To the Plan Trustees
ICL Retirement Income Plan
622 Emerson Road, Suite 500
St. Louis, MO 63141

Dear Plan Trustees:

We have conducted a DOL limited-scope audit of the financial statements of ICL Retirement Income Plan (the "Plan") for the year ended December 31, 2020 and have issued our report thereon dated September 14, 2021. As permitted by 29 CR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 7, 2021. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2020. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most significant sensitive estimates affecting the financial statements were:

- Note 3 describing fair value measurements.
- Note 4 describing investments measured at contract value.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most significant disclosures for financial statement users are the following:

- Note 3 describing fair value measurements.
- Note 4 describing investments in contracts with insurance companies.
- Note 6 regarding information certified by the Trustee.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. No misstatements were noted during our audit.

Disagreements with Management

For purposes of this letter, a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 14, 2021.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Plan Trustees and management of ICL Retirement Income Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Sincerely,

Wipfli LLP

NOTE 1 DESCRIPTION OF PLAN

The following description of the *ICL Retirement Income Plan* (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which was adopted on May 1, 2000, and has subsequently been restated on September 14, 2020 by ICL Americas LLC (the Plan Sponsor), is a defined contribution plan covering substantially all employees of the Plan Sponsor, as defined in the Plan document. The ICL-IP America Inc. 401(k) Plan (formerly the Ameribrom 401(k) Plan) (Ameribrom) and the ICL-IP America Inc. Salaried 401(k) & Savings Retirement Plan (formerly the ICL-Supresta Inc. Salaried 401(k) & Savings Retirement Plan) (Supresta) were merged into the Plan on May 3, 2010 and December 23, 2010, respectively. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan allows automatic enrollment at a rate of 5% of compensation once employees meet eligibility requirements. Employees who wish to opt out of automatic enrollment must sign a form to decline participation.

Contributions

Participants may defer up to an annual maximum of the lesser of 60% of eligible compensation or Internal Revenue Service (IRS) limits for the years ended December 31, 2020 and 2019. The total of employee and employer contributions for a given year cannot exceed the lesser of the IRS limits or 100% of the employee's annual compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also defer after-tax and Roth contributions.

Employees can rollover any balance from a qualified retirement plan from another employer to this Plan. Such rollover contributions are kept in a separate rollover contribution account established on the employee's behalf. Participants direct the investment of their contributions into various investment options offered by the Plan. The employee will have a 100% vested interest in all amounts credited to the rollover contribution account.

The Plan Sponsor makes matching contributions equal to 80% of the participant's first 5% contributed to the Plan. For the year ended December 31, 2020, the Plan Sponsor made matching contributions totaling $2,300,757.

The Plan Sponsor may make discretionary matching contributions, which total 3% of each participant's eligible compensation. For the year ended December 31, 2020, the Plan Sponsor made discretionary matching contributions totaling $1,861,155.

Revenue Credit

The Plan may receive a quarterly revenue credit. This credit is obtained when Plan fees do not exceed certain offsets as defined by the Fidelity Service Agreement. This credit is divided among eligible participants accounts pro rata based on eligible participant account balances, exclusive of outstanding loans.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant account is credited with participant contributions and employer contributions, if any, and an allocation of the Plan's earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their account balance is based on years of continuous service. Participants become fully vested in their employer contributions plus actual earnings thereon after three years of credited service.

Participant Loans

Loans to participants are reported at their unpaid principal balance plus any accrued interest. Loans are made in any amount greater than $1,000, but less than 50% of the participant's vested account balance. In no event can the participant borrow more than $50,000. Loan transactions are treated as transfers from the investment funds to the participant loan accounts. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the Plan Administrator. Interest rates range from 4.25% to 9.00% during 2020 and 2019. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

The Plan provides for retirement benefits to begin upon retirement. Retirement age for the Plan is 59½. Upon death or disability of a participant while employed, the account balance becomes fully vested.

Upon termination of service, if the distribution amount is more than $1,000 and less than $5,000, the distribution will be automatically rolled over by the Plan to an Individual Retirement Account (IRA) with Fidelity as soon as administratively feasible. If the amount of the distribution is $1,000 or less, participants will receive a lump-sum distribution.

Participants with account balances exceeding $5,000 will have their funds maintained in the Plan until a written request is submitted to the Plan Sponsor for payment. Participants must begin taking required minimum distributions at age 70½.

At December 31, 2020 and 2019, all amounts allocated to withdrawing participants for benefit claims that had been processed and approved for payment prior to December 31, 2020 and 2019, were paid to the participants on or before that date.

Benefits are recorded when paid.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Hardship Withdrawals

Participants may withdraw from the Plan the portion of their account which is fully vested in the event of undue financial hardship. The maximum hardship withdrawal is 100% of a participant's vested balance. A hardship distribution cannot exceed the amount of the participant's immediate and heavy financial need. Before receiving a hardship withdrawal, a participant must exhaust all other distribution options under the Plan.

Investment Options

Upon enrollment in the Plan, participants may direct contributions to any of the applicable investment options available to Plan participants.

Forfeitures

Participants who terminate their employment and are less than 100% vested in their employer account will forfeit their non-vested portion. The Plan Sponsor may use these funds to reduce their contributions to the Plan. At December 31, 2020 and 2019, forfeited non-vested accounts balances totaled $7,656 and $18,491, respectively. Forfeitures of $233,946 and $215,352 were used to reduce employer contributions during the years ended December 31, 2020 and 2019, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan follows the accrual basis of accounting in conformity with generally accepted accounting principles accepted by the United States (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from estimated amounts.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

See Note 3 for discussion of fair value measurements and Note 4 for discussion of contract value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Corrective Distribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to corrective distributions.

Administrative Expenses

Administrative expenses of the Plan are paid by both the Plan Sponsor and the participants of the Plan.

NOTE 3 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Interest bearing cash: Valued at cost plus accrued interest which approximates fair value.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These investments are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

		Fair Value Measurements Using:		
December 31, 2020	Fair Value	Quoted Prices In Active Markets For Identical Assets Level I	Quoted Prices In Active Markets For Similar Assets Level II	Significant Unobservable Inputs Level III

NOTE 4 INVESTMENTS MEASURED AT CONTRACT VALUE

The Plan holds a portfolio of investment contracts that comprises synthetic guaranteed investment contracts. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts, because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The value of synthetic contracts as of December 31, 2020 and 2019 totals $10,317,773 and $9,339,286, respectively.

The investment contract held by the Plan is a synthetic guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value.

NOTE 5 TAX STATUS

The Plan is a volume submitter Plan that received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE 6 INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to be complete and accurate by Fidelity Management Trust Company (Fidelity) as of December 31, 2020 and 2019.

	2020	2019
Investments, at Fair Value		
Interest bearing cash	$ 287,954	$ 201,210
Registered investment companies	182,264,144	158,880,272
Investments, at Contract Value		
Common collective trust	10,317,773	9,339,286
Notes receivable from participants	2,308,231	2,596,492
Dividend interest income, registered investment companies	6,838,830	
Dividend interest income, common collective trust	166,170	
Interest income, interest bearing cash	527	
Interest, participant notes receivable	138,550	
Net appreciation, registered investment companies	23,069,174	

NOTE 7 RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity. The Plan adopted Fidelity as the trustee in November 2009. Therefore, these transactions qualify as party-in-interest transactions. The fees paid by the Plan for the investment management services are netted with the investment income (loss) on each investment option of the Plan for the year ended December 31, 2020.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Beginning in March 2020, the United States economy began suffering adverse effects from the COVID-19 virus crisis ("CV-19 Crisis"). The Sponsor's operations have not been significantly impacted by the CV-19 Crisis; however, the Sponsor continues to monitor the situation. Negative impact to the Sponsor's results of operations, cash flows and financial condition, and the ability for the Company to make contributions to the Plan cannot be reasonably estimated or determined at this time.

NOTE 9 SUBSEQUENT EVENTS

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance. No other subsequent events were identified through the date these financial statements were issued.
