Gamma Construction Company, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2020

1. Significant Accounting Policies

The following is a description of significant accounting policies followed by the Gamma Construction Company, Inc. 401(k) Plan (the "Plan") in the preparation of its financial statements:

Basis of Accounting

The accounting records of the Plan and the Form 5500 prepared by John Hancock Life Insurance Company ("JHLIC") are maintained and presented on the cash basis. The accompanying financial statements are presented on the accrual basis.

Use of Estimates

The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits payments to participants are recorded when paid.

Administrative Fees

Administrative fees incurred by the Plan in 2020 include contract administrative fees of $1,103, third party administrator service fees of $975 and guaranteed income feature fees of $1,577. All other expenses of maintaining the Plan are paid by the Employer or participants.

Date of Management's Review

The Plan has evaluated subsequent events through September 15, 2021, the date the financial statements were available to be issued.

2. Description of the Plan

The following description of the Gamma Construction Company, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is sponsored by Gamma Construction Company, Inc. (the "Company").

General

The Plan is a defined-contribution plan which provides for profit-sharing and other incidental benefits for eligible employees of Gamma Construction Company, Inc. and affiliates (the "Employer"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan Committee has the responsibility of supervising and directing the administrative activities of the Plan and is the plan fiduciary.

An employee becomes eligible to participate in the Plan after six months of service with 1,000 hours of service and attainment of age 21. After one year of service, the participant becomes eligible to receive employer match and discretionary match contributions.

Contributions

Participant Contributions

Each year participants may elect to defer a percentage of their compensation, as defined in the Plan, up to the maximum established by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Employer Contributions

The Employer may make a discretionary pretax matching contribution to each participant's account. For 2020, the Company elected to contribute an amount equal to 5% of employee contributions up to 5% of eligible compensation. For the year ended December 31, 2020, the employer match totaled $10,490. Discretionary employer matching contributions may be made at the option of the Board of Directors. For the year ended December 31, 2020, the Board of Directors of the Company opted not to contribute a discretionary employer matching contribution to the Plan.

Participant Accounts

Separate accounts are maintained for each participant. Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and, (b) Plan earnings, and is charged with distributions and an allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options
Upon enrollment in the Plan, participants may direct the investment of their accounts among various investment options provided under the Plan. Participants may change their investment elections at any time, as well as transfer existing balances between investment funds.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's matching contributions and earnings is in accordance with the following schedule:

Years of Service for Vesting	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable From Participants
Participants may borrow from their accounts a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as transfers between investment funds and the loan fund. Loan terms range from 1-5 years or up to 20 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at 1% higher than the prime lender rate of a commercial U.S. bank available within a reasonable geographic vicinity. Principal and interest are paid ratably through payroll deductions or by check. Participants can have up to two outstanding loans at one time which may not exceed $50,000 in total.

Payment of Benefits
Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, a single sum distribution of a portion of the participant's vested account balance, or annuity payments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Withdrawals
Participants are able to make an in service withdrawal if the participant meets certain age and vesting requirements or under certain hardship conditions, if approved by the Plan administrator. A participant may make unrestricted withdrawals of their vested accounts on or after age 59 1/2 or upon normal retirement age of 65 on all or a portion of the participants' vested account.

Forfeited Accounts

Participants terminating employment prior to full vesting forfeit their right to the nonvested portion of employer contributions. Forfeitures are first used to pay for Plan expenses with the reminder used to reduce employer contributions. Forfeitures for the year ended December 31, 2020 totaled $105. In 2020, the Plan did not utilize forfeitures to reduce Plan expenses or employer contributions. At December 31, 2020 and 2019, forfeited nonvested accounts totaled $5,531 and $5,426, respectively.

3. Income Tax Status

The Plan uses a prototype plan sponsored by Nova 401(k) Associates Volume Submitter 401(k) Profit Sharing Plan (Nova). Nova received a determination letter from the Internal Revenue Service, dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

4. Information Certified by Custodian (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, JHLIC, the Plan's custodian, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

December 31,		**2020**	**2019**
Pooled separate accounts	**$**	**8,222,663**	$ 7,512,456
Notes receivable from participants		**131,619**	176,032

Year Ended December 31,		**2020**
Net appreciation in fair value of investments	**$**	**859,945**
Interest income on notes receivable from participants		**10,608**

In addition, the information contained in the Schedule of Assets (Held at End of Year), December 31, 2020 has also been certified as complete and accurate by JHLIC.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Related Party Transactions

The Plan holds notes receivable from participants. As a result, these receivables and all transactions relating to these receivables were with parties-in-interest. These transactions are exempt from being prohibited transactions by ERISA.

Certain Plan investments are units in pooled separate accounts managed by the Custodian, and, therefore, these transactions qualify as party in interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Company pays directly any other fees related to the Plan's operations. Fees paid by the Plan for administrative and the Custodian's services totaled $3,655 for the year ended December 31, 2020.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available per the financial statements as of December 31, 2020 and 2019 to Form 5500:

	2020	2019
Net assets available for benefits per the financial statements	**$ 8,354,951**	$ 7,690,988
Contributions receivable	**(140)**	(707)
Net assets available for benefits per Form 5500	**$ 8,354,811**	$ 7,690,281

The following is a reconciliation of contributions per the financial statements for the year ended December 31, 2020, to Form 5500:

Contributions per the financial statements	**$ 438,902**
Add: Prior year receivable	**707**
Less: Current year receivable	**(140)**
Contributions per Form 5500	**$ 439,469**

9. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying financial statements. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity can access at the measurement date; Level 2 inputs consist of inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and Level 3 inputs consist of unobservable inputs for the asset or liability. Level 1 is given the highest priority while Level 3 is given the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure fair value of its investments.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Pooled Separate Accounts: Investments in pooled separate accounts are represented by "unit of account" and per unit values whose value is the result of the accumulated values of the underlying investments. These underlying investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the mutual fund investments. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The pooled separate account fair values are classified within Level 2 of the valuation hierarchy.

The following tables present the Plan's investments measured at fair value on a recurring basis as of December 31, 2020 and 2019:

Investments at Fair Value as of December 31, 2020:

10. COVID-19

The novel coronavirus (or "COVID-19") has adversely affected, and may continue to adversely affect economic activity globally, nationally and locally. These economic and market conditions and other effects of the COVID-19 pandemic may adversely affect the volatility of Plan assets. The extent of any adverse impact of the COVID-19 pandemic on the Plan's participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits are unknown at this time. Operation of the Plan has not been adversely impacted.
