadjusted quoted prices for identical assets in an active market.

Level 2 - Valuations based on quoted prices in markets where trading occurs infrequently or whose values are based on quoted prices of instruments with similar attributes in active markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Valuations based on inputs that are unobservable and involve management judgment and assumptions about market participants and pricing.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level of input that is significant to the fair value measurement in its entirety. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation techniques and inputs used for each major class of asset measured at fair value by the Plan. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Mutual funds – Valued based on the NAV of the funds' assets. The funds' assets are valued at the close of business of the exchange and are based on quoted market prices in active markets.

Common/collective trust - Valued based on the NAV of the trust's assets and the contractual terms of the underlying Guaranteed Investment Contracts (GICs) held in the trust. The GICs are priced using a daily performance rate that is a blend of the contracts' rate of return and liquidity yield. The NAV and GIC performance rates are based on quoted prices of instruments with similar attributes in active markets. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the trust.

The valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At December 31, 2020 and 2019, the Plan had no unfunded commitments related to these investments.

The following table summarizes the financial assets measured at fair value on a recurring basis:

		Fair Value Measurement at Reporting Date		
December 31, 2020	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	**$ 22,821,991**	**$ 22,821,991**	**$ -**	**$ -**
Total investments at fair value	**22,821,991**	**22,821,991**	**-**	**-**
Common/collective trust fund measured at NAV*	**1,638,577**	**-**	**-**	**-**
Total investments at fair value	**$ 24,460,568**	**$ 22,821,991**	**$ -**	**$ -**

		Fair Value Measurement at Reporting Date		
December 31, 2019	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	$ 18,578,952	$ 18,578,952	$ -	$ -
Total investments at fair value	18,578,952	18,578,952	-	-
Common/collective trust fund measured at NAV*	1,184,866	-	-	-
Total investments at fair value	$ 19,763,818	$ 18,578,952	$ -	$ -

** Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.*

4. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

December 31,	**2020**	2019
Investments, at fair value:		
Mutual funds	**$ 22,821,991**	$ 18,578,952
Common/collective trust fund	**1,638,577**	1,184,866
Notes receivable from participants	**$ 543,451**	$ 488,074

Year ended December 31,	2020
Interest income from notes receivable from participants	$ 26,486
Investment income:	
Net appreciation in fair value of investments	3,420,020
Interest and dividends	947,896

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

5. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and a common/collective trust managed by Fidelity Management Trust Company and its affiliates. Fidelity Management Trust Company is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for trustee and recordkeeping fees are netted against investment gains and losses. Administrative expenses represent fees paid by the plan participants for certain recordkeeping transactions, and qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. Tax Status

The Plan utilizes a standardized volume submitter plan. The underlying standardized volume submitter plan has received an opinion letter from the IRS dated March 31, 2014, stating that the written form of the underlying volume submitter document is qualified under Section 401(a) of the Internal Revenue Code (the Code), and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore believes that the Plan, as amended is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.
