The following description of the Enstor 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan with a cash deferral arrangement covering all eligible employees, as defined by the Plan, of Enstor Gas, LLC and Enstor Operating Company, LLC (the "Employer"), who have completed 30 days of service. Employees covered by a collective bargaining agreement, leased employees, non-resident aliens and residents of Puerto Rico are not eligible for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Substantially all investments are participant directed.

The Plan uses Massachusetts Mutual Life Insurance Company ("MassMutual") for recordkeeping and custodian services of its guaranteed interest account. MassMutual has entered into a trust arrangement with Reliance Trust Company ("Reliance") to act as trustee. On December 31, 2020, Empower Retirement, LLC ("Empower Retirement") acquired the retirement business of MassMutual. Following an initial transition period, Empower Retirement will become the sole administrator of this business. An affiliate of Empower Retirement, Great-West Life & Annuity Insurance Company, has been granted power of attorney over the guaranteed interest account issued by MassMutual. Empower Retirement prepared statements and documents on behalf of Reliance as of December 31, 2020.

Participant Contributions

Participants may contribute up to 100% of annual compensation, as defined by the Plan, up to a dollar limit set by Federal law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan provides for automatic enrollment of 5% of compensation unless an alternative election is made, which are processed on the 1st day of the month following the date the employee meets the eligibility requirements. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("Participant Rollovers").

Employer Safe Harbor Matching Contributions

Each payroll period, the Employer makes a safe harbor matching contribution equal to 100% of a participant's salary deferrals up to a maximum of the first 5% of the participant's compensation. For the year ended December 31, 2020, the safe harbor match amounted to $606,240.

Employer Profit Sharing Contributions

Each year, the Employer, at its sole discretion, determines the amount, if any, of additional Employer contribution that it may contribute to the Plan, subject to certain limitations. In order to receive an Employer profit sharing contribution, a participant must work 1,000 hours during the Plan year and be employed on the last day of the Plan year and is allocated pro rata based on each participant's compensation to total compensation of all eligible participants. For the Plan year ended December 31, 2020, the Employer did not make a profit sharing contribution.

Note 1 - Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant Contributions

Participants are immediately vested in their voluntary contributions plus actual earnings thereon.

Employer Contributions

Participants are immediately 100% vested in the Employer Matching contributions and related earnings thereon. Participants vest in Profit Sharing contributions at a rate of 33.33% per year and become fully vested after three years. A participant also becomes fully vested upon death or disability.

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years (or longer for the purchase of a primary residence). Participants are allowed only one loan outstanding at any given time. The loans are secured by the vested balance in the Participant's account and bear interest at the prime interest rate or such other reasonable rate as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

The Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was passed by the U.S. Senate on March 26, 2020. Under the CARES Act, the available loan limit was increased to $100,000 or 100% of the participant's vested account balance. The CARES Act also delayed loan payments for a COVID-19 qualified individual for any loan outstanding on or after March 27, 2020 through December 31, 2020 and, if applicable, extends the loan for up to one year. This increased loan limit was allowed to be taken from March 27, 2020 through September 22, 2020.

Note 1 - Description of Plan (Continued)

Payment of Benefits

In-service withdrawals from a participant's elective deferral account are permitted only due to financial hardship or upon reaching age 59½. Hardship withdrawals may be taken from a participant's deferral account balances with a minimum withdrawal of $500. The amount of hardship distribution cannot exceed the amount to meet the immediate financial hardship. Upon disability, retirement or termination of employment, a participant may elect to receive a lump-sum payment equal to the vested account balance. Upon termination of service due to death, a participant may elect to receive either a lump-sum payment or installment payments equal to the vested account balance. If a participant's vested account does not exceed $5,000, the Plan administrator may automatically distribute the account balance to the participant in the form of a lump-sum distribution.

Section 2202 of the CARES Act permits eligible Plan participants to request special penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons. These reasons include the participant, spouse or dependent diagnosed with COVID-19, adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. The special coronavirus-related distributions waive the 10% early withdrawal penalty and were allowed to be made between January 1, 2020 and December 31, 2020.

Forfeitures

Upon termination of service, a participant who is not 100% vested forfeits the unvested portion of his or her account. Forfeited amounts may be used to reduce Employer contributions and/or to pay Plan expenses. At December 31, 2020 and 2019, no forfeited accounts remained unallocated and during 2020, there were no forfeitures used to reduce Employer contributions or pay Plan administrative expenses.

Plan Administration

The Employer is the Plan administrator and has the authority to appoint person(s) or entities to carry out the operation of the Plan.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Note 2 - Summary of Significant Accounting Policies (Continued)

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Benefits Paid

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Administrative Expenses

Certain expenses of the Plan are paid by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses charged to participants' accounts are included in administration fees.

Subsequent Events

The Plan has evaluated subsequent events through September 17, 2021, the date that the financial statements were available to be issued.

Note 3 - Information Certified by the Trustee and Custodians

The mutual funds are held by the Plan's Trustee and Custodian, Reliance. The guaranteed interest account is held by the Plan's Custodian, Great-West Life & Annuity Insurance Company ("GWLA") pursuant to a power of attorney from Massachusetts Mutual Life Insurance Company. The fair values of the mutual funds as of December 31, 2020 and 2019 and all investment transactions of the mutual funds, including interest and dividend income and net appreciation, for the year ended December 31, 2020, are reported to the Plan and certified as complete and accurate by Reliance. The contract value of the guaranteed interest account as of December 31, 2020 and for the period December 30, 2020 to December 31, 2020, and all investment transactions of the guaranteed interest account on December 31, 2020, including interest income, is reported to the Plan and certified as complete and accurate by GWLA. The contract value of the guaranteed interest account as of December 31, 2019 and all investment transactions of the guaranteed interest account, including interest income, from January 1, 2020 to December 30, 2020, is reported to the Plan and certified as complete and accurate by MassMutual. Information included in the supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), and notes receivable from participants, have also been derived from information certified by Reliance and GWLA. The Plan offers several investment choices to allow Participants to create a diversified portfolio of assets based on the Participants' risk tolerance.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). Valuation techniques used need to maximize the use of observable inputs to minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level I	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level II	Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.
Level III	Inputs to the valuation methodology are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Note 4 - Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020 (Audited)			
Description	***Level I***	***Level II***	***Level III***	***Total***

Note 5 - Fully Benefit-Responsive Investment Contract

The following is a description of the investments and valuation methodologies for the fully benefit-responsive investment contract:

Guaranteed Interest Account

The MassMutual Guaranteed Interest Account with a contract value of $443,484 and $39,657 as of December 31, 2020 and 2019, respectively, is a guaranteed group annuity contract backed by the general account of Great West Life & Annuity Insurance Company (acquired the retirement business of MassMutual effective December 31, 2020). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Note 5 - Fully Benefit-Responsive Investment Contract (Continued)

Guaranteed Interest Account (Continued)

There are no reserves against contract value for credit risk or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed semiannually for resetting. The guaranteed minimum interest rate under the contract is 1%. The crediting interest rate was 2.2% and 1.8% as of December 31, 2020 and 2019, respectively. The average yield was 2.2% for the year ended December 31, 2020.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan document (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by the future economic and regulatory developments.

The guaranteed interest account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

On March 11, 2020, the World Health Organization declared the outbreak of a coronavirus (COVID-19) a pandemic. The spread of this virus has caused disruption to the economy worldwide and could result in changes in the values of investment securities that could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits in the future.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in all of their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 8 - Related-Party and Party-in-Interest Transactions

Plan investments include a guaranteed interest account managed by MassMutual. MassMutual is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules, as defined by ERISA. For the Plan year ended December 31, 2020, administrative fees of $11,689 were paid to MassMutual. The Employer pays directly any other fees related to the Plan's operations. In addition, notes receivable from participants also qualify as exempt party-in-interest transactions.

Note 9 - Tax Status

The Plan has adopted the Angell Pension Group Inc. Volume Submitter Profit Sharing Plan with CODA, which obtained its latest opinion letter on September 30, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10 - Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2020 (Audited)	***2019 (Unaudited)***
Net assets available for benefits per the financial statements	$ 8,692,671	$ 6,642,765

Other	-	(43)
Net assets available for benefits per Form 5500	**$ 8,692,671**	**$ 6,585,981**

Note 10 - Reconciliation to Form 5500 (Continued)

The following is a reconciliation of the increase in net assets available for benefits per the financial statements to net income per Form 5500 for the year ended December 31, 2020:

Net increase in net assets available for benefits per the financial statements	$	2,049,906
Employer contributions receivable at December 31, 2019 reported on Form 5500 in 2020		56,741
Other		43
Net income per Form 5500	**$**	**2,106,690**

Note 11 - Prohibited Transaction

ERISA regulations require the Employer to remit participant contributions and loan repayments to the Plan as soon as they can reasonably segregate from the Employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions and loan repayments are withheld. When this regulation is not satisfied, the Employer has engaged in a prohibited transaction. During the Plan year ended December 31, 2020, $1,858 in participant loan repayments were not remitted to the Plan. During 2021, the Employer made the necessary contributions and will be correcting for lost earnings.
