NOTE 1 – DESCRIPTION OF PLAN

The following description of the Martin 401(K) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL
The Plan is a defined contribution plan covering full-time employees of Martin Resource Management Corporation (the Company) and its subsidiaries and affiliates. Employees are eligible to participate in the plan regardless of age or service requirements. Plan entry dates are the date of hire for each employee. The Plan is subject to the provisions of the Employee Retirement Income Securities Act of 1974 (ERISA).

PLAN ADMINISTRATION
The trustee of the Plan, Fidelity Management Trust Company, is responsible for managing the Plan's investment assets. Fidelity Management Trust Company also performs the Plan's administrative duties such as preparation of the Form 5500, participant recordkeeping, compliance testing and enrollment and transaction processing. Employees of the Company may perform certain other administrative functions; however, such employees receive no compensation from the Plan.

CONTRIBUTIONS
Participants may elect to contribute up to 30% in whole percentages of their pretax annual compensation, not to exceed the limit of Code Section 401(k), which is $19,500 and $19,000 in 2020 and 2019, respectively of their annual wages including overtime ($26,000 and $25,000, for participants who attain age 50 by the end of the Plan year). Through September 30, 2016 the Company made matching contributions based on the Safe Harbor Matching formula which is 100% of applicable contributions up to the first 3% of compensation, plus 50% of applicable contributions up to the next 2% of compensation. As of October 1, 2016, the plan was amended to change its matching contribution rate to 50% of the first 3% of participants deferred compensation, for participants not covered under a collective bargaining agreement. The amendment does not affect collectively bargained employees who receive the safe harbor matching. For 2020 and 2019, compensation is limited to $285,000 and $280,000, respectively, for determining employer contributions. In addition, the employer may also make a discretionary, non-elective contribution on behalf of active participants. These discretionary, non-elective contributions, if any, shall be allocated to active participants based on compensation. Combined employer contributions and employee deferrals per employee for all employer sponsored defined contribution plans are limited to 100% of wages up to $57,000 and $56,000 for 2020 and 2019, respectively.

PARTICIPANT ACCOUNTS
Each participant's account is credited with the participant's contribution, an allocation of the Company's contribution and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

INVESTMENT OPTIONS
Upon enrollment in the Plan, a participant may direct employee contributions and employer matching and discretionary contributions to any options provided by Fidelity Management Trust Company. One of the investment options offered through Fidelity is the Fidelity Brokerage Link Account, which enables a participant to invest in individual common stocks, preferred stocks, mutual funds, corporate bonds, Fidelity funds, and short-term investments as stipulated in the Plan document. The Plan does not guarantee any rates of return or investment results.

NOTE 1 – DESCRIPTION OF PLAN – CONTINUED

VESTING
Participants are immediately vested in their contributions plus actual earnings thereon. Under the Safe Harbor Matching Formula, employer matching contributions plus actual earnings thereon are also 100% vested. In the event the Company makes a discretionary, non-elective contribution on behalf of active participants, vesting in the contribution plus actual earnings thereon is based on years of continuous service as follows:

Years of Service	% Vested
1	20%
2	40%
3	60%
4	80%
5	100%

Full vesting also occurs at retirement (normal retirement age is sixty-five years), disability or death.

Effective January 1, 2017, the plan was amended to provide for vesting on matching contributions for participants first employed after January 1, 2017 and to follow the same schedule as discretionary, non-elective contributions.

NOTES RECEIVABLE FROM PARTICIPANTS
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of 50% of the participant's account balance or $50,000. The loans are secured by the balance in the participant's account. The loans bear interest rates ranging from 5.75% - 6.50%. Repayment of loans is required to be made through payroll deductions. Effective June 1, 2017, participants are limited to one loan outstanding at a time. Participants with more than one loan on June 1, 2017 may pay the existing loans under stated terms of the existing notes. Effective April 21, 2020 the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision allows qualified Plan participant who have plan loan repayments to defer such repayments until December 31, 2020.

PAYMENT OF BENEFITS
Participants are entitled to the benefits that can be provided from their individual account balances, subject to vesting, upon retirement, death, or termination. Payment is required to be made as soon as administratively feasible after one of these events occurs. For termination of service due to other reasons, a participant may with draw his or her account balance through a lump sum payment, installment payments, or as of June 1, 2017, receive a partial distribution. The participant may elect to defer distribution until April 1 of the calendar year following the calendar year in which such a participant reaches age 70 1/2 years of age. Effective April 8, 2020, a Plan participant may take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020.

The Plan sponsor makes mandatory distributions to separated participants with balances less than $5,000 if the participant does not make an alternative election. Balances greater than $1,000 but less than $5,000 are distributed to an Individual Retirement Account ("IRA") on behalf of the participant. Balances less than or equal to $1,000 are paid to the participant in a lump sum.

NOTE 1 – DESCRIPTION OF PLAN – CONTINUED

FORFEITURES
Forfeitures are used to reduce employer contributions or pay administrative fees for the Plan. For the years ended December 31, 2020 and 2019, forfeited amounts that have not been applied to reduce employer contributions or pay administrative fees of the Plan totaled $35,790 and $20,311 respectively. For the years ending December 31, 2020 and 2019, forfeitures used reduce employer contributions were $19,536 and $25,256, those used to pay plan administrative expenses were $12,375 and $7,036 respectively.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING
The financial statements of the plan are prepared on the accrual basis of accounting.

ESTIMATES
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS
Participant loans are classified as notes receivable and are measured at their unpaid principal balance. When a participant fails to comply with the terms of a plan loan, the loan is in default. A defaulted loan may be treated as an actual distribution, a deemed distribution, or a combination of the two.

PAYMENT OF BENEFITS
Benefits are recorded when paid for financial statement purposes.

OPERATING EXPENSES
Annual fees for testing and reporting as well as fees for Form 5500 preparation were paid to Fidelity by the Company on behalf of the plan for the years ended December 31, 2020 and 2019 and are not reflected in the financial statements. All other participant account and loan fees were deducted from respective participant accounts and are reflected as administrative fees in the statements of changes in net assets available for benefits.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification 820, Fair Value Measurements and Disclosure, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identifiable assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trusts: Valued at the NAV practical expedient per unit held by the plan at year end as reported by the trust, which is based on the fair value of underlying investments held by the trust.

Money market funds: Valued at the daily closing price as reported by the fund. Money market mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 – FAIR VALUE MEASUREMENTS – CONTINUED

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine that fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020

NOTE 4 – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, the custodian has certified the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments and notes receivable, as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Investment activity, and interest income from notes receivable from participants, as shown on the statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019.
- The schedule of assets (held at year end) as of December 31, 2020.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to related information included in the financial statements and supplemental schedule.

NOTE 5 – PLAN TERMINATION AND AMENDMENTS

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan with respect to either a portion of all of the participants by delivering to the trustee written notice of such termination. In the event of Plan termination, participants will become 100% vested in their accounts. The Company also has the right to amend the Plan at any time.

NOTE 6 – TRANSACTIONS WITH PARTIES IN INTEREST

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees to the Plan for the recordkeeping services were netted against credits to the plan from Fidelity's Revenue Credit Program (RCP) where recordkeeping revenue received by Fidelity exceeds agreed upon compensation. As a result, the plan received credits of $8,165 and $12,145 for year ended December 31, 2020 and 2019, respectively.

At December 31, 2019, the Plan held 2,000 shares of Martin Midstream Partners, LP through Fidelity Brokerage Account, with a fair value of $1,820. Martin Midstream Partners, LP is a related party of Martin Resource Management Corporation. None were held as of December 31, 2020.

NOTE 7 – INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company, by a letter dated March 21, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by tax authorities and may change upon examination.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The COVID-19 outbreak, which was declared a pandemic by the World Health Organization on March 11, 2020, has negatively impacted the world economy. The impact of COVID-19 on companies continues to evolve rapidly and its future effects on the Plan's financial position, results of operations, and changes in plan equity are uncertain.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of the Form 5500 as of December 31:

Participant contribution receivable	(20,048)	
Net increase (decrease) per Schedule H of Form 5500	$ 7,859,286	$ 10,377,781

Notes receivable from participants are classified as investments in the Plan's Form 5500 pursuant to the requirements of ERISA and the IRC. These assets are classified as notes receivable in the accompanying financial statements pursuant to ASU 2010-25, as discussed in Note 2 above. The difference in classification does not result in a difference in the Plan's net assets available for benefits.

NOTE 10 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through July 9, 2021, the date the financial statements were available to be issued.

Effective April 1, 2021, the Plan was amended to adopt an automatic enrollment feature for all newly eligible employees. Newly eligible employees, unless they elect not to participate, will be automatically enrolled in the plan, and have pre-tax contributions withheld and remitted to the plan at five percent of compensation.
