Note 1 – Description of the Plan

The following description of Wayne Densch, Inc. 401(k) Plan (the "Plan") provides only general information of the major Plan provisions. Participants should refer to the Plan document for more comprehensive information.

General – The Plan was established effective January 1, 1987, as a single-employer defined contribution plan covering substantially all employees of Wayne Densch, Inc. (the "Company"). The Plan was amended and restated effective September 1, 2018, to comply with Internal Revenue Service ("IRS") regulations for periodic plan restatements. The Plan is subject to the provisions of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"). All employees of the Company may participant in the Plan.

On March 29, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was signed into law. Section 2202 of the CARES Act permits eligible Plan participants to request penalty-free benefit payments of up to $100,000 for qualifying coronavirus-related reasons. Such distributions are exempt from the 10 percent premature distribution penalty tax, can be repaid over a three-year period from the day after receipt of the distribution in one or more contributions to the Plan, and are taxable ratably over a three-year period (unless the taxpayer elects income inclusion earlier).

Eligibility – All employees of the Company who have completed at least one year of service during which the employee is credited with at least 1,000 hours of service and are age 21 or older are eligible to participate in the Plan. The Plan permits eligible employees to commence participation as of the day the eligibility requirements are met.

Contributions – Contributions to provide benefits under the Plan are made by participants and the Company. Participants may contribute the maximum allowed under Section 402(g) of the Internal Revenue Code ("IRC"). Participants who have attained the age of 50 are eligible to make catch-up contributions, subject to certain limitations. In addition, the Plan accepts rollovers from other tax-qualified plans. The Company may make discretionary matching contributions. During 2020 the Company matched 100% of employee deferrals up to a maximum of $1,500 per participant. Matching contributions made by the Company during the year ended December 31, 2020, were approximately $85,000.

Participant accounts **–** Each participant's account is credited and/or reduced with the participant's contributions and withdrawals, employer matching contributions, and allocations of the Plan's earnings and losses. Allocations are based on participant earnings, participant elective contributions, or account balances, as defined. The benefit to which a participant is entitled is the vested balance in the participant's account.

Notes receivable from participants – Participants may borrow from their accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants may not have more than one loan outstanding at any given time. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, unless the loan was used to acquire a principal residence, in which case the repayment period may exceed five years. Notes are secured by the vested balances in participants' accounts.

Note 1 – Description of the Plan (continued)

Vesting – Participants are immediately vested in their contributions and rollovers, plus or minus any earnings or losses thereon. Vesting in the employer matching contributions plus or minus any earnings or losses thereon is based on years of continuous service as defined by the Plan. Vesting is determined according to the following schedule:

Years of Service	Vesting Percent
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

If a participant's service is terminated due to disability or death, the employer matching contributions are deemed to be fully vested.

Payment of benefits – Distribution of a participant's vested account balance to the participant or his or her beneficiary may commence upon the earlier of retirement, death, disability, or separation from service. A participant may elect to receive an amount equal to the value of the vested interest in his or her account in a single lump-sum payment, partial withdrawal, or direct rollover. Distributions are subject to the applicable provisions of the Plan document.

The Plan allows participants to withdraw amounts from their account balances while actively employed. A participant experiencing financial hardship as defined by the Plan document, may withdraw a portion of their account attributable to employee contributions. These hardship withdrawals are subject to IRC restrictions and penalties. The Plan also allows for actively employed participants to withdraw from all vested account balances once the age of fifty-nine and a half has been reached. Additionally, after 60 months of participation in the Plan, participants may withdraw vested amounts attributed to employer contributions maintained in their accounts for at least 24 months.

Forfeited accounts – Any non-vested portion of contributions credited to the accounts of participants who withdraw from the Plan are forfeited and used either for payment of eligible administrative expenses or to reduce employer matching contributions. The Plan had forfeiture balances as of December 31, 2020 and 2019, of approximately $22,000 and $27,000, respectively. Approximately $8,000 of forfeitures were used to reduce employer matching contributions during 2020.

Termination – Although it has not expressed an intention to do so, the Company has the right under the Plan to terminate the Plan subject to provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in their accounts.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Notes receivable from participants - Notes receivable from participants are recorded at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are deemed distributions based upon the terms of the Plan document. The interest rate on notes outstanding as of December 31, 2020, ranged from 3.25% to 5.50%.

Investments, investment valuation, and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value determinations, other than those measured using the net asset value ("NAV") as a practical expedient, are made based upon a fair value hierarchy that prioritizes the inputs to valuation techniques. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of inputs that may be used to measure fair value:

> Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;
>
> Level 2 – Inputs to the valuation methodology are other-than-quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and,
>
> Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy:

> Mutual funds – These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Note 2 – Summary of Significant Accounting Policies (continued)

Collective trust fund – This investment is an investment vehicle valued using the NAV provided by the administrator of the fund as a practical expedient. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is excluded from the valuation hierarchy consistent with accounting principles generally accepted in the United States.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recognized when earned. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought, sold, and held during the year.

Benefits paid to participants – Benefits are recorded when processed and paid by the Plan.

Administrative expenses – Administrative expenses paid by the Plan are recorded when incurred. The Company absorbs a significant amount of the cost of Plan Administration.

Excess contributions payable – Contributions received from participants during the years ended December 31, 2020 and 2019, are net of payments of approximately $12,000 and $23,000, respectively, made after each plan year end to certain active participants to return excess contributions required to satisfy the relevant nondiscrimination provisions of the Plan. These amounts are included in the accompanying statements of net assets available for benefits as excess contributions payable.

Subsequent events – The Plan administrator has evaluated subsequent events through September 14, 2021, in connection with the preparation of these financial statements, which the date these financial statements were available to be issued.

Note 3 – Information Provided and Certified by the Trustee (unaudited)

The following is a summary of the Plan's financial information and data certified by Fidelity Management Trust Company (the "Trustee") as complete and accurate in accordance with 29 CFR 2520.103-5(c) of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA:

	December 31,	
	2020	2019
Investments, at fair value	$ 7,368,410	$ 6,662,032
Notes receivable from participants	$ 100,477	$ 91,325

	Year Ended December 31, 2020
Interest and dividends	$ 366,224
Interest income on notes receivable from participants	$ 3,849
Net appreciation in fair value of investments	$ 712,107

Note 4 – Investments, at Fair Value

The following summarizes the Plan's investments based upon the fair value hierarchy levels described in Note 2:

	Level 1	Level 2	Level 3	Total
As of December 31, 2020				
Mutual funds[(*)]	$ 6,596,433	$ -	$ -	$ 6,596,433
	$ 6,596,433	$ -	$ -	6,596,433
Collective trust fund[(*)(**)]				771,977
				$ 7,368,410
As of December 31, 2019				
Mutual funds[(*)]	$ 6,629,879	$ -	$ -	$ 6,629,879
	$ 6,629,879	$ -	$ -	6,629,879
Collective trust fund[(*)(**)]				32,153
				$ 6,662,032

(*) Amounts are unaudited (see Note 3).

(**) The collective trust fund consists of the Managed Income Portfolio Class 2 fund, which may be redeemed daily with a one-day notice period and has no unfunded commitments. The collective trust fund is measured using the NAV as a practical expedient and has been excluded from the fair value hierarchy, but has been presented in this table to permit reconciliation of the fair value hierarchy to the fair value of the Plan's assets at the end of each respective year.

Note 5 – Party-in-Interest Transactions

Certain Plan investments are managed by the Trustee, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants. Fees paid during the year for services rendered by parties-in-interest were based on custom rates for such services. While these transactions qualify as party-in-interest activity, they are expressly exempted from prohibited transactions rules (ERISA, Tittle 1, and Section 408(b)).

Note 6 – Risks and Uncertainties

The Plan invests in various investment options in investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note 7 – Income Tax Status

The Plan is a volume submitter defined contributor plan ("volume submitter plan") sponsored by Fidelity Management & Research Company ("FMRC"). FMRC obtained its latest opinion letter dated March 31, 2014, in which the IRS stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, Plan management believes that the Plan is currently designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.
