Biery Cheese Company Employees' Profit Sharing Plan

1 Description of Plan

The following description of the Biery Cheese Company Employees' Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan, which began September 30, 1973, and was most recently amended and restated effective April 1, 2019, is a defined contribution plan covering all employees of the Biery Cheese Company ("Company") who meet the hour and age requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective October 29, 2014, the Kickapoo Valley Plant Retirement Savings Plan merged into the Plan and the participants became eligible to participate in the Plan.

The Plan is administered under a trust agreement with Charles Schwab Trust Bank as the Trustee. Prior to April 1, 2019, the Plan was administered under a trust agreement with Huntington National Bank as Trustee.

Eligibility:

Employees age 18 and older are eligible to participate in the Plan for the purpose of employee contributions on the first day of the month following the date of hire. Participants are eligible to receive Company matching contributions on the first day of the month following the date of hire. Employees are eligible for profit sharing contributions after one year of service.

Employees who are subject to a collective bargaining agreement and part-time, temporary or seasonal employees, whose regularly scheduled service is less than 1,000 hours per year, are not eligible to participate in the Plan.

Contributions:

Cash or Deferred Option 401(k) - Participants may elect 1% to 99% of their compensation, as defined by the Plan document, to be contributed to the Plan. The Plan also allows catch up contributions up to the Internal Revenue Service limits for certain participants who are eligible.

The Plan provides an automatic salary deferral of 3% of compensation beginning 30 days after date of entry. The automatic salary deferral amount will increase by 1% per Plan year up to a maximum of 6% of eligible compensation, as defined by the Plan.

Employer Contributions - The Company will make safe harbor matching contributions, not to exceed 2% of compensation, plus 50% of salary deferral contributions between 2% and 6% of compensation for the Plan year. Participants will be 100% vested in these safe harbor contributions after two years of service.

1 Description of Plan, Continued

Contributions, Continued:

The Company may also make additional profit sharing contributions. Such additional contributions, if any, shall be allocated to each eligible participant in proportion to his or her compensation for the calendar year. There were no profit sharing amounts contributed during plan years December 31, 2020 and 2019.

Rollover contributions from other Plans are accepted, provided certain specified conditions are met.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code, as defined in the Plan document.

Participants' Accounts:

401(k) Accounts - Each participant's account is credited with the participant's elective contributions, employer matching contributions, employer profit sharing contributions and earnings and losses thereon.

Vesting:

All participants are 100% vested in elective deferrals made to the Plan.

Vesting in the participant's account balance is based on years of service for Company matching contributions and profit sharing contributions. Qualified safe harbor matching contributions are vested after two years of service. For other Company matching contributions and profit sharing contributions, a participant is vested as follows:

Years of Service	Vested %
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures:

Forfeited non-vested accounts totaled \$56,255 (2020) and \$39,177 (2019). Forfeitures can be used to pay Plan expenses or reduce future employer contributions. Forfeitures of \$44,886 (2020) and \$37,225 (2019) were used to pay Plan expenses and employer contributions.

Notes Receivable from Participants:

Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance.

NOTES TO FINANCIAL STATEMENTS

Biery Cheese Company Employees' Profit Sharing Plan

1 Description of Plan, Continued

Notes Receivable from Participants, Continued:

Loans are repaid over a period not to exceed five years with exceptions for the purchase of a primary residence. Loans are valued at unpaid principal plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant loans are recorded as distributions based on the terms of the Plan agreement.

The loans are secured by the balance in the participant's account and bear interest at a reasonable rate determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

On March 27, 2020, the "Coronavirus Aid, Relief, and Economic Security (CARES) Act" was signed into law. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the provision to extend the period for loan repayments, if requested by the participant.

Other Plan Provisions:

All participants are eligible to retire with their full retirement benefit on the attainment of age 65. After reaching age 59-1/2, participants are able to withdraw from their accounts while still employed by the Company.

Payment of Benefits:

Upon termination of service by reason of separation of service, retirement, death or total and permanent disability, a participant receives a lump sum or partial payment amount equal to the value of his or her vested account balance. If a participant's vested account balance is \$5,000 or less, he or she will receive a distribution upon termination as soon as administratively possible. Benefits are recorded when paid.

Investment Options:

Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

NOTES TO FINANCIAL STATEMENTS

2 Summary of Significant Accounting Policies, Continued

Valuation of Investments:

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as held during the year.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees:

Certain expenses of maintaining the Plan are paid directly by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses and other expenses related to administering the Plan are included in administrative expenses.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Risks and Uncertainties:

The Plan investments include mutual funds and common collective trust funds which hold investment contracts with varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Plan Benefits.

NOTES TO FINANCIAL STATEMENTS

2 Summary of Significant Accounting Policies, Continued

Subsequent Events:

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through September 17, 2021, which is the date the financial statements were available to be issued.

3 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- * Quoted prices for similar assets or liabilities in active markets.
- * Quoted prices for identical or similar assets or liabilities in inactive markets.
- * Inputs other than quoted prices that are observable for the asset or liability.
- * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds:

The fair values of the mutual funds are based on quoted market prices. The mutual funds are classified in the Level 1 category of the valuation hierarchy.

Biery Cheese Company Employees' Profit Sharing Plan

3 Fair Value Measurements, Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual Funds	<u>\$ 18,431,059</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 18,431,059</u>
Investments Measured at Net Asset Value:				
Common Collective Trusts				<u>1,169,240</u>
				<u><u>\$ 19,600,299</u></u>

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual Funds	<u>\$ 17,040,231</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 17,040,231</u>
Investments Measured at Net Asset Value:				
Common Collective Trust				<u>410,756</u>
				<u><u>\$ 17,450,987</u></u>

Investments Measured Using the Net Asset Value per Share Practical Expedient

The Plan's investments in common collective trusts are measured at net asset value ("NAV") as a practical expedient to estimate fair value. NAV is based on the underlying assets of the funds, less liabilities. In accordance with ASC 820, investments measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line items presented elsewhere in these statements.

Participant transactions (purchases and sales) may occur daily. There are no participant redemption restrictions for these investments. However, in high volume liquidation demand periods, the trustees may, at their discretion, temporarily delay liquidation requests. Were the Plan to initiate a full redemption of the Federated Capital Preservation Fund or the Reliance Trust New York Life Anchor Account, the issuers reserve the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly manner.

4 Tax Status

On June 19, 2014, the Internal Revenue Service stated that the prototype plan adopted by the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTES TO FINANCIAL STATEMENTS

Biery Cheese Company Employees' Profit Sharing Plan

4 Tax Status, Continued

Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2020, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.
