NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF THE PLAN:

The following description of the Ohio Motorcycle Group 401(k) Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement and summary plan description for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan that covers substantially all employees of H & M Acquisitions, LLC (the “Company” and “Plan Sponsor”) who have completed 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan allows other commonly owned employers to adopt its provisions. Ohio MC Riders, LLC, Erie Riders, LLC, Lakeview Motorsports, LLC, Lakeside Motorcycles, LLC and TDG Management Company, all of whom are related to the Company through common ownership, have adopted the Plan.

Contributions - Each year participants may contribute up to 100% of their pre-tax or post-tax (“Roth”) annual compensation, subject to the maximum amount allowed by the Internal Revenue Code (“IRC”) or cause the Plan to exceed the maximum amount allowable as a deduction under IRC Section 404 on a tax-deferred basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company has elected to match 100% of the participants’ voluntary contributions for the first 3% of compensation and 50% of the participants’ voluntary contributions for the next 2% of compensation, which resulted in matching contributions of \$204,343 for the year ended December 31, 2020. Each year, the Company may make discretionary non-elective contributions to each participant. The Company shall provide the plan administrator with written notification of the amount of the contribution to be allocated to each participant. Discretionary non-elective contributions were \$135,974 for the year ended December 31, 2020. Approximately \$33,000 of employer contributions were funded in 2020 by forfeitures available at December 31, 2020.

With the consent of the plan administrator, the Plan may accept participant rollover contributions from other qualified retirement plans.

Participant Accounts - Each participant’s account is credited with the participant’s contributions including elective deferrals and rollover contributions and an allocation of the Company’s contributions and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account. All investments of the Plan are fully participant directed.

Vesting - A participant is fully vested immediately in elective wage deferrals and in amounts rolled over from other qualified plans. Vesting attributable to employer matching and profit-sharing contributions is as follows:

<u>Years of Service</u>	<u>Vesting %</u>
2	20%
3	40%
4	60%
5	80%
6	100%

A. DESCRIPTION OF THE PLAN (CONTINUED):

Payment of Benefits - Upon termination of employment due to death, disability or retirement, a participant having a balance of more than \$5,000 may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. A participant having a vested account balance less than \$5,000 will receive a lump-sum distribution regardless of whether they consent to receive it.

Non-terminated employees may make withdrawals of a minimum of \$1,000 up to 100% of their vested account balances as a hardship withdrawal prior to reaching normal retirement age. Hardship withdrawals are subject to additional rules and conditions as outlined in the Plan agreement.

Non-terminated employees who have reached age 59½ may make withdrawals of a minimum of \$1,000 up to 100% of their vested account balances as an in-service distribution.

Forfeitures - Forfeitures which occur pursuant to the Plan may be used to pay any administrative expenses of the Plan, then to reduce profit sharing contributions, then to reduce company matching contributions. As of December 31, 2020 and 2019, there were available forfeitures of approximately \$33,800 and \$32,200, respectively. During 2020, the Plan had approximately \$34,100 of current forfeitures and approximately \$32,300 of forfeitures were used to reduce 2020 company contributions.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting - The Plan's financial statements have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold, as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain investment management and other fees are paid directly by the Plan. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events - The Company has evaluated subsequent events through August 25, 2021, which is the date the financial statements were available to be issued.

C. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments from participants held at December 31, 2020 and 2019, and investment income, interest, net appreciation in fair value of investments, and benefits paid for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Nationwide Life Insurance Company, the custodian of the fully benefit-responsive investment contract, and Nationwide Financial Services, Inc., the custodian of the mutual funds.

D. FAIR VALUE MEASUREMENTS:

The authoritative accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the authoritative accounting guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs include quoted prices for similar assets or liabilities in active markets or for identical or similar assets or liabilities in inactive markets. Inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

**OHIO MOTORCYCLE GROUP
401(k) PROFIT SHARING PLAN AND TRUST**

NOTES TO FINANCIAL STATEMENTS

D. FAIR VALUE MEASUREMENTS (CONTINUED):

Mutual funds: Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are valued at the daily closing prices as reported by the fund and adjusted upon conversion into units to be allocated to participant accounts, as determined by the custodians.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All assets measured at fair value as of December 31, 2020 and 2019, were mutual funds that were classified as level 2 assets within the fair value hierarchy.

E. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT:

The Plan offers the Nationwide Fixed Select Option, which is a group fixed annuity contract issued by Nationwide Life Insurance Company as custodian. The Nationwide Fixed Select Option is a traditional investment contract guaranteed by Nationwide Life Insurance Company that guarantees a rate of interest that will be credited to participant accounts. This contract meets the fully benefit-responsive investment contract criteria and is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Due to the nature of the contract, there are no specific underlying assets assigned. As a result, the average yield earned by the Plan is the yield earned (i.e. interest credited) on the group annuity contract. Under the terms of the existing contract, the crediting rate is reset on a quarterly basis. The crediting interest rate is net of administrative fees.

The contract is backed by the full faith and creditworthiness of the issuer. Guarantees are based on the claims-paying ability of the issuer and not on the value of the securities within the insurer’s general account. Key factors that could influence future crediting interest rates are changes in interest rates, and default or credit failures of the securities in the insurer’s general assets. Past interest rates are not indicative of future interest rates.

The Fixed Select Option contract does not have a maturity date. The provisions do not provide for a distribution at book value at some specified future date. A contract holder can request a lump sum distribution with a market value adjustment, or an installment payout, at book value, over a period of years. The Fixed Select Option contract continues in force until all assets have been distributed, or no further payments are due.

**OHIO MOTORCYCLE GROUP
401(k) PROFIT SHARING PLAN AND TRUST**

NOTES TO FINANCIAL STATEMENTS

E. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED):

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

F. TRANSACTIONS WITH PARTIES-IN-INTEREST:

Nationwide Financial Services, Inc. and Nationwide Life Insurance Company are the custodians of the Plan and hold all of the Plan's investments. The custodians are considered parties-in-interest of the Plan as defined by ERISA Section 3(14), and accordingly investment transactions in the funds are parties-in-interest transactions. Certain legal and accounting fees and certain administrative expenses relating to the maintenance of participant eligibility records are absorbed by the Company. Other than as described above, or pursuant to a trust agreement, the Plan has no agreements or transactions with any parties-in-interest.

G. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

H. TAX STATUS:

The Plan adopted a prototype non-standardized profit-sharing plan ("the prototype plan") sponsored by SunGard Business Systems, LLC. The prototype plan has received an opinion letter dated March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the prototype plan document was in compliance with applicable requirements of the IRC. The Plan Sponsor adopted this restated prototype plan document on January 1, 2015. The Plan was amended January 1, 2017, April 1, 2018, and January 1, 2019. The prototype plan opinion letter has been relied upon by this Plan. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

I. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

J. LOST OPPORTUNITY COST CONTRIBUTIONS:

The Company made late participant contributions to the Plan for the year ended December 31, 2020. The Plan contributed the late amount of \$1,043 for August 7, 2020, on August 21, 2020. The Plan calculated the lost opportunity costs at less than \$1.

Also, a disclosure has been made on Form 5500, Schedule H, Page 4, line 4a that \$1,043 of 2020 participant contributions were not made within the time period described in 29 CFR 2510.3-102, which is considered a Section 4975(a) prohibited transaction.

All prohibited transactions have been deposited into the Plan by the date these financial statements were issued.

NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF THE PLAN:

The following description of the Ohio Motorcycle Group 401(k) Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement and summary plan description for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan that covers substantially all employees of H & M Acquisitions, LLC (the “Company” and “Plan Sponsor”) who have completed 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan allows other commonly owned employers to adopt its provisions. Ohio MC Riders, LLC, Erie Riders, LLC, Lakeview Motorsports, LLC, Lakeside Motorcycles, LLC and TDG Management Company, all of whom are related to the Company through common ownership, have adopted the Plan.

Contributions - Each year participants may contribute up to 100% of their pre-tax or post-tax (“Roth”) annual compensation, subject to the maximum amount allowed by the Internal Revenue Code (“IRC”) or cause the Plan to exceed the maximum amount allowable as a deduction under IRC Section 404 on a tax-deferred basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company has elected to match 100% of the participants’ voluntary contributions for the first 3% of compensation and 50% of the participants’ voluntary contributions for the next 2% of compensation, which resulted in matching contributions of \$204,343 for the year ended December 31, 2020. Each year, the Company may make discretionary non-elective contributions to each participant. The Company shall provide the plan administrator with written notification of the amount of the contribution to be allocated to each participant. Discretionary non-elective contributions were \$135,974 for the year ended December 31, 2020. Approximately \$33,000 of employer contributions were funded in 2020 by forfeitures available at December 31, 2020.

With the consent of the plan administrator, the Plan may accept participant rollover contributions from other qualified retirement plans.

Participant Accounts - Each participant’s account is credited with the participant’s contributions including elective deferrals and rollover contributions and an allocation of the Company’s contributions and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account. All investments of the Plan are fully participant directed.

Vesting - A participant is fully vested immediately in elective wage deferrals and in amounts rolled over from other qualified plans. Vesting attributable to employer matching and profit-sharing contributions is as follows:

<u>Years of Service</u>	<u>Vesting %</u>
2	20%
3	40%
4	60%
5	80%
6	100%

NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF THE PLAN (CONTINUED):

Payment of Benefits - Upon termination of employment due to death, disability or retirement, a participant having a balance of more than \$5,000 may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. A participant having a vested account balance less than \$5,000 will receive a lump-sum distribution regardless of whether they consent to receive it.

Non-terminated employees may make withdrawals of a minimum of \$1,000 up to 100% of their vested account balances as a hardship withdrawal prior to reaching normal retirement age. Hardship withdrawals are subject to additional rules and conditions as outlined in the Plan agreement.

Non-terminated employees who have reached age 59½ may make withdrawals of a minimum of \$1,000 up to 100% of their vested account balances as an in-service distribution.

Forfeitures - Forfeitures which occur pursuant to the Plan may be used to pay any administrative expenses of the Plan, then to reduce profit sharing contributions, then to reduce company matching contributions. As of December 31, 2020 and 2019, there were available forfeitures of approximately \$33,800 and \$32,200, respectively. During 2020, the Plan had approximately \$34,100 of current forfeitures and approximately \$32,300 of forfeitures were used to reduce 2020 company contributions.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting - The Plan's financial statements have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold, as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

401(k) PROFIT SHARING PLAN AND TRUST**

NOTES TO FINANCIAL STATEMENTS

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain investment management and other fees are paid directly by the Plan. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events - The Company has evaluated subsequent events through August 25, 2021, which is the date the financial statements were available to be issued.

C. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments from participants held at December 31, 2020 and 2019, and investment income, interest, net appreciation in fair value of investments, and benefits paid for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Nationwide Life Insurance Company, the custodian of the fully benefit-responsive investment contract, and Nationwide Financial Services, Inc., the custodian of the mutual funds.

D. FAIR VALUE MEASUREMENTS:

The authoritative accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the authoritative accounting guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs include quoted prices for similar assets or liabilities in active markets or for identical or similar assets or liabilities in inactive markets. Inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

**OHIO MOTORCYCLE GROUP
401(k) PROFIT SHARING PLAN AND TRUST**

NOTES TO FINANCIAL STATEMENTS

D. FAIR VALUE MEASUREMENTS (CONTINUED):

Mutual funds: Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are valued at the daily closing prices as reported by the fund and adjusted upon conversion into units to be allocated to participant accounts, as determined by the custodians.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All assets measured at fair value as of December 31, 2020 and 2019, were mutual funds that were classified as level 2 assets within the fair value hierarchy.

E. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT:

The Plan offers the Nationwide Fixed Select Option, which is a group fixed annuity contract issued by Nationwide Life Insurance Company as custodian. The Nationwide Fixed Select Option is a traditional investment contract guaranteed by Nationwide Life Insurance Company that guarantees a rate of interest that will be credited to participant accounts. This contract meets the fully benefit-responsive investment contract criteria and is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Due to the nature of the contract, there are no specific underlying assets assigned. As a result, the average yield earned by the Plan is the yield earned (i.e. interest credited) on the group annuity contract. Under the terms of the existing contract, the crediting rate is reset on a quarterly basis. The crediting interest rate is net of administrative fees.

The contract is backed by the full faith and creditworthiness of the issuer. Guarantees are based on the claims-paying ability of the issuer and not on the value of the securities within the insurer’s general account. Key factors that could influence future crediting interest rates are changes in interest rates, and default or credit failures of the securities in the insurer’s general assets. Past interest rates are not indicative of future interest rates.

The Fixed Select Option contract does not have a maturity date. The provisions do not provide for a distribution at book value at some specified future date. A contract holder can request a lump sum distribution with a market value adjustment, or an installment payout, at book value, over a period of years. The Fixed Select Option contract continues in force until all assets have been distributed, or no further payments are due.

NOTES TO FINANCIAL STATEMENTS

E. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED):

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

F. TRANSACTIONS WITH PARTIES-IN-INTEREST:

Nationwide Financial Services, Inc. and Nationwide Life Insurance Company are the custodians of the Plan and hold all of the Plan's investments. The custodians are considered parties-in-interest of the Plan as defined by ERISA Section 3(14), and accordingly investment transactions in the funds are parties-in-interest transactions. Certain legal and accounting fees and certain administrative expenses relating to the maintenance of participant eligibility records are absorbed by the Company. Other than as described above, or pursuant to a trust agreement, the Plan has no agreements or transactions with any parties-in-interest.

G. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

H. TAX STATUS:

The Plan adopted a prototype non-standardized profit-sharing plan ("the prototype plan") sponsored by SunGard Business Systems, LLC. The prototype plan has received an opinion letter dated March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the prototype plan document was in compliance with applicable requirements of the IRC. The Plan Sponsor adopted this restated prototype plan document on January 1, 2015. The Plan was amended January 1, 2017, April 1, 2018, and January 1, 2019. The prototype plan opinion letter has been relied upon by this Plan. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

I. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

J. LOST OPPORTUNITY COST CONTRIBUTIONS:

The Company made late participant contributions to the Plan for the year ended December 31, 2020. The Plan contributed the late amount of \$1,043 for August 7, 2020, on August 21, 2020. The Plan calculated the lost opportunity costs at less than \$1.

Also, a disclosure has been made on Form 5500, Schedule H, Page 4, line 4a that \$1,043 of 2020 participant contributions were not made within the time period described in 29 CFR 2510.3-102, which is considered a Section 4975(a) prohibited transaction.

All prohibited transactions have been deposited into the Plan by the date these financial statements were issued.
