Note 1 DESCRIPTION OF THE PLAN

The following description of the Holland Enterprises, Inc 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering all employees of Holland Enterprises, Inc. (the Company) who have completed three months of service and are age 21 or older. Effective September 1, 2020, the Company amended the Plan entry dates to allow eligible employees to enter the Plan on the first day of the month following the date eligibility requirement satisfaction. Prior to September 1, 2020, employees were eligible to enter the Plan on the first day of the quarter coinciding with or following the date of eligibility requirements. The Plan is subject to the provisions of the Employee Retirement income Security Act of 1974 (ERISA). The Trustee is responsible for the oversight of the Plan.

CONTRIBUTIONS

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have obtained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company may make discretionary matching contributions to the Plan. In 2020 and 2019, the Company contributed 50% of participant's elective deferrals, up to 6% of the participant's eligible base compensation. The Company may also make Qualified Non-Elective Contributions to the Plan to satisfy nondiscrimination rules which apply to the Plan which are included with employer contributions. Additional discretionary profit sharing contributions may be contributed by the Company. During 2020, there were no additional discretionary company contributions made. Contributions are subject to certain IRS limitations.

PARTICIPANTS ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service and follows the vesting schedule below:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Page 8 of 15 received on 9/16/2021 9:10:32 AM [Eastern Daylight Time]

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum, equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The maximum number of outstanding loans a participant may have at a given time is two. The loan interest rate is set at 1% above the Prime rate. Principal and interest is paid ratably through payroll deductions.

PAYMENT OF BENEFITS

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Hardship distributions are permitted from participants' pre-tax deferral contributions. If the participant is under the age 59½, the hardship distribution is subject to a 10% penalty. Distribution of benefits upon termination becomes automatic per plan guidelines if the participant's account balance is less than $5,000. Distribution in the form of a lump sum payout subject to applicable tax withholdings is automatic if the participant's account balance is less than $1,000 and the participant does not inform the employer what to do with the Plan balance. Amounts between $1,000 and $5,000 are to be rolled over to an IRA set up by the Plan administrator if the employee does not return their distribution instructions.

FORFEITURED ACCOUNTS

At December 31, 2020 and 2019, forfeited nonvested accounts totaled $380 and $12,329, respectively. These accounts will be used to reduce future employer contributions or pay plan administration expenses. Forfeited amounts must be restored to the employee if rehired before incurring a 5-year break in service and any amounts previously distributed from the Plan are paid back to the Plan by the affected employee. Forfeitures in the amount of $26,217 and $10,105 were used to reduce employer contributions for the years ended December 31, 2020 and 2019, respectively.

Note 2 SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared using the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in accordance with generally accepted accounting principles in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair market value, except for the fully benefit responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Page 9 of 15 received on 9/16/2021 9:10:32 AM [Eastern Daylight Time]

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at unpaid principal plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

SUBSEQUENT EVENTS

Plan Management has evaluated subsequent events through August 17, 2021, which is the date the financial statements were available to be issued.

Note 3 INFORMATION PREPARED AND CERTIFIED BY THE ASSET CUSTODIAN

The Plan's asset custodian, United of Omaha Life Insurance Company (Mutual of Omaha), has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

1. Investments reported on the statements of net assets available for benefits as of December 31, 2020 and 2019.
2. Investment activity reported on the statement of changes in net assets available for benefits for the year ended December 31, 2020.
3. Schedule of assets (held at year end) as of December 31, 2020.

Note 4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Page 10 of 15 received on 9/16/2021 9:10:32 AM [Eastern Daylight Time]

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Pooled Separate Accounts: Valued at the Net Asset Value ("NAV") of underlying assets. The NAV, as provided by the asset custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported NAV.

In accordance with ASU 2015-07, the fair value hierarchy is not presented in these financial statements because the investments held by the Plan are valued using the net asset value per share using a practical expedient. The following table summarizes investments for which fair value is measured using net asset value per share as a practical expedient as of December 31:

	2020			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$7,045,915	n/a	Daily	None*

	2019			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$6,134,870	n/a	Daily	None*

*There may be redemption restrictions if the Plan is in discontinuance or if a Plan participant has been placed on restrictions due to market timing.

Page 11 of 15 received on 9/16/2021 9:10:32 AM [Eastern Daylight Time]

Note 5 GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive investment contract with United of Omaha Life Insurance Company (Mutual). Mutual maintains the contributions in a general account which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract (GIC) issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract is fully benefit responsive so contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIC. The GIC is included in the statements of net assets available for benefits at contract value in arriving at net assets available for benefits, contract value, as reported to the Plan by Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract has certain restrictions that impact the ability to collect the full contract value. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. Mutual may not terminate the contract at any amount less than the contract value or prior to the scheduled maturity date.

Note 6 PARTY- IN-INTEREST TRANSACTIONS

The Plan has a number of service providers. Such parties are parties-in-interest under ERISA. Certain fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan made direct payments of $36,521 to Plan service providers which are not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations. Notes receivable from participants also qualify as party-in-interest transactions.

Note 7 PLAN TERMINATION

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 8 TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Page 12 of 15 received on 9/16/2021 9:10:32 AM [Eastern Daylight Time]

Note 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statements of net assets available for benefits.
