Legrand AV 401(k) Plan

Notes to Financial Statements
December 31, 2020 and 2019

1. Description of the Plan

The following description of the Legrand AV 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a safe harbor defined contribution plan established by Legrand AV, Inc. (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan's named fiduciaries are the Company, as Plan Sponsor and Plan Administrator, and Vanguard Fiduciary Trust Company, as Trustee. As Plan Sponsor, the Company has the right to amend or terminate the Plan and designate the Plan's named fiduciaries. The Trustee has the authority to invest, manage and control the assets of the trust in accordance with the provisions of the Plan and the trust agreement.

Eligibility

All employees who have completed at least one month of service with the Company, as defined in the Plan, and are age 21 or older are eligible to participate.

Contributions

The Plan includes a cash or deferred arrangement allowed under section 401(k) of the Internal Revenue Code (the IRC). Eligible participants are permitted to elect to have a percentage of their compensation contributed as pretax 401(k) contributions and Roth contributions to the Plan up to the maximum as permitted by the Internal Revenue Service (IRS). The Plan also allows participants age 50 and older to make catch-up contributions.

Prior to December 31, 2019, the Company made safe harbor matching contributions on elective deferrals equal to 100 percent of the first 4 percent and 50 percent of the next 2 percent of eligible compensation that a participant contributes to the Plan. Effective January 1, 2020, the Company modified the safe harbor matching contribution formula. Employee deferrals of 1 percent result in an employer match of 2 percent, employee deferrals of 2 percent result in an employer match of 4 percent, employee deferrals of 3 percent result in an employer match of 5.5 percent, employee deferrals of 4 percent result in an employer match of 6 percent, employee deferrals of 5 percent result in an employer match of 6.5 percent and employee deferrals of 6 percent result in an employer match of 7 percent.

Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Contributions are subject to certain limitations.

Each year, at its discretion, the Company may choose to make a uniform profit sharing contribution allocated to all eligible participants. A participant must complete 1,000 hours of service during the Plan year and be employed on the last day of the Plan year in order to be eligible for the profit sharing contribution, unless the participant terminates employment because of death, permanent disability or attainment of normal retirement age (65). There was no discretionary profit sharing contribution made for the year ended December 31, 2020.

The Plan includes an auto-enrollment provision, whereby all newly eligible participants are automatically enrolled in the Plan at a 3 percent deferral rate unless they affirmatively elect not to participate in the Plan.

Legrand AV 401(k) Plan

Notes to Financial Statements
December 31, 2020 and 2019

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Plan earnings or losses and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions. Company matching contributions are allocated to a participant's salary deferral contributions, subject to certain limitations. Company uniform discretionary profit sharing contributions are allocated on a uniform basis as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Employee and employer safe harbor contributions are immediately vested. Employer profit-sharing contributions are vested over five years. Notwithstanding the above, participants become 100 percent vested upon normal retirement age (65), death or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Note terms range from one to five years or up to 15 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25 percent to 6.50 percent as of both December 31, 2020 and 2019. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon termination of service, for any reason, a participant with an account balance less than \$1,000 will receive a lump-sum amount equal to the value of his or her vested account. Participants with account balances that exceed \$1,000 may elect to receive their vested amount in a lump-sum amount or as a series of installment payments. The Plan also allows hardship distributions and in-service distributions subject to certain restrictions.

Forfeited Accounts

As of December 31, 2020 and 2019, forfeited non-vested accounts totaled \$25,171 and \$6,936, respectively. These accounts will be used to reduce future Plan expenses or Company contributions. In 2020, Company contributions were reduced by \$0 from forfeited non-vested accounts.

Cares Act

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act (CARES Act) was signed in law. This aid package was designed to help the economy from the effects of the coronavirus pandemic, several of the provisions of CARES Act affected employee benefit plans. The provisions of the CARES Act were optional. During 2020, the Plan has opted into the following provisions of the CARES Act:

- Hardship distributions - Qualified plan participants were permitted to take a coronavirus-related distribution of up to \$100,000 from the Plan without a 10 percent early withdrawal penalty. Eligible distributions were permitted to be taken up till December 30, 2020. Distributions may be repaid within three years or a participant may elect these distributions to be included in taxable income on a pro rata basis over three years.
- Participant loans – Qualified plan participants with loans outstanding were permitted to defer payment on the loans that were due during 2020 to after January 1, 2021.

Legrand AV 401(k) Plan

Notes to Financial Statements

December 31, 2020 and 2019

- Participant loans – Qualified plan participants may have borrowed up to \$100,000 during 2020 (an increase from \$50,000 previously permitted), these repayments may be delayed to 2021.
- Required minimum distributions (RMDs) - A temporary waiver of required minimum distributions rules permitted participants to suspend their RMDs for 2020 for participants that turned 70 ½ in 2019 and 72 in 2020.

Transfer Out

During 2020, 21 employees were transferred from the Legrand AV, Inc. (Plan Sponsor) to Legrand Central North America. Legrand Central North America is another legal entity owned by the same parent Company as Legrand AV, Inc. and has its own Plan. As a result of the transfer, the employees accounts were moved from Vanguard to the new Plan Sponsor's trustee, Prudential. The total transfer was \$2,153,476 and was completed on September 15th, 2020.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, Trustee and other third parties. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments, and the Plan Administrator deems the participant's loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefits Paid to Participants

Benefits paid to participants are recorded when paid.

Legrand AV 401(k) Plan

Notes to Financial Statements
December 31, 2020 and 2019

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after (December 15, 2019). Management has adopted the provisions of this new standard for the year ended December, 31, 2020 and noted there was no impact to the presentation of the financial statements.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through September 15, 2021, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3 - Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Legrand AV 401(k) Plan

Notes to Financial Statements
December 31, 2020 and 2019

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019:

Mutual funds are classified as Level 1 as they are traded in an active market for which closing prices are readily available and are valued at the net asset value (NAV) of shares held by the Plan at year end.

The collective trust fund is valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The collective trust does not have any unfunded commitments as of both December 31, 2020 and 2019.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Assets at Fair Value as of December 31, 2020

Notes to Financial Statements

December 31, 2020 and 2019

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

For years ended December 31, 2020 and 2019, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

4. Related Party and Party-In-Interest Transactions

Certain Plan investments are managed by the Vanguard Fiduciary Trust Company, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by the officers or employees of the Company. No such officer or employee receives compensation from the Plan.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their Company contributions.

6. Tax Status

The IRS has determined and informed the Company by a letter dated May 28, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2020, the plan had investments of \$7,926,883 (11 percent Concentration) in one fund. As of December 31, 2019, the Plan had no investment concentrations.

Notes to Financial Statements

8. Administration of Plan Assets

The Plan's assets are administered under a contract with the Trustee of the Plan. The Trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

9. Information Certified by Trustee - Unaudited

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for 2020 and 2019. Accordingly, the Trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019 and the supplementary Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.
