1. Description of Plan

The following description of the Champion Brands, Inc. ("Company") 401(K) Savings Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Company adopted the plan on July 1, 1992, and amended on January 1, 2002. The Plan is a defined contribution plan covering all full-time employees of the Company who have completed at least one year of service with a minimum of 1,000 hours and are age eighteen or older. The Company's management serves as administrator and the Plan's trustee was Wells Fargo Bank, N.A but trustee was changed in October 2019 to Fidelity Management Trust Company. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, the Company has the option to contribute to the Plan a percentage of its current profits before pension and profit-sharing costs and income taxes. The matching Company contribution is 4% of base compensation that a participant contributes to the plan. Participants may contribute up to 75% of their annual wages. Contributions are subject to maximum limits set by the Internal Revenue Services. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a series of varied risk mutual funds and common trust funds as investment options for participants.

Participant Account

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant will receive an amount equal to the value of the participant's vested interest in his or her account.

Participants entitled to distributions may elect to receive their distribution in the form of annuities or a single sum payment if their vested account at any time exceeded $1,000. Participants entitled to benefits whose vested accounts never exceeded $1,000 are to receive their distribution as a lump sum.

Forfeited Accounts

At December 31, 2020, there were no forfeited nonvested accounts. Any forfeited accounts would be reallocated to participants in the same manner as employer contributions. In 2020, employer contributions were not reduced by any forfeited nonvested accounts.

Participant Loans
Participant loans are not allowed under the plan.

Investment Options
Upon enrollment in the Plan, a participant directs the investment of his or her contributions and Company contributions in mutual funds or common trust funds.

Administrative Expenses
Administrative expenses, except for certain custodial expense of the Plan, are paid by the Company or paid by forfeiture credit.

2. Summary of Significant Accounting Policies

Date of Management's Review
Subsequent events were evaluated through September 22, 2021, which is the date the financial statements were available to be issued.

Basis of Accounting
The accompanying financial statements of the Plan have been prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Income Taxes
The Internal Revenue Services has determined and informed the Plan by letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

The Plan is a qualified plan as described in Section 401(a) of the IRC and is therefore exempt from federal and state income taxes. Income generated by activities that would be considered unrelated to

the Plan's purpose would be subject to tax, which, if incurred, would be recognized as current expense. No such tax has been recognized as of December 31, 2020.

The federal annual returns of the Plan for 2019 through 2017 are subject to examination by the IRS, generally three years after they were filed.

3. Investments

The following table presents fair value of investments measured on a recurring basis at December 31, 2020 and 2019.

	2020	2019
Mutual funds -lifecycle	$ 7,137,314	$ 6,287,512
Mutual funds - equity	775,308	341,144
Pooled, common and collected funds	503,987	507,584
Mutual funds - bonds	216,796	203,031
Mutual funds - specialty	9,193	10,693
	$ 8,642,598	$ 7,349,964

During 2020, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $708,432 as follows:

	2020
Pooled, common and collected funds	$ 11,146
Mutual funds	697,286
	$ 708,432

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value using Net Asset Value (NAV) per share practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

The Plan uses the NAV to determine the fair value of pooled separate accounts funds which: (a) do not have a readily determinable fair value and (b) prepare their financial statements consistent with measurement principles of an investment company or have the attributes of an investment company.

		Fair Value at Reporting Date Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Un-Observable Inputs (Level 3)

		Fair Value at Reporting Date Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Un-Observable Inputs (Level 3)
December 31, 2019

Mutual funds - balanced	203,031			
Mutual funds - fixed	10,693			
	$ 7,349,964	$ -	$ 507,584	$ -

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most

reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 2 Fair Value Measurements
The fair value of certain corporate bonds and common trust funds for which quoted market prices are not available are valued based on yields currently available on comparable securities of issuers with similar credit ratings. Investments in certain restricted common stocks are valued at the quoted market price of the issuer's unrestricted common stock less an appropriate discount. The fair value of the certificates of deposit is based on amortized cost or original cost plus accrued interest.

5. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Beginning in 2019, Fidelity Management Trust Company is the trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. The value of these mutual funds were $7,451,315 at December 31, 2020. Fees paid by the Plan for the investment management services amounted to $16,537, for the year ended December 31, 2020. The party-in-interest transactions are exempt from the prohibited transaction rule of ERISA.

The Company provided certain account, administrative, and investment management services to the Plan for which no fees are charged. Any other administrative fees will be paid by the Company on behalf of the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

7. Information Certified by the Plan's Custodian

The investments included in the statements of net assets available for benefits as of December 31, 2020 and 2019, and the net appreciation in fair value of investments, interest and dividends included in the statement of changes in net assets available for benefits for the year ended December 31, 2020 have been derived from information certified as complete and accurate by Fidelity Management Trust Company and Wells Fargo Bank, N.A., trustees of the Plan, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The trustees of the Plan hold the Plan's investment assets and executes investment transactions. Financial information related to those assets is included in the accompanying financial statements and supplemental schedule, and such information has been derived from reports prepared and certified by the trustees. Information provided by the trustees, which has not been audited by independent accountants, is summarized below:

	2020	2019
Assets:		
Cash	$ -	$ 155
Investments	8,642,598	7,349,964
Net assets avaialbe for beneiftits	$ 8,642,598	$ 7,350,119

	Year ended 2020
Investment Income	$ 1,133,093
Contributions	947,722
	2,080,815
Benefits paid to participants	771,644
Administrative expense	16,692
	788,336
	$ 1,292,479

Any difference between the foregoing information and information included in the financial statements and supplemental schedule result primarily from financial statement accruals, and classification differences.

8. Risks and Uncertainties

Investments Securities
The Plan provides for various investment options in any combination of pooled separate accounts. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

COVID-19
The full impact of the COVID-19 outbreak continues to evolve as the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of loss that will be recognized in subsequent periods, if any, and related impact to the Plan's liquidity cannot be determined at this time.

9. Contingencies

ERISA requires that the Plan maintain continuous coverage under a fidelity bond, equal to the lesser of 10% of the funds handled or $500,000. The Plan bond had sufficient coverage in place during the year, thus fulfilling ERISA's requirements.
