**BORAL RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Boral Retirement Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan sponsored by Boral Industries, Inc. (the “Company”) for the purpose of accumulating funds to provide retirement benefits to all eligible employees. The Company established the Plan effective January 1, 1989. The Plan was restated and certain provisions of the Plan were amended effective October 30, 2015. The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Effective October 30, 2015, the Boral Bargaining Units Retirement Savings Plan (“Boral Union Plan”) merged with the Plan and all the Boral Union Plan’s assets were transferred into the Plan.

The Plan is administered by an Employee Benefits Committee, whose members are appointed by the Board of Directors of the Company, and the Plan administrator.

Eligibility

The Plan is a defined contribution profit sharing plan covering substantially all employees (other than leased employees and nonresident aliens) of the Company and any affiliated company that adopts the Plan. Upon attainment of at least eighteen years of age and completion of sixty days of service, employees are automatically enrolled in the Plan at a deferral rate of 3% of compensation, as defined in the Plan document. Enrollment is allowed on the first day of the month following eligibility. Employees can change their deferral percentage at the beginning of each payroll period.

Contributions

Participants in the Plan may make pretax and Roth salary deferral contributions to the Plan up to 75% of their annual compensation, as defined by the Plan document. Participants age fifty and older are also allowed to make catch-up contributions. Participant contributions are subject to limitations under the Internal Revenue Code (“IRC”) Section 401(k).

With the exception of the Boral Union Plan participants who were merged into the Plan as described above, the Company matching amount is equal to 100% of the first 3% of an eligible participant’s compensation and 50% of the next 2% of such participant’s compensation. Effective October 30, 2015, for the Boral Union Plan participants, the Company matching amount is equal to 50% of an eligible participants’ deferrals, up to 5% of eligible compensation, as defined by the Plan.

In addition, for substantially all employees meeting eligibility requirements, a profit sharing contribution is made by the Company equal to 1% of eligible participants’ compensation. At the end of the Plan year, the Company may contribute to the Plan an additional discretionary amount on behalf of each participant, as determined by the Company’s board of directors. There were no discretionary contributions in 2020.

DECEMBER 31, 2020 AND 2019**

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's matching, profit sharing and discretionary contribution and (b) Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options

Participants may direct their elective deferrals and Company matching, profit sharing and discretionary contributions in and among various investment options. Participants may change their investment elections and transfer money between investment options on a daily basis.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

Participants become fully vested in the Company's matching, profit sharing and discretionary contributions, including investment earnings, after five years of service as follows:

<u>Years of Service</u>	<u>Percentage</u>
1	0%
2	25%
3	50%
4	75%
5 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested portion of their current account balance. Participants may apply for one note each year and have only one note outstanding at any given time. Any such note must be repaid within a period not to exceed five years, unless the purpose of the note is the acquisition of the primary residence of the participant, in which case the period shall not exceed ten years. All notes must be repaid in level payments on at least a quarterly basis. A reasonable rate of interest will apply for the term of the note, and such interest shall be considered investment income to the fund. Any such note shall be evidenced by a promissory note and shall be held as an asset of the Plan. Interest rates range from 4.25% to 9.75% for notes outstanding at December 31, 2020.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Payment of Benefits

In-service withdrawals of all or a portion of a participant's vested account balance may be made by a participant after reaching the pre-retirement age of 59 ½. Withdrawals from the Plan can also be made upon circumstances of hardship, in accordance with provisions specified by the Plan document.

Participants withdrawing from the Plan due to termination of employment with the Company, other than due to retirement, death or disability, may receive the value of their vested account by transfer to another qualified plan or individual retirement account ("IRA") or through a lump sum distribution.

Upon normal retirement, disability or death, a participant or beneficiary may receive the value of the account through a lump sum distribution or rollover to a qualified IRA.

Forfeitures

Forfeitures of terminated participants' non-vested accounts can be used to pay administrative expenses or to reduce employer contributions. Forfeitures of \$1,060,886 were used in 2020 to reduce employer contributions. The balance of forfeited non-vested accounts was \$17,887 and \$5,290 at December 31, 2020 and 2019, respectively.

Plan Expenses

Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan document. Certain other administrative expenses of the Plan are paid by the Company. Investment fees are paid by the Plan in the form of reductions of net investment income earned by Plan participants.

Basis of Accounting

The financial statements of the Plan were prepared using the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board ("FASB"). The FASB sets accounting principles generally accepted in the United States of America ("GAAP").

Adoption of New Accounting Standard

Effective January 1, 2020, the Plan adopted Accounting Standards Update ("ASU") 2018-13, Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement. The amendments in this update modify the disclosure requirements on fair value measurements in Topic 820, Fair Value Measurement. The adoption of this ASU did not have a significant impact on the Plan's financial statements.

**BORAL RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

CARES Act

Congress passed the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act on March 27, 2020 in response to the Coronavirus worldwide epidemic. The Plan adopted the provisions of this Act, effective May 14, 2020. Under the CARES Act, qualifying participants are allowed to obtain “Coronavirus-related distributions” of up to \$100,000 through December 31, 2020 without an early withdrawal penalty and these withdrawals are not subject to mandatory federal tax withholdings. Qualifying participants receiving one of these Coronavirus-related distributions can spread federal income taxes associated with the distribution ratably over a three year period and repayment is allowed within a three year period to avoid federal income tax consequences on the Coronavirus-related distribution. Qualifying participants are also allowed to obtain borrowings under participant loans of up to 100% of the participant’s vested account balance, up to \$100,000 through December 31, 2020. Qualifying participants with existing outstanding Plan Loans or Participant Loans shall delay repayment for one year. This delay is disregarded in determining the repayment provisions of Plan Loans and Participant Loans. Additionally, required minimum distributions that were due in 2020 are not required for the 2020 plan year.

Use of Accounting Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income (Loss) Recognition

The Plan’s investments in registered investment companies and common/collective trust funds are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

**BORAL RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

At December 31, 2020, three investment balances comprised approximately of 32% of total investments. At December 31, 2019, two investment balances comprised approximately of 23% of total investments.

The Company has experienced a disruption of normal business operations caused from COVID-19. The overall impact cannot be determined through the date of this report; however, it is reasonable possible that changes in risks in the near term could occur which could result in a material change to the financial statements.

Subsequent Events

Management has evaluated subsequent events through the date of this report, which is the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has provided certification that the financial information included in the financial statements and supplemental schedule as of December 31, 2020 and 2019 and for the year ended December 31, 2019 provided to the Plan is complete and accurate.

The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements and supplemental schedule as of December 31, 2020 and 2019 and for the year ended December 31, 2020 is covered by such certifications and has not been audited by independent auditors.

**BORAL RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 4 – FAIR VALUE MEASUREMENTS

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are as follows:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Money Market Funds

The money market funds are valued at daily closing price as reported by the fund. Money market funds held by the Plan are open-ended funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The money market funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Fund

The Fidelity Managed Income Portfolio is a common/collective trust fund that is valued at the NAV based on the last reported sales price of the underlying investments held. The Plan's interest in the collective trust is based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end. The investment income is allocated to participants based on their proportionate share of the net assets of the fund.

Registered Investment Companies

Shares held in registered investment companies are traded on national security exchanges and are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year-end. It is not probable that the shares of registered investment companies will be sold at amounts that differ materially from the NAV of shares held.

NOTE 5 – PLAN TERMINATION

In the event of Plan termination, all amounts credited to accounts of participants shall become non-forfeitable and, after payment of expenses, shall be vested in full and paid or credited to each participant in accordance with the Plan Agreement.

NOTE 6 – INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated February 16, 2018, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE 7 – RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee of the Plan and therefore these transactions qualify as party-in-interest. Notes receivable from participants are also defined by ERISA as party-in-interest transactions.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Boral Retirement Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan sponsored by Boral Industries, Inc. (the “Company”) for the purpose of accumulating funds to provide retirement benefits to all eligible employees. The Company established the Plan effective January 1, 1989. The Plan was restated and certain provisions of the Plan were amended effective October 30, 2015. The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Effective October 30, 2015, the Boral Bargaining Units Retirement Savings Plan (“Boral Union Plan”) merged with the Plan and all the Boral Union Plan’s assets were transferred into the Plan.

The Plan is administered by an Employee Benefits Committee, whose members are appointed by the Board of Directors of the Company, and the Plan administrator.

Eligibility

The Plan is a defined contribution profit sharing plan covering substantially all employees (other than leased employees and nonresident aliens) of the Company and any affiliated company that adopts the Plan. Upon attainment of at least eighteen years of age and completion of sixty days of service, employees are automatically enrolled in the Plan at a deferral rate of 3% of compensation, as defined in the Plan document. Enrollment is allowed on the first day of the month following eligibility. Employees can change their deferral percentage at the beginning of each payroll period.

Contributions

Participants in the Plan may make pretax and Roth salary deferral contributions to the Plan up to 75% of their annual compensation, as defined by the Plan document. Participants age fifty and older are also allowed to make catch-up contributions. Participant contributions are subject to limitations under the Internal Revenue Code (“IRC”) Section 401(k).

With the exception of the Boral Union Plan participants who were merged into the Plan as described above, the Company matching amount is equal to 100% of the first 3% of an eligible participant’s compensation and 50% of the next 2% of such participant’s compensation. Effective October 30, 2015, for the Boral Union Plan participants, the Company matching amount is equal to 50% of an eligible participants’ deferrals, up to 5% of eligible compensation, as defined by the Plan.

In addition, for substantially all employees meeting eligibility requirements, a profit sharing contribution is made by the Company equal to 1% of eligible participants’ compensation. At the end of the Plan year, the Company may contribute to the Plan an additional discretionary amount on behalf of each participant, as determined by the Company’s board of directors. There were no discretionary contributions in 2020.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's matching, profit sharing and discretionary contribution and (b) Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options

Participants may direct their elective deferrals and Company matching, profit sharing and discretionary contributions in and among various investment options. Participants may change their investment elections and transfer money between investment options on a daily basis.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

Participants become fully vested in the Company's matching, profit sharing and discretionary contributions, including investment earnings, after five years of service as follows:

<u>Years of Service</u>	<u>Percentage</u>
1	0%
2	25%
3	50%
4	75%
5 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested portion of their current account balance. Participants may apply for one note each year and have only one note outstanding at any given time. Any such note must be repaid within a period not to exceed five years, unless the purpose of the note is the acquisition of the primary residence of the participant, in which case the period shall not exceed ten years. All notes must be repaid in level payments on at least a quarterly basis. A reasonable rate of interest will apply for the term of the note, and such interest shall be considered investment income to the fund. Any such note shall be evidenced by a promissory note and shall be held as an asset of the Plan. Interest rates range from 4.25% to 9.75% for notes outstanding at December 31, 2020.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Payment of Benefits

In-service withdrawals of all or a portion of a participant's vested account balance may be made by a participant after reaching the pre-retirement age of 59 ½. Withdrawals from the Plan can also be made upon circumstances of hardship, in accordance with provisions specified by the Plan document.

Participants withdrawing from the Plan due to termination of employment with the Company, other than due to retirement, death or disability, may receive the value of their vested account by transfer to another qualified plan or individual retirement account ("IRA") or through a lump sum distribution.

Upon normal retirement, disability or death, a participant or beneficiary may receive the value of the account through a lump sum distribution or rollover to a qualified IRA.

Forfeitures

Forfeitures of terminated participants' non-vested accounts can be used to pay administrative expenses or to reduce employer contributions. Forfeitures of \$1,060,886 were used in 2020 to reduce employer contributions. The balance of forfeited non-vested accounts was \$17,887 and \$5,290 at December 31, 2020 and 2019, respectively.

Plan Expenses

Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan document. Certain other administrative expenses of the Plan are paid by the Company. Investment fees are paid by the Plan in the form of reductions of net investment income earned by Plan participants.

Basis of Accounting

The financial statements of the Plan were prepared using the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board ("FASB"). The FASB sets accounting principles generally accepted in the United States of America ("GAAP").

Adoption of New Accounting Standard

Effective January 1, 2020, the Plan adopted Accounting Standards Update ("ASU") 2018-13, Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement. The amendments in this update modify the disclosure requirements on fair value measurements in Topic 820, Fair Value Measurement. The adoption of this ASU did not have a significant impact on the Plan's financial statements.

**BORAL RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

CARES Act

Congress passed the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act on March 27, 2020 in response to the Coronavirus worldwide epidemic. The Plan adopted the provisions of this Act, effective May 14, 2020. Under the CARES Act, qualifying participants are allowed to obtain “Coronavirus-related distributions” of up to \$100,000 through December 31, 2020 without an early withdrawal penalty and these withdrawals are not subject to mandatory federal tax withholdings. Qualifying participants receiving one of these Coronavirus-related distributions can spread federal income taxes associated with the distribution ratably over a three year period and repayment is allowed within a three year period to avoid federal income tax consequences on the Coronavirus-related distribution. Qualifying participants are also allowed to obtain borrowings under participant loans of up to 100% of the participant’s vested account balance, up to \$100,000 through December 31, 2020. Qualifying participants with existing outstanding Plan Loans or Participant Loans shall delay repayment for one year. This delay is disregarded in determining the repayment provisions of Plan Loans and Participant Loans. Additionally, required minimum distributions that were due in 2020 are not required for the 2020 plan year.

Use of Accounting Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income (Loss) Recognition

The Plan’s investments in registered investment companies and common/collective trust funds are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

**BORAL RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

At December 31, 2020, three investment balances comprised approximately of 32% of total investments. At December 31, 2019, two investment balances comprised approximately of 23% of total investments.

The Company has experienced a disruption of normal business operations caused from COVID-19. The overall impact cannot be determined through the date of this report; however, it is reasonable possible that changes in risks in the near term could occur which could result in a material change to the financial statements.

Subsequent Events

Management has evaluated subsequent events through the date of this report, which is the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has provided certification that the financial information included in the financial statements and supplemental schedule as of December 31, 2020 and 2019 and for the year ended December 31, 2019 provided to the Plan is complete and accurate.

The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements and supplemental schedule as of December 31, 2020 and 2019 and for the year ended December 31, 2020 is covered by such certifications and has not been audited by independent auditors.

**BORAL RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 4 – FAIR VALUE MEASUREMENTS

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are as follows:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Money Market Funds

The money market funds are valued at daily closing price as reported by the fund. Money market funds held by the Plan are open-ended funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The money market funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Fund

The Fidelity Managed Income Portfolio is a common/collective trust fund that is valued at the NAV based on the last reported sales price of the underlying investments held. The Plan's interest in the collective trust is based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end. The investment income is allocated to participants based on their proportionate share of the net assets of the fund.

Registered Investment Companies

Shares held in registered investment companies are traded on national security exchanges and are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year-end. It is not probable that the shares of registered investment companies will be sold at amounts that differ materially from the NAV of shares held.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Plan Benefits.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to amend, modify, suspend, or terminate the Plan at any time by the adoption or execution of appropriate resolutions, subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to accounts of participants shall become non-forfeitable and, after payment of expenses, shall be vested in full and paid or credited to each participant in accordance with the Plan Agreement.

NOTE 6 – INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated February 16, 2018, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE 7 – RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee of the Plan and therefore these transactions qualify as party-in-interest. Notes receivable from participants are also defined by ERISA as party-in-interest transactions.
