Notes to Financial Statements

December 31, 2020 and 2019

Note A - Plan Description

The following description of the Empower Health Services LLC 401(k) Profit Sharing Plan & Trust (the “plan”) provides only general information. Participants should refer to the plan document and amendments for a more complete description of the plan’s provisions.

General

The plan is a defined contribution plan covering substantially all full-time employees of Empower Health Services LLC (the “company”) who have 6 consecutive months of service and are age 21 or older. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The company’s Board of Directors is responsible for oversight of the plan. The plan’s Investment Committee determines the appropriateness of the plan’s investment offerings, monitors investment performance and reports to the company’s Board of Directors.

Contributions

Each year, participants may contribute up to 92% of pretax annual compensation, as defined in the plan, up to the maximum amount permitted by the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the plan. The plan currently offers a wide variety of investment options. The company may make discretionary match or profit-sharing contributions to the plan, as outlined in the plan agreement. The company made matching contributions of 50% of an employee’s deferral up to 4% of eligible compensation for the years ended December 31, 2020 and 2019. The company matching contribution is invested as directed by the participant.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and an allocation of the company’s contributions, plan earnings, and loan administrative expenses, if applicable. Participant accounts are charged with an allocation of administrative expenses that are paid by the plan. Allocations are based on participant compensation or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also immediately vested in the company’s match and profit-sharing portion of their accounts plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant’s account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions. There were no notes outstanding as of December 31, 2020 and 2019.

Notes to Financial Statements

December 31, 2020 and 2019

Note A - Plan Description (continued)

Payment of Benefits

On termination of service due to death, disability, retirement, or attaining the age of 59½, a participant may elect to receive a lump-sum amount equal to the value of the participant's interest in his or her account.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan's investment committee determines the plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included as administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant does not make loan repayments and the plan administrator considers the loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Note B - Summary of Significant Accounting Policies (continued)

Administrative Expenses

Certain expenses of maintaining the plan are paid by the plan, unless otherwise paid by the company. Expenses that are paid by the company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Plan management has evaluated subsequent events through September 14, 2021, which is the date the financial statements were available to be issued.

Note C - Certified Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company, the custodian of the plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

Note D - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.**
- **Level 2 - Inputs to the valuation methodology include:**
 - **quoted prices for similar assets or liabilities in active markets;**
 - **quoted prices for identical or similar assets or liabilities in inactive markets;**
 - **inputs other than quoted prices that are observable for the asset or liability;**
 - **inputs that are derived principally from or corroborated by observable market data by correlation or other means.**

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.**

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Money Market Fund: Valued at the daily closing price as reported by the fund. The money market fund is an open-end mutual fund that is registered with the U.S. Securities and Exchange Commission (SEC). This fund is required to publish its daily net asset value (NAV) and to transact at that price. The money market fund is deemed to be actively traded.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

Note E - Party-In-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the plan, any party rendering service to the plan, the employer and certain others. Certain investment options held by the plan are party-in-interest investments as they are issued by Mid Atlantic Trust Company, the plan's custodian.

Note F - Plan Amendment and Termination

The plan agreement may be amended by the company at any time.

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA.

Note G - Tax Status of Plan

The plan has adopted a Paychex, Inc. prototype plan, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated April 10, 2014. The plan has not applied for its own determination letter. The plan has been amended since this date; however, the plan administrator believes that the plan is designed and is being operated in compliance with the applicable requirements of ERISA and the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

December 31, 2020 and 2019

Note H - Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The plan's ongoing profitability may experience instability and estimates included in the financial statements may change due to current political and economic conditions as a result of the novel coronavirus, or COVID-19. The duration and intensity of these impacts and resulting disruption to which these events affect the plan's operations will depend on future developments, which are highly uncertain and cannot be predicted at this time.

Note I - Excess Contributions Refundable

In 2021, the plan will refund to certain highly compensated employees (HCEs) amounts representing 2020 contributions that exceeded allowable amounts. The HCEs will be refunded excess contributions in the amount of approximately \$20,400 plus approximate investment earnings of \$3,100, which is recorded as a liability on the statement of net assets available for benefits at December 31, 2020. Certain 2019 excess contributions from HCEs in the amount of approximately \$5,500, including earnings of approximately \$500, were identified and corrected in 2020.
