NOTE 1 - DESCRIPTION OF PLAN

The following description of the **Anchor Lamina America, Inc. 401(k) Retirement Plan** (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - On January 1, 1956, **Anchor Lamina America, Inc.** (the "Company") adopted a Section 401(k) profit-sharing plan. The Plan allows all employees of the Company, except non-resident aliens who do not receive U.S. income, to participate upon completion of six months of service. Upon satisfaction of the eligibility requirements, employees are automatically entered into the Plan at a 3% salary deferral on the first day of the month following the date of eligibility, unless they elect otherwise. In addition, new and existing employees are subject to an automatic deferral increase of 1% annually, up to a maximum deferral of 10%, unless they elect otherwise. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan provides for employee salary deferrals within statutory limits, as defined in the Plan, each year as an elective deferral. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 by the end of the Plan year are eligible to make catch-up contributions. In addition, participants may also make Roth contributions and contributions of after-tax compensation. Employer matching contributions are discretionary, and participants become eligible for these contributions upon eligibility to participate in the Plan. For the years 2020 and 2019, the Plan contributed 50% of the first 4% of eligible compensation that a participant contributed to the Plan. In addition, the Company may make a discretionary profit sharing contribution. In order to be allocated a profit sharing contribution, a participant must have completed 1,000 hours of service during the Plan year. For the years 2020 and 2019, there were no discretionary profit sharing contributions made to the Plan. No contributions shall be made on behalf of a participant to the extent that, when added to the participant's salary deferral contributions, it would cause the amounts allocated to exceed the limitations allowed by the Internal Revenue Service.

Participant Accounts - Massachusetts Mutual Life Insurance Company (the "Custodian") is Custodian of Plan investments. Each participant's account is credited with the participant's contributions, Company contributions, net earnings or losses, distributions, and withdrawals. Company contributions are allocated based on participants' compensation as defined by the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs both separately, and distinctly, into which investment the participant contribution, employer match, and discretionary contribution are to be invested.

Vesting - Participants are immediately vested in all contributions and corresponding earnings.

Notes Receivable from Participants - Participants may borrow from their account balance in any amount between $1,000 and $50,000, but not to exceed 50% of their vested account balance. Loans bear interest at the prime rate plus 1%. Loan terms are for a period not exceeding five years and only one loan can be outstanding at any time. Loans are secured by the balance in the participants' accounts. Principal and interest are paid ratably through payroll deductions.

Effective April 7, 2020, the Plan adopted certain provisions for loans under the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. These provisions allowed participants to take qualified COVID related loans up to the lesser of $100,000 or 100% of the participant's vested account balance. In addition, if requested by a participant, loan repayments may be deferred for up to a year if the due date of such repayment occurs between March 27, 2020 and December 31, 2020.

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Benefits Paid - Upon termination of service by reason of retirement, death, permanent disability, or otherwise, participants, or designated beneficiaries, may elect to receive their vested balance either in a lump-sum amount, or payments over a period of time in cash installments, or in a form agreeable to the Plan Administrator. If the participant's account balance is $5,000 or less, the Plan Administrator may elect to automatically distribute the balance to the participant in a single-sum payment. In addition, participants may receive distributions of the employee deferral and employer match amounts for qualified financial hardships. Effective, April 7, 2020, the Plan adopted the CARES Act provision for distributions. This provision allowed participants to take qualified COVID related distributions up to $100,000.

Forfeitures - Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company contributions and pay Plan expenses. Forfeitures in the amount of $91 were used to pay Plan expenses during 2019. No forfeitures were used during 2020. Unallocated forfeitures at December 31, 2020 and 2019 were $1,332 and $1,293.

Investment Options - Upon enrollment in the Plan, a participant may direct contributions in investment options in increments of one percent. Participants may change their investment options and deferral percentages at any time via telephone or the Internet.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Financial Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's Administrator to make estimates and assumptions that affect the reported amounts of net assets, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses is deemed necessary as of December 31, 2020 and 2019. If a participant ceases to make loan repayments, and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - The Company pays certain administrative expenses of the Plan, and the Plan participants will bear the responsibility of the remaining expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Effective January 2, 2020, the Plan entered into an agreement with Massachusetts Mutual Life Insurance Company ("MassMutual") that allows the Plan to accumulate any excess revenue in an Expense Budget Account and to use these proceeds to pay reasonable expenses of the Plan or to allocate these proceeds to participants. The Expense Budget Account is included in Plan assets. The revenue is accumulated in the account after the end of each quarter. Deposits to the Expense Budget Account totaled $6,000 for the year 2020. Funds were used to pay advisory expenses of the Plan in 2020 (see Note 6). There was no balance in the Expense Budget Account at December 31, 2020.

Subsequent Events - In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through September 13, 2021, the date the financial statements were available to be issued.

NOTE 3 - CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2020 and 2019, net appreciation (depreciation) in fair value of investments, and interest and dividends for the years 2020 and 2019, was obtained or derived from information supplied by the Plan Administrator and certified as complete and accurate by Massachusetts Mutual Life Insurance Company as the Custodian of the Plan.

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting standards provide a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the accounting standards are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs, and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020.

Registered investment companies: Valued at quoted market prices which represent the net asset value (NAV) of shares held by the Plan at year-end.

Pooled separate accounts: Valued at the net asset value (NAV) of units held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS - CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Fair Value
Registered investment companies	**$ 1,758,624**	**$ -**	**$ -**	**$ 1,758,624**
Pooled separate accounts	**-**	**13,508,175**	**-**	**13,508,175**
	$ 1,758,624	**$ 13,508,175**	**$ -**	**$ 15,266,799**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Fair Value
Pooled separate accounts	$ -	$ 14,539,762	$ -	$ 14,539,762

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has entered into a fully benefit-responsive investment contract with MassMutual Retirement Services. This investment contract is a guaranteed interest account. MassMutual maintains the contributions in a general account. The account is credited with earnings of the underlying investments and is charged for participant withdrawals and administrative expenses. The contract is included in the statements of net assets available for benefits at its contract value.

Certain events, such as premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with the Custodian. The Plan Administrator believes the occurrence of such events, which would also limit the Plan's ability to transact at contract value with Plan participants, is not probable.

NOTE 6 - RELATED PARTY TRANSACTIONS

Certain Plan assets are invested with Massachusetts Mutual Life Insurance Company ("MassMutual"). MassMutual is also the Custodian and the third party administrator of the Plan, therefore, it qualifies as a party-in-interest. Total fees paid to MassMutual were $3,752 and $5,659 for the years 2020 and 2019.

UBS Financial Services, Inc. ("UBS"), as advisors of the Plan, qualifies as a party-in-interest. Fees paid to UBS by the Plan for the years 2020 and 2019 totaled $6,000 and $0, and were paid from the Expense Budget Account.

The Company provides certain accounting, record keeping, and administrative services to the Plan, for which it receives no compensation.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA and its related regulations.

NOTE 8 - TAX STATUS

The Plan adopted a Volume Submitter Profit Sharing and 401(k) Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - BENEFITS ALLOCATED TO WITHDRAWN PARTICIPANTS

At December 31, 2020 and 2019, there were no amounts due to participants who have withdrawn from the Plan and requested benefit payment prior to year-end.

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

For the years 2020 and 2019, there were no differences between the financial statements and the Form 5500.
