NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

Note 1-Description of Plan

The following description of The Mannik & Smith Group, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement and plan amendments for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of The Mannik & Smith Group, Inc. and Subsidiaries (the "Company" or "Plan Sponsor") who have completed at least three months of continuous accredited service and are of at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants may elect to contribute between 1% and 85% of their base compensation up to the maximum dollar amount allowed by law, as a pre-tax or Roth deferral. The Plan adopted an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation. The Company may make a discretionary match contribution during the year. During 2020, the Company approved a discretionary match contribution of approximately 32% on the first 5% of a participant's contribution. Rollover contributions from other qualified plans are accepted by the Plan provided certain specified conditions are met.

Participant accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and allocations of the Plan Sponsor's matching contribution, the Plan Sponsor's discretionary contributions, the Plan earnings (losses), and charged with an allocation of administrative expenses. Participants direct the investments of their accounts among the investment options offered by the Plan. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus earnings thereon. For Company discretionary matching contributions, participants are fully vested if they have reached age 65 (normal retirement age) or if their termination of employment is due to death or disability. Otherwise, participants are subject to the vesting provisions of the Plan applicable to matching contributions, which provide for graded vesting with full vesting after six years of service.

THE MANNIK & SMITH GROUP, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS-CONTINUED
December 31, 2020 and 2019

Note 1-Description of Plan-continued

Participant withdrawals

In the event of retirement, attainment of age 59 ½, death, termination, total and permanent disability or other severance from employment, participants are entitled to receive an amount equal to the value of the vested interest in their accounts. A participant may receive a lump-sum amount equal to the value of his or her account. If a participant's balance is less than \$5,000 and a distribution election is not made, the full value of the account will be distributed in a single lump-sum, either directly to the participant if the balance does not exceed \$1,000, or to an individual retirement account if the balance is between \$1,000 and \$5,000. In the event of hardship, as defined in the plan agreement and plan amendments, participants may take a distribution from their accounts in an amount necessary to satisfy the financial need, subject to certain tax withholdings.

Forfeitures

At December 31, 2020 and 2019, unallocated assets of the Plan totaled \$23,085 and \$5,364, respectively. These are comprised of forfeitures of non-vested accounts. Forfeitures are used to reduce future employer matching contributions. During 2021, \$23,085 of forfeited non-vested amounts were used to reduce the 2020 employer contribution receivable to \$352,363.

Notes receivable from participants

Participants may borrow the lesser of 50% of the vested value of their entire account or \$50,000, but may not borrow less than \$1,000. Participants are able to borrow funds for up to five years, unless funds are used to purchase a participant's primary residence. Outstanding notes receivable will become due upon death or when a participant receives benefits. Participants may only have one outstanding loan at one time. Participants note receivable accrues interest at the prime rate. Principal and interest is paid ratably through payroll deductions. The interest rate is determined by the Plan Sponsor's management and shall be charged based on rates currently being used by financial institutions lending money under similar circumstances. The notes receivable are secured by the balance in the participant's account.

Termination of the Plan

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the plan provisions to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event such discontinuance results in the termination of the Plan, the participants shall receive their full account balance, less any administrative costs to the Plan for such distribution.

Note 2-Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Notes receivable from participants

Notes receivable from participants are valued at their unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the plan agreement and plan amendments.

Valuation of investments and income recognition

Investments held by the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant salary deferrals and employer contributions are included in income during the period the related salary is earned.

Payment of benefits

Participant withdrawals are recorded upon distribution.

Administrative expenses

The Plan Sponsor pays the administrative expenses of the Plan, unless the expenses relate to specific investment directions of the participant. Administrative expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and payments of benefits are charged directly to the participant's account and are included in administrative expenses. The Plan Sponsor has negotiated a revenue sharing agreement with John Hancock Life Insurance Company (U.S.A.), the trustee, which resulted in a net credit to the participant accounts and offset the administrative expenses.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

THE MANNIK & SMITH GROUP, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS-CONTINUED
December 31, 2020 and 2019

Note 3-Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2020 and 2019, net appreciation (depreciation) in the value of investments, and interest income on notes receivable from participants for the year ended December 31, 2020, were obtained or derived from information supplied to the Plan Administrator and certified by John Hancock Life Insurance Company (U.S.A.), the trustee, as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information has not been examined by independent auditors.

Note 4-Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic 820, Fair Value Measurement, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

THE MANNIK & SMITH GROUP, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS-CONTINUED
December 31, 2020 and 2019

Note 4-Fair value measurements-continued

Pooled Separate Accounts – valued based on the net asset value (NAV) at which the mutual funds shares are actively traded. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with Subtopic 820-10, since investments were measured at the NAV per share (or its equivalent) as the practical expedient they have not been classified in the fair value hierarchy.

The John Hancock Stable Value Fund pooled separate account has no unfunded commitments, has a daily redemption frequency and requires up to 12 month redemption period. Participant transactions (purchases and sales) may occur daily subject to the short-term trading policies of the Plan Sponsor. Additional restrictions may be imposed at the request of the fund company of an underlying fund as outlined in their prospectus. The John Hancock Stable Value Fund pooled separate account's fair value, as measured at the NAV or equivalent, is \$177,329 and \$71,992 at December 31, 2020 and 2019, respectively.

The other pooled separate accounts have no unfunded commitments, have a daily redemption frequency and there is no required redemption period notice. The other pooled separate accounts' fair value, as measured at the NAV or its equivalent, are \$25,642,830 and \$21,562,835 at December 31, 2020 and 2019, respectively.

Note 5-Related party transactions and party in interest transactions

Certain Plan investments are held in pooled separate accounts and a money market account managed by John Hancock Life Insurance Company (U.S.A.). John Hancock Life Insurance Company (U.S.A.) is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investments. The Plan did not make direct payments to the trustee during 2020, due to the revenue sharing arrangement with John Hancock Life Insurance Company (U.S.A.). Notes receivable from participants also qualify as party-in-interest transactions. Notes receivable from participants totaled \$232,053 and \$247,290 as of December 31, 2020 and 2019, respectfully. Interest received on notes receivable from participants totaled \$10,619 for the year ended December 31, 2020.

THE MANNIK & SMITH GROUP, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS-CONTINUED
December 31, 2020 and 2019

Note 6-Federal income tax status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter, dated March 31, 2014, from the Internal Revenue Service (IRS) that the prototype plan as designed qualifies for federal income tax-exempt status. The Plan has not individually sought a determination from the IRS on its qualification status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7-Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

Note 8-Subsequent events

The Plan has evaluated subsequent events through August 30, 2021, the date the financial statements were available to be issued, and has determined there are no subsequent events that require recognition or disclosure except for the following.

As discussed in Note 1, during 2021, \$23,085 of forfeited non-vested amounts were used to reduce the 2020 employer contribution receivable to \$352,363.
