1. THE PLAN

The following description of the AIM Services, Inc. 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 403(b) plan established for employees of AIM Services, Inc. (the Company). The Plan is administered by management of the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that was signed into law on March 27, 2020 and provided relief options for retirement plan sponsors and participants who met certain eligibility requirements. The optional features that the Plan has implemented include, among others, allowing Coronavirus related distributions, increased loan limits, loan repayment deferrals, and suspending required minimum distributions. Most of the provisions of the CARES Act expired on December 31, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Plan Administration

The Company is responsible for the general administration of the Plan. Capital Bank and Trust Company and AXA Equitable Life Insurance Company held the Plan's investment assets as of December 31, 2020 and 2019, and executed investment transactions as of and for the years ended December 31, 2020 and 2019.

Eligibility

All employees are eligible to make elective deferrals, except Nonresident Aliens. Employees become eligible for the Company's contribution after attaining the age of 21 and two years of service in which employment was maintained and at least 1,000 hours were worked in each year. Upon satisfying the eligibility requirements for the Company's contribution, the entry date into the plan is the first day of the Plan year.

Plan Benefits

Plan benefits begin at the normal retirement age of 59 1/2. Participants who have attained their normal retirement age shall have a 100% nonforfeitable right in the value of their account. Timing and amount of distributions are determined by the participants. The Plan does not permit early retirement. Employees are 100% vested in the Company's contribution when they become eligible for the contribution. A terminated participant or beneficiary will receive an amount equal to the vested value of the participant's account in a lump sum.

Death and Disability Benefits

Upon death or disability, a participant will have a 100% nonforfeitable right in the value of their account which will be distributed to the participant or participant's designated beneficiary.

1. THE PLAN (Continued)

Contributions
Contributions are subject to certain limitations. The plan permits participants to contribute up to the maximum limits on employee contributions set forth by the Internal Revenue Code (IRC). The Company has the ability to make discretionary contributions as determined by its board of directors. The discretionary contributions are allocated to eligible participants on a pro rata basis as a uniform percentage of compensation.

Vesting
Participants are 100% vested in their own voluntary contributions and the Employer's contribution allocated to their account plus actual earnings and losses thereon immediately upon receipt.

Participant Accounts
The Plan allows each participant to select the investments in their individual account. Each participant's account is credited with the participant's contribution, the Employer's contribution, and Plan earnings or losses, if applicable. Plan earnings or losses are based upon the participant's holdings in each of the Plan's investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Payment of Benefits
Upon termination of service, death, or disability, participants may receive the vested portion of their account in a lump sum distribution subject to certain tax withholding considerations. Benefits are recorded when paid.

Effective April 5, 2021, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020.

Hardship Withdrawals
Participant contributions made from pre-tax compensation are subject to certain withdrawal restrictions, as specified by the Plan and the Internal Revenue Code. Hardship withdrawals may be made due to immediate financial need, as defined by the Plan. This hardship withdrawal may not exceed any immediate financial need, and all distributions and available non-taxable loans must have been obtained before the participant qualifies for a hardship withdrawal**.**

Notes Receivable from Participants
Participants are allowed to borrow from their accounts provided they borrow a minimum amount of at least $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as transfers between the investment funds and the participant loan fund. Loans are secured by the balance in the participant's account. All loans must bear a reasonable rate of interest, one that a bank or other professional lender would charge for making a loan in a similar circumstance. Loans are required to be repaid in level payments of principal and interest. Principal and interest are paid over a term ranging from one to five years. However, loans used to acquire a principal residence may be paid over a term that exceeds five years. Principal and interest payments are made by participants on a quarterly basis. Notes receivable from participants outstanding are approximately $165,900 and $81,600 as of December 31, 2020 and 2019, respectively. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Administrative Expenses

Substantially all administrative expenses associated with the Plan are paid by Plan participants as a pro-rata reduction of investment income.

Basis of Accounting

The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully-benefit responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully-benefit responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in any combination of funds offered by the Plan. These funds are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Investment Income Recognition

The Plan’s investments in mutual funds are stated at fair value. Fully benefit responsive fixed investment contracts are stated at contract value, as this is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Changes in the current value of investments, including realized gains and losses on assets sold during the year, are reflected in the statement of changes in assets available for benefits as net appreciation in the fair value of investments. Dividends are recorded on the ex-dividend date and purchases and sales of securities are recorded on a trade-date basis (the date the order to buy or sell is executed). Interest income is recognized on the accrual basis.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement
Accounting Standards Codification (ASC) Section 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Section 820 are described below:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.

- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. A description of where the Plan's investments fall within the hierarchy is provided in Note 4.

The following is a description of the valuation methodology used for assets measured at fair value.

Mutual funds - Valued based on quoted prices in active markets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Guaranteed investment Contracts
The Plan has a guaranteed investment contract with AXA, which is fully benefit responsive. Contract value is the relevant measurement for that portion of the assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract is fully benefit responsive, which means withdrawals from the contract may be made for qualifying benefit payments, including participant-directed transfers. The accounts are credited with contributions and actual earnings/losses on the underlying investments and are charged for Plan withdrawals. Every year, AXA sets minimum guaranteed interest rate. AXA sets current interest rates on a monthly basis. Current interest rates may be equal to or higher than the annual minimum guaranteed interest rate, but will never be lower. Generally, there are no events that could limit the ability of the Plan to transact at contract value. There are no events that allow the issuer to terminate the contract and which require the Plan to settle at an amount different than contract value paid over time.

3. CERTIFIED INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodians have certified the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of December 31, 2020 and 2019, and the years then ended:

	2020	2019
Total investments	$ 6,094,462	$ 4,770,716
Total investment income	$ 726,815	$ 715,058
Notes receivable from participants	$ 165,903	$ 81,624
Interest on notes receivable from participants	$ 5,990	$ 4,635
Schedule of Assets (Held at End of Year) - Schedule I		

4. FAIR VALUE MEASUREMENTS

At December 31, 2020, the Plan's investments are measured at fair value on a recurring basis and are valued as follows:

	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total
Mutual funds	$ 5,771,371	$ -	$ -	$ 5,771,371

At December 31, 2019, the Plan's investments are measured at fair value on a recurring basis and are valued as follows:

	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total
Mutual funds	$ 4,445,841	$ -	$ -	$ 4,445,841

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to the affected participants' accounts shall not thereafter be subject to forfeiture, and all unallocated amounts, including forfeitures, shall be allocated to the accounts of all participants in accordance with the provisions thereof.

6. TAX STATUS

The Plan is exempt from federal income tax under Section 403(b) of the Code. The Plan is required to operate in conformity with the Internal Revenue Code to maintain its tax exempt status for Plan participants. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows participants of the Plan to invest in certain funds, which are managed by the custodians of the Plan. As such, transactions between the participants investing in these funds and the Plan qualify as party-in-interest transactions.

The Plan also allows current employees who are participants to receive loans under specific circumstances. As such, transactions between the participants that have loans and the Plan qualify as party-in-interest transactions.

8. COMMITMENTS AND CONTINGENCIES

The United States is presently in the midst of a pandemic related to a virus, commonly known as Novel Coronavirus (COVID-19). As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the financial statements. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 1, 2021, which is the date the financial statements were available to be issued.
