To Eric Carlson
Minco Tool & Mold, Inc. 401(k) Profit Sharing Plan

We have audited the financial statements of Minco Tool & Mold, Inc. 401(k) Profit Sharing Plan for the years ended December 31, 2020, and have issued our report thereon dated September 9, 2021. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated May 26, 2021. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Minco Tool & Mold, Inc. 401(k) Profit Sharing Plan are described in Note B to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during 2020. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Management's estimate of the fair value measurements is based on FASB ASC 820-10. We evaluated the key factors and assumptions used to develop the fair value measurements in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

The disclosure of fair value measurements in Note D to the financial statements. We used the suggested fair values and level inputs as given to us by Plan Management.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 9, 2021.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition to our retention.

Other Information in Documents Containing Audited Financial Statements

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with U.S. generally accepted accounting principles, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of Eric Carlson and management of Minco Tool & Mold, Inc. 401(k) Profit Sharing Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

MINCO TOOL & MOLD, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 and 2019

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Minco Tool & Mold, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing retirement plan sponsored by Minco Tool & Mold, Inc., (the Company and Plan Sponsor) and covers all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Under the terms of the Plan, covered employees are eligible to become participants on the first day of the month following completion of six months of employment, 500 hours of service, and attainment of age 21.

Contributions

- (a) *Participants' voluntary salary reductions.* Participants may elect to contribute up to 100% of their compensation, as defined in the Plan. Each participant's contribution may not exceed the federal maximum amount pursuant to Section 402(g) of the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Additionally, the Plan provides for catch-up contributions for participants age 50 or older.
- (b) *A discretionary employer-matching contribution.* The matching contribution, if any, is determined each year by the Board of Directors of the Company at its sole discretion. No matching contribution is to be made with respect to catch-up contributions. The matching contribution for 2020 and 2019 is 40% of employee deferrals, not to exceed 5% of eligible compensation. Matching contributions of \$159,668 and \$187,444 were contributed to the Plan for the years ended December 31, 2020 and 2019, respectively.
- (c) *A discretionary profit sharing contribution.* The profit sharing contribution, if any, is determined each year by the Board of Directors of the Company at its sole discretion. This amount is allocated based on compensation of all participants eligible to share in the discretionary amount. The Company made no discretionary profit sharing contributions for 2020 and 2019.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 and 2019

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Contributions (Continued)

- (d) *A non-elective contribution.* The Company, at its sole discretion, could make a non-elective profit sharing contribution. The discretionary contribution is allocated on a per capita basis among qualified participants who were non-highly compensated employees. The Company made no non-elective profit sharing contributions for 2020 and 2019.

Participant's Accounts

Each participant's account is credited with the participant's own contributions, employer contributions, rollover contributions, and a share of the Plan's investment income and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that could be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct employee deferrals, employer contributions, and direct rollovers into any of thirty different mutual fund, money market, or fixed income fund investment options.

Vesting

Participant vesting is based on service years. Participants are 100% vested in the voluntary salary deferral, rollover contributions, and non-elective contributions. The discretionary profit sharing contributions and discretionary employer-matching contributions vest according to the following schedule:

<u>Years of Service</u>	<u>Non-Forfeitable Percentage</u>
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 and 2019

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Forfeited Accounts

Forfeitures are reallocated following the date on which a terminated participant incurred five consecutive one-year breaks in service or following the date on which a terminated participant received payment of his vested account balance. The Plan provides that forfeitures may be used to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. Forfeitures were \$9,318 and \$5,477 for the years ended December 31, 2020 and 2019, respectively. In 2020 and 2019, forfeitures of \$30,323 and \$5,477 were applied against employer contributions and \$650 and \$2,514 were used to pay administrative expenses, respectively. At December 31, 2020 and 2019, the available balance in the forfeiture account was \$3,719 and \$23,984, respectively.

Loans to Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance as of the date of the loan. All loans are required to be repaid within five years unless the loan is used to acquire or construct the participant's primary residence. The loans are collateralized by the balance in the participants' accounts and bear interest at the prime rate plus one percent. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

After attaining the normal retirement age (65), a participant is entitled to benefits that equal the value of his or her vested interest in their account. Benefits are also paid upon death, disability, or termination of any participant. Participants receive their benefits in a lump-sum distribution, equal installment payments, or through purchase of an annuity. Distributions are recorded when paid.

Amendments

Effective January 1, 2020, the financial loss which can justify a hardship distribution was amended to include disaster losses.

Effective January 1, 2019, the Plan was amended to modify the ADP and ACP testing method to indicate that the current year testing method will be used.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements using the accrual basis of accounting.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Agreement.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, results may differ from those estimates.

Administrative Expenses

Certain Plan fees and administrative expenses are paid by the Plan Sponsor.

Reclassifications

Certain reclassifications have been made to the 2019 financial statement to conform to 2020 presentations.

MINCO TOOL & MOLD, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 and 2019

NOTE C - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2020, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company (the Trustee of the Plan).

NOTE D - FAIR VALUE MEASUREMENTS

FASB ASC 820-10, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 and 2019

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end, as reported to the Plan by the Trustee.

Money market funds: Valued at the daily closing price as reported by the fund.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019.

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 and 2019

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a benefit-responsive investment contract with Voya Retirement Insurance and Annuity Company (the Trustee). The contract is a guaranteed investment contract. The Trustee maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by the Trustee. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rate was 1.0% for 2020. The crediting interest rate is based on a formula agreed upon with the contract issuer, but may not be less than 1.0%. Such interest rates are reviewed periodically for resetting.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendment to the Plan Document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs or a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

The contract issuer has the option to payout 100% of the current value of the contract or convert the current value to another contract issued by the Trustee after completion of five contract years.

MINCO TOOL & MOLD, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 and 2019

NOTE F - INCOME TAX STATUS

The Plan Sponsor has adopted a Voya Retirement Insurance and Annuity Company Prototype Non-standardized Profit Sharing Plan which received an opinion letter dated September 1, 2014, in which the Internal Revenue Service (IRS) stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended and restated since receiving the opinion letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. No provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Fees paid by the Plan to the Trustee, Voya Retirement Insurance and Annuity Company, qualify as party-in-interest transactions.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE J - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Due to differences in the methods used in the preparation of the Form 5500 and the financial statements, there are variances between amounts reported in the two documents. These differences relate to differences in reporting employer contributions receivable to the Plan.

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31 to Schedule H of the Form 5500:
