INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the Hourly Employee 401(k) Thrift Plan of PCL Industrial Management, Co.:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Hourly Employee 401(k) Thrift Plan of PCL Industrial Management, Co. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2020, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) for the year ended December 31, 2020, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the Hourly Employee 401(k) Thrift Plan of PCL Industrial Management, Co.:

Report on the Financial Statement

We were engaged to audit the accompanying statement of net assets available for benefits of the Hourly Employee 401(k) Thrift Plan of PCL Industrial Management, Co. (the Plan), as of December 31, 2019, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of the financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2019 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Trust Company, LLC, the custodian of the Plan, and Great-West Life & Annuity Insurance Company, the issuer of the Plan's investment contract, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee and issuer of the Plan's investment contract as of December 31, 2019 that the information provided to the plan administrator by the trustee and issuer of the Plan's investment contract is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statement. Accordingly, we do not express an opinion on the 2019 financial statement.

Report on Form and Content in Compliance With DOL Rules and Regulations for the 2019 Financial Statement

The form and content of the information included in the 2019 financial statement, other than that derived from the information certified by the trustee and issuer of the Plan's investment contract, has been audited

by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) Description of the Plan

The following description of the Hourly Employee 401(k) Thrift Plan of PCL Industrial Management, Co. (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all U.S. hourly employees of PCL Industrial Management, Co. and its subsidiaries (the "Company"), who have at least one hour of service in three consecutive months, excluding collective bargaining employees, salaried employees or employees covered by other PCL plans. The Board of Trustees (Trustees) is responsible for oversight of the Plan. The Trustees determine the appropriateness of the Plan's investment offerings and monitor investment performance. The Plan is subject to the provisions of ERISA.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was passed into law. The CARES Act expands the ability of certain 401(k) plan participants to withdraw, penalty free, funds from their vested retirement plan accounts, increases the participant loan limit, and delays loan repayments for up to one year, subject to the certain participant eligibility criteria. The Plan adopted certain provisions of the CARES Act and will subsequently amend the Plan to incorporate these provisions.

(b) Contributions

Each year, participants may contribute up to 100 percent of pre-tax and post-tax annual compensation, as defined in the Plan Agreement subject to certain limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, collective trust funds, and an insurance investment contract as investment options for participants.

The Company contributes a safe harbor match equal to 100 percent of the first 3 percent of compensation, plus 50 percent of the next 2 percent of compensation that a participant contributes to the Plan. The Company also makes prevailing wage contributions based on the prevailing wage rates stated in the Company's current prevailing wage contracts. The safe harbor match contribution is reduced by the amount of the prevailing wage contributions. The Company may also make discretionary nonelective contributions. Participants direct the investment of Company contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, prevailing wage contributions and allocations of (a) the Company's discretionary nonelective contributions and (b) plan earnings, and charged with an allocation of investment and administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are vested immediately in their contributions and the Company's contributions plus actual earnings thereon.

(e) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or their beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installments, or a direct rollover to another qualified retirement plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, hardship distributions are permitted if certain criteria are met.

(f) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the rates ranging from 3.25 percent to 5.5 percent as of December 31, 2020 and 2019, which is commensurate to a reasonable rate that is charged by a bank or other professional lender making a loan in similar circumstances. Principal and interest is paid ratably through payroll deductions or through direct remittances to the custodian by participants. Participants are charged a transaction fee for each loan requested which totaled $2,650 for the year ended December 31, 2020.

(g) Forfeited Accounts

At December 31, 2020 and 2019, forfeited non-vested accounts totaled $1. These accounts will be used to reduce future employer contributions or allocated to participant accounts. No forfeitures from non-vested accounts were used to reduce employer contributions or were allocated to participant accounts, for the years ended December 31, 2020 and 2019, respectively.

(h) Recent Account Pronouncements

In July 2018, the FASB issued ASU 2018-19, Codification Improvements. The ASU affects a wide variety of Topics in the FASB Accounting Standards Codification including an amendment to Subtopic 962-325, Plan Accounting – Defined Contribution Pension Plans – Investments – Other. The amendment to Subtopic 962-325 removes the stable value common collective trust fund from the illustrative example in paragraph 962-325-55-17 to avoid the interpretation that such an investment would never have a readily determinable fair value and, therefore, would always use the net asset value per share practical expedient. Rather, a plan should evaluate whether a readily determinable fair value exists to determine whether those investments may qualify for the practical expedient to measure at net asset value in accordance with Topic 820. The transition and effective date guidance is based on the facts and circumstances of each amendment. The amendment to Subtopic 962-325 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. The Plan should apply the amendments in this ASU under the modified retrospective method. Management has elected to adopt this amendment early. This amendment did not have an impact on the Plan's financial statements.

On August 28, 2018, the FASB Board finalized the Concepts Statement, Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements and issued ASU No. 2018-13, Fair Value Measurement (Topic 820). The amendments in this Update modify the disclosure requirements on fair value measurements in Topic 820, Fair Value Measurement, based on the concepts in the Concepts Statement, including the consideration of costs and benefits. The amendments in this Update are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, and the narrative description of measurement uncertainty should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. All other amendments should be applied retrospectively to all periods presented upon their effective date. Early adoption is permitted upon issuance of this Update. An entity is permitted to early adopt any removed or modified disclosures upon issuance of this Update and delay adoption of the additional disclosures until their effective date. This update does not have an impact on the Plan's financial statements.

(2) Summary of Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note (4) for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Payment of Benefits

Benefits are recorded when paid.

(e) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as transaction fees and are expensed when they are incurred. No allowance for credit losses has been

recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(f) Operating Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Contract administrator fees and investment advisor fees are included in administrative expenses. Other expenses, including investment related expenses, are allocated to participant accounts and are included in net appreciation (depreciation) in fair value of investments.

(g) Subsequent Events

Plan management has evaluated subsequent events from the statement of net assets available for benefits date through September 17, 2021, the date the financial statements were available to be issued.

There were no material events noted in the subsequent period that would have impacted results reported herein or require disclosure.

(3) Summary of Information Certified by Custodian

The following information, which is included in the financial statements and ERISA-required supplemental schedule of assets (held at end of year), has been certified as complete and accurate by Great-West Trust Company, LLC (GWT) and Great-West Life & Annuity Insurance Company (GWL) as of December 31, 2020 and 2019, and for the year ended December 31, 2020, and has not been audited:

- Net appreciation (depreciation) in fair value of investments

ERISA-required Supplemental Schedule

(4) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at fair value based on the investment's net asset value per unit. In accordance with fair value measurements and disclosure guidance, the collective trust is reported at the net asset value per unit as a practical expedient. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 2,975,272	$ -	$ -	$ 2,975,272
Total assets in the fair value hierarchy	2,975,272	-	-	2,975,272
Investments measured at net asset value *	-	-	-	3,827,489
Investments at fair value	$ 2,975,272	$ -	$ -	$ 6,802,761

	Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 2,805,092	$ -	$ -	$ 2,805,092
Total assets in the fair value hierarchy	2,805,092	-	-	2,805,092
Investments measured at net asset value *	-	-	-	3,458,996
Investments at fair value	$ 2,805,092	$ -	$ -	$ 6,264,088

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2020 and 2019:

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption

(5) Guaranteed Investment Contract with Great-West Life & Annuity Insurance Company

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with GWL, referred to as the Key Guaranteed Portfolio Fund. Assets totaling $2,430,099 as of December 31, 2020, and $2,266,237 as of December 31, 2019 were invested under the contract. GWL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Key Guaranteed Portfolio Fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The

crediting interest rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contracts and prevailing market conditions. The crediting interest rate is reset quarterly.

Because the Key Guaranteed Portfolio Fund meets the fully benefit-responsive investment contract criteria, the Key Guaranteed Portfolio Fund is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by GWL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the complete termination of the Plan or merger of the Plan with another plan resulting in an early termination of the contract. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The Key Guaranteed Portfolio Fund permits the insurance company to terminate the agreement prior to the scheduled maturity date if certain events occur. Those events are as follows: (a) the Company adopts an amendment to the Plan or operates the Plan in a manner which is unacceptable to the insurance company, or (b) the Company fails to comply with any provision contained in the contract, or (c) the Plan fails to qualify or becomes disqualified under Internal Revenue Code Section 401(a), as amended, or (d) the total amount of deposits received by the Company in the preceding twelve months is less than $25,000, or (e) the sum of all participant annuity account values falls below $25,000, or (f) the Company fails to make deposits which have been deducted from participants' paychecks within 30 days following the end of the month in which such deduction was made, or (g) transfers to investment vehicles outside the contract exceed specified limitations within the contract, or (h) the insurance company may terminate the contract if the Company ceases doing business or (i) the contract shall terminate if there are no remaining participant annuity accounts. Additionally, either party to the Key Guaranteed Portfolio Fund may, upon thirty days advance written notice to the other party, declare a contract termination date.

The average yield earned by the Plan for the Key Guaranteed Portfolio Fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The actual average yields earned by the Plan were as follows:

Average yields:	2020	2019
Based on actual earnings	1.54%	1.70%
Based on interest rate credited to participants	1.04%	1.20%

(6) Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Great West Investment Funds (GWF). GWL is the custodian of the Plan's assets and GWL is the recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

GWL provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and GWL. GWL receives revenue from mutual fund service providers. This revenue is used to offset certain amounts owed to GWL for its administrative services to the Plan. Fees paid by the Plan for recordkeeping services amounted to $4,129 for the year ended December 31, 2020, and are included in net appreciation (depreciation) in fair value of investments.

If revenue received by GWL from such mutual fund service providers exceeds the amount owed under the MSA, GWL remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2020, there was $4,229 in excess amounts remitted to the Plan and is included in other income. The Plan or Plan Sponsor may make a payment to GWL for administrative expenses not covered by revenue sharing.

The Plan uses the services of NFP Retirement, Inc. to assist in reviewing the performance of the Plan and the investment options provided to participants. As service providers to the Plan, fees paid for consulting services from Plan assets qualify as party-in-interest transactions. Fees paid by the Plan for these consulting services amounted to $1,435 for the year ended December 31, 2020, and are included in administrative expense.

(7) Income Tax Status

The IRS has informed the Plan sponsor by an advisory opinion letter dated March 31, 2014, that the volume submitter Plan adopted by the plan sponsor and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the advisory opinion, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Thus, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Federal and State of Colorado taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term

and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic, which continues to spread throughout the world. COVID-19 has led to increased short-term market volatility and may have adverse long-term effects on U.S and world economies and markets in general. The impact of the COVID-19 pandemic may adversely affect the performance of Plan assets. The Trustees and their outside investment advisors will continue to monitor market conditions and evaluate the potential impacts, if any, on Plan operations.

(10) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2020 and 2019, to the Form 5500:

	2020	2019
Net assets available for benefits per the financial statements	$ 9,655,506	$ 8,978,706
Less: participant and employer contributions receivable at end of year	(19,652)	(5,294)
Net assets available for benefits per the form 5500	$ 9,635,854	$ 8,973,412

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2020:

	2020
Net increase (decrease) in net assets available for benefits per financial statements	$ 676,800
Add: participant and employer contributions receivable at beginning of year	5,294
Less: participant and employer contributions receivable at end of year	(19,652)
Net increase (decrease) in net assets available for benefits per the form	$ 662,442

(11) Plan Amendments

The Plan was amended effective on April 1, 2020. The amendment did not have any material changes to the Plan other than to indemnify the Trustee from certain liabilities to which it may be subjected.
