The following description of Capital Accumulation Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Air Transport Services Group, Inc. and certain subsidiaries (collectively, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). On August 20, 2020, the Plan was amended to include TriFactor Solutions, LLC as a participating employer.

Eligibility

Employees of the Company are eligible to participate in the Plan after completing 60 days of service. Full-time or part-time employees, who are not covered by a union-negotiated agreement unless that agreement specifically requires participation in the Plan and who are not covered under any other 401(k) plan sponsored by the Company, may participate in the Plan.

Contributions

Participant Contributions – Participants may contribute between 1% and 75% of pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan after 60 days of service unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants enrolled prior to July 1, 2020 have their pre-tax deferral rate set at 2% of eligible compensation, and 3% after July 1, 2020, and their contributions invested in a designated fund until elected otherwise by the participant.

Employer Contributions – The Company makes a retirement contribution of 5% of eligible compensation to the accounts of employees of participating subsidiaries, except employees of Airborne Maintenance and Engineering Services, Inc. (AMES), who were employed prior to January 1, 2016, have completed one year of service with the Company, and are employed on December 31. For participants employed or reemployed by the Company on or after January 1, 2016 and employees of AMES, the Company makes a matching contribution equal to 100% of the first 5% of each participant's compensation deferred to the Plan.

Contributions are subject to regulatory limitations.

Investment Options

The Plan provides that participant and employer contributions to the Plan are allocated to investment options at the discretion of the participant. Investment options consist of shares purchased in mutual funds and units purchased in collective trusts.

Notes to Financial Statements

Note 1 – Description of Plan (continued)

Vesting

Participants are always fully vested in their salary deferrals and rollovers, plus earnings thereon. Participants vest in the Company's matching contributions and related earnings in increments of 20% per year of service until fully vested after five years. Vesting in the Company's retirement contributions and related earnings are fully vested after completing three years of service.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, employer contributions, and earnings thereon. Participant accounts are charged with an allocation of administration expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and are used to reduce future employer contributions. As of December 31, 2020 and 2019, forfeited non-vested accounts totaled \$128,411 and \$982,597, respectively. Forfeitures totaling \$1,259,985 were used to reduce employer contributions during the year ended December 31, 2020.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or as a partial payment of the participant's vested account balance.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's deferral account. Loan terms range from one to five years. Outstanding loans are secured by the balance in the participant's account. Under the terms of the plan agreement, loans bear a reasonable rate of interest determined by the plan administrator. Principal and interest are paid ratably through bi-weekly payroll deductions. As of December 31, 2020, the interest rates on outstanding loans range from 4.50% to 6.50% with various maturities through January 2026.

Transfers of Assets

During September 2020, account balances totaling \$4,160,940 were transferred into the Plan from the TriFactor Solutions, LLC 401(k) Plan (TriFactor Plan), a plan sponsored by a subsidiary of the Company, and eligible employees covered by the TriFactor Plan became participants in the Plan.

During June 2020, account balances totaling \$799,360 were transferred from the Plan to the Air Transport International LLC 401(k) Plan (Air Transport Plan) as a result of the transfer of employees from Global Flight Source, a subsidiary of the Company, to Air Transport International LLC. Transferred employees became participants in the Air Transport Plan as of the date of their transfers.

Plan Termination

Although there is no current intention to do so, the Plan may be terminated at the option of the Board of Directors of the Company. In the event of the Plan's termination, all assets become fully vested and are paid or transferred to the participants.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation

Investments are stated at fair value. The Plan's trustee, Fidelity Management Trust Company (the Trustee), certifies the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (exit price) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes Receivable from Participants

Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Benefit Payments

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Revenue Sharing

The Plan shares in management fee revenues generated within certain mutual fund investments. The shared revenues are maintained in a separate revenue credit account and may be used to pay qualified plan expenses or get allocated to the accounts of participants who hold the mutual funds that generate revenue sharing as offsets to allocated expenses. During the year ended December 31, 2020, shared revenues totaling \$33,332 were received by the Plan and are reported as other income.

Subsequent Events

The Plan has evaluated subsequent events through September 20, 2021, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 3 – Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds – Shares of registered investment companies (mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trusts – Units held in collective trusts (CT) are valued using the NAV practical expedient of the CT as reported by the CT fund managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a CT is calculated based on a compilation of primarily observable market information.

The following tables disclose by level the fair value hierarchy:

Fair Value Measurements as of December 31, 2020			
	Level 1	Level 2	Level 3
Mutual funds	\$ 127,160,196	\$ -	\$ -
Investments measured at NAV practical expedient			109,348,520
			<u>\$ 236,508,716</u>

Fair Value Measurements as of December 31, 2019			
	Level 1	Level 2	Level 3
Mutual funds	\$ 110,139,756	\$ -	\$ -
Investments measured at NAV practical expedient			80,312,545
			<u>\$ 190,452,301</u>

Note 4 – Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated January 27, 2016, that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 4 – Tax Status (continued)

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 6 – Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The plan administrator has obtained a certification from the Trustee that the following information is complete and accurate:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits at December 31, 2020 and 2019.
- Investment income and interest income on notes receivable from participants included in the statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Investments and participant loans included in the schedule of assets (held at end of year).

Note 7 – Party-In-Interest Transactions

Plan investments include shares of mutual funds and units of a collective trust managed by Fidelity Investments. The Trustee is an affiliate of Fidelity Investments and, therefore, transactions with these entities qualify as exempt party-in-interest transactions.
