Oshkosh Corporation and Affiliates Tax Deferred Investment Plan

Notes to Financial Statements
December 31, 2020 and 2019

1. Description of the Plan

The following description of the Oshkosh Corporation and Affiliates Tax Deferred Investment Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Oshkosh Corporation (the Company) under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Administration

The Plan's Investment Committee has overall responsibility for the operations and administration of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. Fidelity Management Trust Company (FMTTC) was the appointed trustee of the Plan as of and for the years ended December 31, 2020 and 2019.

Eligibility

The Plan covers substantially all U.S. employees of the Company and its subsidiaries, except those employees who are employed pursuant to a collective bargaining agreement between the Company and United Auto Workers, AFL-CIO - Local 578 or International Brotherhood of Boilermakers, Iron Shipbuilders, Blacksmiths, Forgers and Helpers, AFL-CIO - Local 487. Employees become eligible to participate upon the first day of employment with the Company.

Contributions

Eligible employees can elect to defer from 2 percent to 75 percent of their pre-tax compensation as defined in the plan document, up to the maximum limits of the IRC. Participants may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Catch-up contributions are also allowed for participants age 50 and over. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated fund until changed by the participant. All eligible employees, except production participants of Iowa Mold Tooling Co, Inc. (IMT), receive a match of \$0.50 for each \$1.00 of participant contributions, limited to the first 6 percent of deferred participant compensation.

Certain participants are eligible for a nonelective employer contribution based on their business unit, date of hire and/or their classification as an office or a production employee. The nonelective contribution is calculated each payroll period based on a specific percentage of the eligible participant's base wages, as defined by the plan document. The specific percentages determined based upon the age of the participant as of December 31 of the year for which the nonelective employer contribution relates.

Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Individual accounts are maintained for each participant and reflect each participant's own contributions, nonelective employer contributions, employer matching contributions, each participant's share of the Plan's income or loss and any related administrative expenses. Earnings and losses of the Plan are allocated daily to participant account balances in the proportion that each participant account balance bears to the sum of all participant account balances in that particular fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100 percent vested with respect to their own contributions and the employer's matching contributions. Participants become vested in nonelective employer contributions (if applicable) following three years of service.

Notes Receivable From Participants

Participants are permitted to borrow from their accounts. The maximum aggregate dollar amount of loans outstanding to any participant may not exceed the lesser of 50 percent of the participant's vested account balance or \$50,000, with a minimum loan amount of \$1,000. Loans are repayable through payroll deductions over periods ranging up to 60 months (or 180 months if the amount borrowed is used for the purchase of a primary residence). The interest rate is determined by the plan administrator based on prevailing market conditions and is fixed over the term of the loan. Interest rates ranged from 3.25 percent to 11.25 percent as of December 31, 2020 and 2019.

Payment of Benefits

Upon termination, participants or their beneficiaries may elect to receive their benefits in a lump-sum amount or in a series of installment payments and/or partial distributions equal to the value of the participants' vested interest in their account. If a participant's account balance does not exceed \$5,000 at the date of distribution, the entire account balance shall be payable as a single lump sum upon retirement, death or termination. For participants whose account balance exceeds \$5,000 upon termination of service, the participant may defer payment until April 1 of the calendar year following the year in which the participant attains age 72.

Aside from normal retirement distributions, in-service withdrawals of pretax contributions may be withdrawn only upon attainment of age 59½.

Forfeited Accounts

As of December 31, 2020 and 2019, forfeited non-vested accounts totaled \$545,580 and \$2,091,809, respectively, which can be used to reduce future employer contributions. During the years ended December 31, 2020 and 2019, employer contributions were reduced by \$2,918,729 and \$37,969, respectively, from forfeited non-vested accounts.

Termination of Plan

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth under ERISA. In the event the Plan is terminated, participants would become 100 percent vested in their accounts.

CARES Act

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act (CARES Act) was signed into law. The CARES Act was designed to help the economy from the effects of the coronavirus pandemic, several of the provisions of the CARES Act affected employee benefit plans. The provisions of the CARES Act were optional. During 2020, the Plan opted into the following provisions of the CARES Act:

- Hardship distributions - Qualified Plan participants were permitted to take a coronavirus-related distribution of up to \$100,000 from the Plan without a 10 percent early withdrawal penalty. Eligible distributions were permitted to be taken up until December 30, 2020. Distributions may be repaid within three years, or a participant may elect these distributions to be included in taxable income on a pro rata basis over three years.
- Participant loans - Qualified Plan participants with loans outstanding were permitted to defer payment on the loans that were due during 2020 until after January 1, 2021.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Accounting Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Risks and Uncertainties

The Plan provides for investments in mutual funds and common collective funds. Investment securities are exposed to various risks including, but not limited to, interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could be material to the financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for discussion of the fair value measurements.

Notes to Financial Statements

December 31, 2020 and 2019

Net appreciation or depreciation of investments included in the accompanying Statements of Changes in Net Assets Available for Benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in the fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Managed Income Portfolio II Fund is a stable value common collective fund which holds fully benefit-responsive guaranteed investment contracts and is valued at the fair value of the underlying investments. The fund is a commingled pool of the Fidelity Group Trust for Employee Benefit Plans. Units are issued and redeemed daily at the fund's constant net asset value (NAV) of \$1 per unit. Distribution to the fund's unit holders is declared daily from the net investment income and automatically reinvested in the fund on a monthly basis, when paid. It is the policy of this fund to use its best efforts to maintain a stable NAV of \$1 per unit; although there is no guarantee that the fund will be able to maintain this value. As further disclosed in Note 3, this fund is valued at NAV as a practical expedient to determine fair value.

The Growth Company Commingled Pool and the Low-Priced Stock Commingled Pool are both common collective funds which invest in a commingled pool of the Fidelity Group Trust for Employee Benefit Plans. The funds are valued at the fair value of the underlying investments. The beneficial interest in the net assets of these funds is represented by units. The NAV per unit is determined each business day. Issues and redemptions of units are recorded, upon receipt of unit holder's instructions in good order, based on the next determined NAV per unit. As further disclosed in Note 3, these funds are valued at NAV as a practical expedient to determine fair value.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed as incurred. Interest income is recorded on the accrual basis. The notes are secured by the participants' account balances. A credit loss may occur due to a depreciation in the value of a participant's account balance. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Other Income

Other income consists of amounts received from the Plan trustee under a revenue sharing arrangement established under the trust agreement with the Company. The Plan trustee revenue is generated via investment fees charged to the Plan participants. The revenue allowance is used to pay the annual recordkeeping fee and any excess amount is used to pay for activities that benefit the Plan participants. Other income that is not used by the Plan for eligible activities can be allocated to participant's accounts. The Plan recorded other income of \$1,076,487 and \$1,029,482 during the years ended December 31, 2020 and 2019, respectively. Other income is recorded on an accrual basis.

Notes to Financial Statements
December 31, 2020 and 2019

Administrative Expenses

The annual recordkeeping fee, billed and payable quarterly, is paid via a revenue allowance attributable to investment products. The majority of the other administrative expenses of the Plan are paid by the Plan through a revenue allowance if eligible. Any remaining expenses are paid by the Company.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Transfers

Along with the Plan, the Company also sponsors other 401(k) plans. If employees transfer or change status during the year, their account balances are transferred into the corresponding plan. Net plan transfers to the Oshkosh Corporation Tax Deferred Investment Plan for Production Employees totaled \$29 during the year ended December 31, 2020. Net plan transfers to the Kewaunee Fabrications, LLC 401(k) Plan totaled \$5,531 during the year ended December 31, 2019. Net plan transfers from the Oshkosh Corporation Tax Deferred Investment Plan for Production Employees totaled \$443,202 during the year ended December 31, 2019.

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, *Fair Value Measurement*. The amendments are based on the concepts in the FASB Concepts Statement, *Conceptual Framework for Financial Reporting—Chapter 8: Notes to the Financial Statements*, which the FASB finalized on August 28, 2018. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019. The Plan has adopted the provisions of this standard for the year ended December 31, 2020. The adoption of ASU 2018-13 did not have a material impact on the Plan's financial statements.

3. Fair Value Measurements

The FASB Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability (i.e., exit price) in an orderly transaction between market participants at the measurement date. ASC Topic 820 requires disclosures that categorize assets and liabilities measured at fair value into one of three different levels depending on the assumptions (i.e., inputs) used in the valuation. Level 1 provides the most reliable measure of fair value, while Level 3 generally requires significant management judgment. The three levels are defined as follows:

Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities

Level 2 - Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets or liabilities in active markets or quoted prices for identical assets or liabilities in inactive markets

Level 3 - Unobservable inputs reflecting management's own assumptions about the inputs used in pricing the asset or liability

Oshkosh Corporation and Affiliates Tax Deferred Investment Plan

Notes to Financial Statements

December 31, 2020 and 2019

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used as of December 31, 2020 and 2019.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective funds are valued at the NAV units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by each fund less its liabilities. This practical expedient is not used when it is determined to be probable that a fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a fund, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

As of December 31, 2020, the fair values of the Plan's investments were as follows:

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,253,246,160	\$ -	\$ -	\$ 1,253,246,160
Investments measured at NAV (a)				345,452,272
Total investments at fair value				\$ 1,598,698,432

As of December 31, 2019, the fair values of the Plan's investments were as follows:

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,112,822,865	\$ -	\$ -	\$ 1,112,822,865
Investments measured at NAV (a)				260,422,777
Total investments at fair value				\$ 1,373,245,642

- (a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Notes to Financial Statements
December 31, 2020 and 2019

The following tables set forth additional disclosures for the fair value measurement of the Plan's investments that calculate fair value based on NAV per share practical expedient as of December 31:

December 31, 2020				
	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Common collective funds	\$ 345,452,272	N/A	N/A	Daily*

Common collective funds	\$ 260,422,777	N/A	N/A	Daily*

* Participant-initiated transactions may be made on any business day; however, withdrawals directed by the plan sponsor must be preceded by twelve months written notice.

4. Related-Party and Party in Interest Transactions

The Plan's investments are administered under a contract with the trustee of the Plan. These transactions qualify as party in interest transactions which are exempt from the prohibited transactions rules of ERISA. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

5. Tax Status

The IRS has determined and informed the Company by a letter dated June 29, 2017, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Information Certified by the Plan's Trustee (Unaudited)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of and for the years ended December 31, 2020 and 2019. Accordingly, FMTC has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019 and the supplementary schedule, Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reported in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2020 and 2019.

7. Corrective Contribution

During 2018, Plan management discovered the corrective contribution made by the Company in March 2018 to address historical administration of the Plan's automatic enrollment and increase features was not inclusive of all necessary corrections. The Company assessed the impact of the error during 2019 and determined the correction cost of principal and earnings to be \$408,917, of which the trustee agreed to contribute \$135,818 to the Plan for its involvement with the matter. The Company corrected the error through a Voluntary Correction Program Filing in 2020.

8. Concentrations

As of December 31, 2020, the Plan had investments totaling \$374,742,986 concentrated in two funds. As of December 31, 2019, the Plan did not have any investment concentrations.

9. Subsequent Events

Management of the Plan has evaluated subsequent events through September 14, 2021, which is the date that the financial statements were approved and available to be issued, for events requiring recording or disclosure in the Plan's financial statements.

During 2021, the Plan switched trustees to Great-West Trust Company, LLC.
