NOTE 1 - DESCRIPTION OF THE PLAN

The Koury Engineering and Testing 401(k) Profit Sharing Plan and Trust (the Plan) is a defined contribution plan providing retirement income, disability, termination and death benefits to eligible employees. The original Plan was effective January 1, 1988. The Plan is sponsored and administered by Koury Engineering and Testing, Inc. including the affiliated employers; Koury Payroll Services, Inc., C Below, Inc., ND Testing, Inc., and Hilltop Geotechnical, Inc.. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective September 1, 2020, the Plan Sponsor restated the plan adoption agreement with Paychex Retirement Services.

The following description of the Plan provides only general information. Participants and other interested parties should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility

The Plan excludes employees who are covered by a collective bargaining agreement, nonresident aliens, and employees hired as a result of a transaction described in Code section 410(b)(6)(C) such as an asset or stock acquisition, merger, or similar transaction involving a change in the employer of the employees of a trade or business. All other employees shall be eligible to participate in the Plan after completing 3 months of service and attainment of 21 years of age. Entry dates for the Plan are the first day of every month.

Contributions

Participants may contribute to the Plan; subject to Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated target date fund based on their age until changed by the participant.

The Plan also provides for discretionary employer matching and profit sharing contributions. There were no employer contributions for the years ended December 31, 2020 and 2019.

Participant Accounts

A participant's account is credited with the participant's contributions, allocation of (a) the Company's contributions and (b) plan earnings. A participant's account is debited with an allocation of plan losses and charged for administrative expenses; as applicable. Allocation of earnings or losses are based upon participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions at all times. Participants are vested in the employer matching and profit sharing contributions based upon the following schedule:

Years of Vested Service	Percentage Vested
1 year	25%
2 years	50%
3 years	75%
4+ years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts the lesser of $50,000 or 50 percent of their vested account balance. The notes are secured by the balance in the participant's account and bear a reasonable fixed rate of interest based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest are paid through payroll deductions.

Payments of Benefits

The Plan provides for the payment of benefits to the participant or beneficiary at retirement, death, disability or termination of employment. Participants terminating their employment with the Company and affiliated companies or attaining age 59 1/2 are entitled to withdraw all or a portion of their vested account balance. Participants who qualify for retirement benefits and withdrawals will receive their benefits in the form of a lump sum cash distribution or in periodic installments. "Hardship" distributions, as outlined in the Plan, are permitted subject to the approval of the Company. Benefits under the Plan shall be distributed solely from the assets of the Trust. The benefit to which a participant is entitled is the benefit that can be provided directly from the participant's vested account balance.

In addition, participants with balances less than $5,000 will have their account balances automatically distributed to them. The individual has the right to direct payment to another qualified plan or IRA.

CARES Act related distributions are available to qualified participants in amounts equal to the lesser of $100,000 or the borrower's full vested account balance. CARES Act distributions were available to the plan participants from April 1, 2020 to December 31, 2020.

Forfeitures

As of December 31, 2020 and 2019, there was no balance in the forfeitures account. Forfeitures of non-vested plan sponsor matching or profit sharing contributions are retained in the Plan and may be used to reduce future Company contributions and pay plan expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reporting amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from such estimates.

Investment Valuation and Income Recognition

Investments, except for the investment in the insurance contract, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan Document. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable and terminated participant accounts from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

New Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2018-13, Fair Value Measurement (Topic 820): *Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement,* which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. Plan management has adopted the guidance and has determined that it did not have a material impact on the financial statements.

Subsequent Events

The Plan has evaluated subsequent events through September 16, 2021, the date the financial statements were available to be issued, and concluded that there were no events that require recording or disclosure in the financial statements as of December 31, 2020.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the Plan financial information and data certified by Mid Atlantic Trust Company in accordance with 29 CFR 2520.103-5(c) of the Department of Labor Rules and Regulations for Reporting and Disclosure as of December 31, 2020 and 2019 and for the year ended December 31, 2020 under ERISA.

	December 31, 2020	December 31, 2019
Registered investment companies	$ 1,946,301	$ 1,315,463
Interest bearing cash	643	259,464
Notes receivable from participants	20,060	11,909
	$ 1,967,004	$ 1,586,836

	For the year ended December 31, 2020
Interest and dividends	$ 62,139
Net appreciation in fair value of investments	267,148
Interest income on notes receivable from participants	661
	$ 329,948

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2020 and 2019:

Registered investment companies (mutual funds) : Valued at the daily closing price as reported by the fund. Mutual Funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The investment is classified within Level 1 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 1,946,301	$ -	$ -	$ 1,946,301
Total investments, at fair value	$ 1,946,301	$ -	$ -	$ 1,946,301

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 1,315,463	$ -	$ -	$ 1,315,463
Total investments, at fair value	$ 1,315,463	$ -	$ -	$ 1,315,463

NOTE 5 - PLAN TERMINATION

Although the Company has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, participants will become 100 percent vested in all Company contributions.

NOTE 6 - INCOME TAXES

On June 8, 2018, the Company adopted the Paychex Retirement Services Prototype Non-standardized Profit Sharing Plan, which obtained its latest Opinion Letter on April 10, 2014. In this letter, the Internal Revenue Service states that the Plan is acceptable under Section 401 of the Internal Revenue Code (Code) for use by the employers for the benefit of their employees. The Trustee and Plan administrator believe the Plan is designed and is currently being operated in compliance with applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RELATED PARTY TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. The Plan issues loans to participants which are secured by the balances in participants' accounts. The Plan paid certain administrative fees in 2020 and 2019. The Company paid certain administrative expenses of the Plan, including recordkeeping and audit fees. These transactions qualify as party in interest transactions for which a statutory exception exemption exists.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

On March 11, 2020, the World Health Organization characterized coronavirus ("COVID-19") as a pandemic, and on March 13, the President of the United States declared a national emergency relating to the disease. In addition to the President's declaration, state and local authorities have recommended social distancing and have imposed quarantine and isolation measures on large portions of the population, including mandatory business closures. These measures are designed to protect the overall public health, however are expected to have material adverse impacts on domestic and foreign economies and may result in the United States entering a period of recession.

As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits, as mentioned above. Due to the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.
