Notes to Financial Statements

1. Description of the Plan

The following brief description of the LifeWorks US Inc. Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan and was adopted by LifeWorks US Inc. (the Company) effective January 1, 2017, to provide deferred tax benefits and after-tax savings to eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Merger

Effective January 1, 2021, the Plan was merged into the Morneau Shepell Limited Retirement Savings Plan. On December 31, 2020, the investments, with exception of a mutual fund, were liquidated (sold) and converted to non-interest-bearing cash and transferred to, and received by, the Morneau Shepell Limited Retirement Savings Plan subsequent to the merger effective date.

Eligibility

The Plan covered all active employees of the Company who were at least 21 years of age, excluding residents of Puerto Rico and employees hired under an internship agreement. Enrollment was allowed on the day coinciding with or subsequent to completion of the eligibility requirements.

Contributions

Each year, participants may have contributed up to the dollar limitation set forth in Section 402(g) of the Internal Revenue Code (IRC) in effect at the beginning of the Plan year. Eligible employees who had attained age 50 before the close of the Plan year were allowed to make catch-up contributions up to the maximum allowed by the IRC. Contributions were subject to certain limitations. Newly hired employees who became eligible to participate in the Plan were automatically enrolled at 6% of their compensation, unless another option was selected by them, with no automatic annual increases.

Participants may have also contributed amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants directed the investment of their contributions into various investment options offered by the Plan.

The Company had elected to operate the Plan under a QACA safe harbor provision whereby participants in the Plan received a non-elective matching contribution of 100% of the first 1% of compensation contributed to the Plan, plus 50% of the contributions between 1% and 6% of compensation contributed to the Plan. The Company may have also made qualified non-elective contributions. No qualified non-elective contributions were made during 2020.

Participant Accounts

Each participant's account was credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Allocations were based on participant compensation, deferrals or account balances, as defined. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account balance.

LifeWorks US Inc. Retirement Savings Plan

Notes to Financial Statements

1. Description of the Plan (cont.)

Notes Receivable from Participants

Participants may have borrowed, from their fund accounts, a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Note receivable transactions were treated as a transfer between the investment fund(s) and the participant note receivable fund. The notes receivable from participants were secured by the balance in the participant's account and bore a reasonable rate of interest as defined by the Plan. Principal and interest payments occurred ratably through regular payroll deductions over a period not to exceed five years, unless the notes receivable were used to purchase a primary residence in which case the note receivable terms may exceeded five years.

Vesting

Participants were 100% vested in employee deferrals, their voluntary and rollover contributions, plus actual earnings thereon. Vesting in the Company contributions was based on years of credited service. The Plan document allows crediting for years of service for participants who were terminated and rehired, subject to certain rules. A participant was 100% vested after two years of credited service.

Participants were considered fully vested in their account upon death or disability.

Payment of Benefits

On exiting the Plan due to death, disability, retirement or termination of employment, if vested benefits in the Plan exceeds \$5,000, a participant may have elected to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. If a participant's vested benefit in the Plan did not exceed \$5,000, a participant may have elected to receive a lump sum amount or have the payment rolled over directly to another individual retirement account or eligible plan. If no election was made by the participant within the period prescribed by the Plan administrator, vested funds were automatically rolled over. Under certain qualifying circumstances, hardship withdrawals were permitted under the Plan.

Forfeitures

Forfeited non-vested accounts totaled \$47,583 and \$54,946 at December 31, 2020 and 2019, respectively. Matching contribution amounts forfeited, plus earnings (losses) thereon, were used to reduce Company contributions or pay Plan expenses. During the year ended December 31, 2020, \$30,171 of forfeited funds were used to pay Plan expenses.

Plan Expenses

Certain administrative expenses of the Plan were paid by the Plan. Certain other administrative expenses of the Plan were paid by the Company. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and are included in administrative expenses. Investment fees were paid by the Plan in the form of reductions of net investment income earned by Plan participants.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan were prepared using the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (GAAP).

2. Summary of Significant Accounting Policies (cont.)

Use of Estimates

The preparation of financial statements in conformity with GAAP required the Plan administrator to make estimates and assumptions that affected the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan were reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales were recorded on a trade-date-basis. Investment income was recorded on the accrual basis. Net appreciation (depreciation) included the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed as they were incurred. No allowance for credit losses had been recorded as of December 31, 2020. If a participant ceased to make loan repayments and the Plan administrator deemed the participant loan to be in default, the participant loan balance was reduced, and a benefit payment was recorded.

Payment of Benefits

Benefit payments to participants were recorded upon distribution.

3. Summary of Certified Information

The Plan administrator had elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, T. Rowe Price Trust Company (T. Rowe Price) had certified that the financial information included in the financial statements as of December 31, 2020 and 2019, and for the year ended December 31, 2020, provided to the Plan was complete and accurate. The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements as of December 31, 2020 and 2019, and for the year ended December 31, 2020, was covered by such certification.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

4. Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

LifeWorks US Inc. Retirement Savings Plan

Notes to Financial Statements

4. Fair Value Measurements (cont.)

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2020 and 2019.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust - The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may have produced a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could have resulted in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019.

<i>December 31, 2020</i>	Level 1	Level 2	Level 3	Total
Mutual fund	\$ 127	\$ -	\$ -	\$ 127
Total investments, at fair value			\$ 127	\$ 127
<i>December 31, 2019</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,943,527	\$ -	\$ -	\$ 14,943,527
Common collective trust, at net asset value*			437,557	437,557
Total investments, at fair value			\$ 15,381,084	\$ 15,381,084

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the amounts presented in the statement of net assets available for benefits.

LifeWorks US Inc. Retirement Savings Plan

Notes to Financial Statements

4. Fair Value Measurements (cont.)

Fair value of investments in certain entities that calculate NAV per share (or its equivalent) was as follows:

Investment	Fair Value 2019	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust	\$ 437,557	None	Immediate	None

5. Tax Status

The Plan was based on the Volume Submitter Profit Sharing Plan with CODA (volume submitter plan) of T. Rowe Price Retirement Plan Services, Inc. which received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the volume submitter plan was designed in accordance with the provisions of the IRC. The Plan had been amended since the date of the opinion letter, the Plan administrator believed the Plan was designed, and was being operated, in compliance with the applicable requirements of the IRC and therefore, believed the Plan was qualified, and the related trust was tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator had analyzed the tax position taken by the Plan, and concluded that, as of December 31, 2020, there were no uncertain positions taken or expected to be taken. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it had not expressed an intention to do so, the Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants would have become fully vested in their Company contributions.

7. Risks and Uncertainties

The Plan provided for various investment options. Investment securities were exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it was possible that changes in risks could have materially affected participants' account balances and the amounts reported in the financial statements.

8. Related Parties and Party-In-Interest Transactions

Certain Plan investments were managed by T. Rowe Price Trust Company. These transactions, as defined by the Plan, qualified as party-in-interest transactions. Notes receivable from participants were also defined by ERISA as party-in-interest transactions. Such transactions were exempt from the prohibited transaction rules.

9. COVID-19 Considerations

The COVID-19 outbreak was declared a worldwide pandemic on March 11, 2020, by the World Health Organization (WHO). The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was passed into law. The CARES Act expanded the ability of certain 401(k) plan participants to withdraw, penalty free, funds from their vested retirement plan accounts, increased the participant loan limit, and delayed loan repayments for up to one year, subject to the certain participant eligibility criteria. The Plan adopted the certain provision of the CARES Act.

Notes to Financial Statements

10. Subsequent Events

The Company made the decision to merge the Plan into the Morneau Shepell Limited Retirement Savings Plan, effective January 1, 2021.

Management has evaluated subsequent events through September 13, 2021, which is the date the financial statements were available to be issued.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits on the financial statements to Form 5500 at December 31, 2020 and 2019:

<i>December 31,</i>		2020		2019

Net assets available for benefits per Form 5500	\$	-	\$	15,512,586

Due to the fact the Form 5500 reports the transfer of the Plan's assets effective December 31, 2020, these financial statements do not include a Schedule H, Line 4i - schedule of assets (held at end of year).

The following is a detail of Plan assets as of December 31, 2020, as reported on the statement of net assets available for benefits.
