1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following brief description of the A. Stucki Company 401(k) Profit Sharing Plan & Trust (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Effective March 27, 2020, the following temporary provisions as provided by the Coronavirus Aid, Relief and Economic Security ("CARES") Act were applicable to Plan participants:

- Qualified participants were permitted to take a Coronavirus-related distribution of up to $100,000 (not to exceed the participant's account balance) without a 10% early withdrawal penalty through December 31, 2020.

- Participants and beneficiaries were able to elect whether or not to receive required 2020 minimum distributions.

- Participants were permitted to borrow up to $100,000 - an increase of $50,000 previously allowed under the Internal Revenue Code - for loans made from March 27, 2020 through September 22, 2020, and repayment can be delayed.

- Participants were permitted to suspend the payment of loans due March 27, 2020 through December 31, 2020 for up to one year.

General - The Plan provides all full-time nonunion employees, who meet age and service requirements, of A. Stucki Company (the "Company") with a tax-deferred savings and profit-sharing program. The Plan is administered by the Company and subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Employer Contributions - The Company made a matching contribution equal to 50% of the first 3% of the employee elective deferral and 25% on the next 2% of employee elective deferrals for the entirety of the year ended December 31, 2019. During the year ended December 31, 2020, the employer match was temporarily suspended effective May 1, 2020. The employer match was reinstated effective January 1, 2021.

The Company may also elect to provide a profit-sharing contribution. The amount of the profit sharing contribution is determined annually by the Board of Directors based on the profitability of the Company. The Company did not make a profit sharing contribution for 2020 or 2019.

Employee Contributions - All employees who meet age and service requirements are eligible to participate in the Plan. The Plan provides for employee contributions from 1% to 85% of individual compensation into deferred savings, subject to IRS limitations on total deferrals. Employee contributions consist of employee payroll deductions and rollovers from other qualified plans.

Participant Accounts - Each participant's account is credited with the participant's contributions, share of plan earnings and, where applicable, employer contributions. Allocations are based on the participant's earnings or account balances, as defined.

Investments - The Plan's investments are held by the custodian of the Plan. Participants may direct contributions to the investment options available within the Plan. Participants may change their investment options at any time.

Vesting - Participants are immediately vested in their voluntary contributions, their share of employer matching contributions and the respective earnings thereon. Vesting in profit sharing contributions and earnings thereon is according to the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or More	100%

Participants are 100% vested in the event of total disability, death or upon reaching retirement age prior to guidelines noted above.

Forfeitures - Forfeitures represent non-vested benefit payments remaining in the Plan for all current-year terminated employees. Forfeitures are applied to reduce employer contributions, if applicable, or, if in excess of employer contributions, allocated among the remaining participants. During the years ended December 31, 2020 and 2019, forfeitures were $3,073 and $5,352 respectively. These forfeitures were used to reduce employer contributions in both 2020 and 2019. There is no available balance in the forfeitures account at December 31, 2020 or 2019.

Payment of Benefits - Benefit payments to participants are recorded at the time of distribution.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are carried at their fair value based upon published quotations or, in the absence of readily ascertainable market values, at such values as the custodian determines. The unrealized appreciation of investments is determined by the change in current market value from the beginning of the year (if held for the entire year) to the end of the year, or from the date of purchase to the end of the year. The realized appreciation of investments is determined from the date of purchase to the date of sale. Gains and losses on securities sold or redeemed are determined on the basis of specific identification.

Generally accepted accounting principles establish a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs that may be used to measure fair value are defined as:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

All of the Plan's investments are in various mutual funds, which are valued using quoted prices in active markets (level 1 inputs).

There have been no changes to the methodologies used at December 31, 2020 and 2019. These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting dates.

Notes Receivable from Participants - Participants may borrow up to 50% of their account balance, up to a maximum of $50,000 and $100,000 in 2020 based upon the provisions of the CARES Act. The amount of the loan must be at least $1,000. Loans accrue interest at a rate equal to the prime rate plus 1% at the inception of the loan and are secured by the participant's account balance. All loans must be repaid in their entirety over a maximum of 54 months, unless the purpose of the loan is to purchase a principal residence or unless covered by the provisions of the CARES Act. The interest rates on the loans outstanding as of December 31, 2020 and 2019 ranged between 4.25% and 6.50%.

Administrative Expenses - Administrative expenses of the Plan are paid by the Company; certain investment and custodian fees are paid by the Plan. Neither the administrators nor any Company personnel receive any compensation from the Plan.

Subsequent Events - Management has evaluated subsequent events through September 24, 2021, the date which the financial statements were available to be issued.

2. CERTIFIED FINANCIAL INFORMATION

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments as shown in the statements of assets available for benefits as of December 31, 2020 and 2019.

- Investment activity as shown in the statements of changes in assets available for benefits for the years ended December 31, 2020 and 2019.

- The schedule of assets held for investment purposes at end of year, as shown on the accompanying schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

3. PLAN TERMINATION

The Company anticipates and believes that the Plan will continue without interruption but reserves the right to discontinue the Plan at its discretion. In the event that such discontinuance results in the termination of the Plan, all amounts credited to participant accounts become 100% vested. The assets of the Plan will be distributed by the custodian in accordance with the trust agreement in a uniform and nondiscriminatory manner.

4. FEDERAL INCOME TAX STATUS

The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The Plan is a prototype plan for which the custodian has obtained a favorable determination letter in which the Internal Revenue Service states that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code based upon a letter dated July 16, 2014. Therefore, the administrator believes that the Plan is qualified and the related trust is tax-exempt as of the financial statement date. Management believes there is no liability related to uncertain tax positions at December 31, 2020 or 2019. The Plan is no longer subject to tax examinations for the years before December 31, 2017.
