INDEPENDENT AUDITOR'S REPORT

To the Management of
Kutol Products Company, Inc. 401(k) Plan
Sharonville, OH

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Kutol Products Company, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 10, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2020 and 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter—Supplemental Schedules

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of and for the year-ended December 31, 2020, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter—2019 Financial Statements

The financial statements of the Plan as of December 31, 2019, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. Their report, dated June 9, 2020, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

KUTOL PRODUCTS COMPANY, INC. 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Kutol Products Company, Inc. (company) 401(k) Plan (plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who are 18 years or older and have completed three months of service except if covered by a collective bargaining agreement unless the agreement requires the employee to be included under the plan or they are a leased employee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors is responsible for oversight of the plan, determines the appropriateness of the plan's investment offerings and monitors investment performance.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Plan management has until the last day of the plan year in 2022 to amend the plan for these changes.

Contributions

Each year, participants may contribute up to the maximum percentage allowable not to exceed the limits of Code Sections 401(k) and 415 of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts represented by voluntary rollovers from qualified plan accounts. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds as investment options for participants. The Company provides a matching contribution of 100% of the first 1% of the participant's eligible compensation and 50% of the next 5% of the participant's eligible compensation to the Plan.

KUTOL PRODUCTS COMPANY, INC. 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE 1 – DESCRIPTION OF THE PLAN (CONT'D)

Participant Accounts

Individual accounts are maintained for each plan participant to reflect the participant's voluntary contributions and the company's contribution (including any forfeitures which are treated as employer contributions) and an allocation of plan earnings. Employees self-direct investment selections from a number of available mutual funds. Allocation of plan earnings is based on participant account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earning thereon. Vesting in the company's contribution is based on years of continuous service. A participant is 100% vested after two years of credited service. If the employee terminates before the company's contribution is fully vested the unvested portion of the company's contribution is forfeited.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance and bear an interest rate of 4.25% to 6.50%, which is commensurate with local prevailing rates as determined by the plan administrator. The notes receivable are secured by the balance in the participant's account. Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Principal and interest is paid ratably through payroll deductions. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document. The CARES Act increased the loan limits until September 22, 2020 to the lesser of 100% of the vested account balance or \$100,000. Additionally, the CARES Act allowed for a loan payment deferment period from the later of March 27, 2020 or date of election to December 31, 2020.

NOTE 1 – DESCRIPTION OF THE PLAN (CONT'D)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in their account, in the form of installment payments over a period not extending beyond the participant's life expectancy, or in the form of a rollover into another qualified plan. In addition, the Plan includes a provision for employees to make withdrawals from their account under certain "hardship" circumstances. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

The CARES Act allowed for "CARES" Act distributions up to \$100,000 for distributions made from January 1, 2020 to December 30, 2020. The distributions are made from vested account balances and made on a pro-rata basis from all contribution sources.

Forfeited Accounts

The Plan includes provisions to allow the forfeited balances to offset plan administrative expenses and reduce employer contributions. Forfeitures of matching and discretionary contributions are allocated as follows:

1. Restoration of participant's forfeitures
2. Used to offset plan administrative expenses
3. Used to reduce the employer's contribution

At December 31, 2020 and 2019, the forfeited non-vested accounts totaled \$0 and \$900, respectively. In 2020 and 2019, \$3,156 and \$1,654 in employer contributions were paid from forfeited non-vested accounts, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

New Accounting Pronouncements

While FASB regularly issues new Accounting Standards Updates (ASUs), the Plan did not apply any new ASUs in 2020.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Directors determines the Plan's valuation policies, utilizing information provided by the investment advisors and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Fees

The company absorbs significant costs of plan administration related to legal, accounting, record keeping and general administration.

Date of Management Review

Subsequent events were evaluated through September 2, 2021, which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been no changes in the methodologies used at December 31, 2020 and 2019.

Money Market Fund: Valued at the daily closing price as reported by the fund. The money market funds are open-end mutual funds registered with the Securities and Exchange Commission (SEC). The funds are required to publish their daily net asset value (NAV) and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONT'D)

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

As of December 31, 2020, all Plan assets have been classified as level 1.

The Plan's policy is to recognize transfers between levels as of the end of the reporting period. There were no significant transfers between levels during 2020 and 2019.

NOTE 4 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Fidelity Investments Institutional, Inc., an agent for Fidelity Management Trust Company. Fidelity Management Trust Company is also the investment trustee, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the contract administration amounted to \$2,263 qualify as party-in-interest. Participant loans also qualify as party-in-interest transactions. Munninghoff, Lange & Co. is the independent auditor for the Plan. All these transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions. Any unallocated assets of the Plan shall be distributed in such a manner as the Company may determine.

NOTE 6 – PLAN AMENDMENTS

There were no amendments in the year ended December 31, 2020.

NOTE 7 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of the net assets available for benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

There are no reconciliation items between the financial statements and the 5500.

NOTE 10 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statement of the net assets available for benefits as of December 31, 2020 and 2019, and investment related activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020.
