Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITORS' REPORT

The Trustees of
GCGA Physicians, Inc. Defined Benefit Plan
Cincinnati, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of GCGA Physicians, Inc. Defined Benefit Plan (the Plan), which comprise the statement of net assets in liquidation as of December 31, 2020, and the related statements of changes in net assets in liquidation for the year then ended, and the statement of net assets as of December 31, 2019 and the related statement of changes in net assets for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in the Limited Scope Audit note, which was certified by Bank of America, N.A., the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2020 and 2019, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Plan Termination and Liquidation Basis of Accounting

As discussed in Note 4 to the financial statements, the retirement plan committee of the GCGA Physicians, Inc. Defined Benefit Plan approved a plan of liquidation as of October 10, 2020, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2019 financial statements to the liquidation basis used in presenting the 2020 financial statements. Our opinion is not modified with respect to this matter.

Other Matters

The supplementary schedule for the year ended December 31, 2020, as noted in the table of contents, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplementary schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

**GCGA PHYSICIANS, INC. DEFINED BENEFIT PLAN
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the GCGA Physicians, Inc. Defined Benefit Plan (the Plan) provides only general information. Participants should refer to the Plan document and the summary plan description for a more complete description of the Plan's provisions.

General

The Plan was a defined benefit plan covering all employees (except for certain classes) of GCGA Physicians, Inc. (the Company) who had one year of service, which included having worked at least 1,000 hours, and were age twenty-one or older. Employees had the opportunity to become a participant on the first "entry date", January 1st of each year, once that employee satisfied those requirements. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective May 25, 2020, the Plan was amended to amend the basic benefit formula. In addition, any participants who worked 1,000 or more hours of service from January 1, 2020 to May 25, 2020 would accrue a benefit through May 25, 2020 and for all other participants, no benefits would accrue after December 31, 2019. After May 25, 2020, there were no new participants.

As discussed in the Plan Termination note to the financial statements, the Plan was terminated effective October 10, 2020. The following is a description of the Plan prior to termination.

Participant Accounts

Prior to Plan termination, under the Plan provisions, amounts were credited by the Company to the participants' hypothetical accounts. The accounts were allocated a monthly benefit equal to a defined rate per participant group (as defined in the Plan document). Age and credited service were determined in whole years at the end of the year.

Funding Policy

Prior to Plan termination, the Plan's funding policy was for the Company to contribute an amount which would meet or exceed the annual ERISA minimum funding requirement. During 2020 and 2019, the Company made contributions of \$1,250,343 and \$1,974,284, respectively. The Company's contributions for both 2020 and 2019 exceeded the minimum funding requirements of ERISA.

Pension Benefits

Prior to Plan termination, benefits were determined based on the participant's hypothetical account balance. Plan participants were eligible for their Plan benefit after terminating employment with vested rights. Vesting began on the completion of the second year of service and a participant was fully vested after six years of credited service. If employees terminated before rendering six years of service, they forfeited the right to receive a portion of the accumulated Plan benefits attributable to the Company's contribution. Upon termination of employment, participants had the option of receiving their vested benefit in the form of a one-time lump sum payment or a monthly annuity payable for their lifetime. Participants could elect to defer payment of their benefit until a later date (if the value of the vested benefit was greater than \$1,000).

Administrative Expenses

Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**Death and Disability Benefits**

Prior to Plan termination, if an active employee died, a death benefit equal to the accumulated pension benefit was paid to the employee's beneficiary. Active employees who became totally disabled received annual disability benefits that were equal to the equivalent normal retirement benefit they accumulated as of the time they became disabled. Disability benefits were paid until normal retirement age, at which time disabled participants received the normal retirement benefit computed as though they had been employed to normal retirement age, with their annual compensation remaining the same as at the time they became disabled.

Basis of Accounting

As discussed in the Plan Termination note to the financial statements, the Plan Sponsor terminated the Plan effective October 10, 2020. As a result, the Plan changed its basis of accounting for the periods subsequent to December 31, 2019 from the going concern basis to liquidation basis.

Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

Use of Estimates

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Certain estimates relate to unsettled transactions and events as of the date of the financial statements. Other estimates relate to assumptions about the ongoing operations and may impact future periods. Accordingly, upon settlement, actual results may differ from estimated amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians (see Fair Value Measurements note).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Payments of benefits were recorded when paid.

Tax Status

The Plan was operating under a volume submitter plan document that was accepted under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. This volume submitter document received a favorable opinion letter from the Internal Revenue Service, dated March 30, 2018. A determination letter has not been received specific to the GCGA Physicians, Inc. Defined Benefit Plan. However, the Plan administrator believes the Plan was designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believes that the Plan was qualified and the related trust was tax exempt.

The Plan received approval from the PBGC for the Plan's termination effective October 10, 2020.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of both December 31, 2020 and 2019, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Currently, the prior three years are open under Federal statutes of limitations and remain subject to review and change. The Plan is not currently under audit nor has it been contacted by any taxing authority.

Subsequent Events

The Plan has evaluated subsequent events through August 25, 2021, which is the date the financial statements were available to be issued.

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump sum distributions, which are attributable under the Plan's provisions to the service employees have rendered.

Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the plan are accumulated based on employees' compensation during each year of credited service. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances; retirement, death, disability, and termination of employment are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated Plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuations were as follows:

	December 31,	
	2020	2019
Assumed Rate of Return on Investments	6.0%	6.0%
Mortality Assumption	1994 GAR Blended Table and 2020 Applicable Mortality Table From Notice 2019-26	1994 GAR Blended Table and 2020 Applicable Mortality Table From Notice 2019-26
Value of assets	Market Value	Market Value
Normal Retirement Age	Age 65	Age 65

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (Continued)

The interest rate used to discount the obligation for both December 31, 2020 and 2019 was 5.65%.

As discussed in the Plan Termination note to the financial statements, the IRS approved the Plan termination in 2020 and the Plan was fully settled during 2020. The effect of the termination of approximately \$17 million is not reflected in the December 31, 2019 valuation.

Actuarially determined amounts at the respective valuation date are as follows:

Actuarial Present Value of Accumulated Plan Benefits at End of Year	\$ -	\$ 17,050,592

NOTE 4 - PLAN TERMINATION

The Plan Sponsor elected to terminate the Plan effective October 10, 2020 in accordance with the PBGC provisions and reporting requirements. As of August 10, 2020, all participants' accrued benefits were 100% vested. The net assets of the Plan were allocated, as prescribed by ERISA and its related regulations. As of December 31, 2020, all assets of the Plan have been distributed to participants.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

LEVEL 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

LEVEL 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

LEVEL 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at either December 31, 2020 or 2019.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Stocks- Valued at the closing price reported on the active market in which the individual stocks are traded.

Corporate Obligations and U.S. Government Securities- Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

The preceding methods described may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2020 and 2019:

NOTE 6 - LIMITED SCOPE AUDIT

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplementary schedule, including investments held at December 31, 2019 and the net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2020 and 2019 was obtained by management and agreed to or derived from information certified as complete and accurate by Bank of America, N.A, the trustee of the Plan.

NOTE 7 - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Bank of America, N.A. Bank of America, N.A. was the trustee for the Plan and, therefore, these transactions qualified as party-in-interest transactions as defined under ERISA guidelines. Fees paid by the Plan to the trustee are included in either administrative expenses or net appreciation in fair value of investments. The Company paid directly any other fees related to the Plan's operations.

Several employees of the Company provided administrative services to the Plan, such as day-to-day administration and oversight. The Company did not charge the Plan for these services.

Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
