University of Dayton Tax Deferred Annuity Plan

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of the University of Dayton Tax Deferred Annuity Plan, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Teachers Insurance and Annuity Association of America and College Retirement Equities Fund (collectively, TIAA) and Lincoln National Life Insurance Company (Lincoln), the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that TIAA and Lincoln held the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from TIAA and Lincoln as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental schedule of assets (held at end of year) as of December 31, 2020 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN:

The following description of the University of Dayton Tax Deferred Annuity Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, covering all employees of the University of Dayton (the "Sponsor" or "University") except students employed by the University. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions

Contributions made to the Plan are comprised of only employee contributions. Eligible participants may enter the Plan immediately and may elect to make contributions on a pre-tax or after-tax basis, subject to certain Internal Revenue Service ("IRS") limits. The Plan includes an auto-enrollment provision whereby new employees and current employees with less than 10 years of service as of January 1, 2012, but not including employees classified as adjunct, part-time or non-benefit eligible are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In addition, participants that have been employed by the University for more than 15-years may make additional catch up contributions ("Special 403(b) Catch Up Contributions") equal to the lesser of the following: 1) $3,000; 2) $15,000 minus the amount of Special 403(b) Catch Up Contributions made in prior years; or 3) $5,000 times the numbers of years worked for the University minus the total amount of salary deferrals made while employed by the University. Participants are also permitted to make rollover contributions to the Plan from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant accounts

Each participant's account is credited with the participant's contributions and an allocation of the Plan's earnings and expenses. Allocations of Plan earnings are based upon the performance of the investment funds chosen by the participant. The benefit to which a participant is entitled is the amount that can be provided from the participant's account.

Investment options

Plan contributions are invested, at the direction of the participant, in one or more funding vehicles available to participants under the Plan. The vendors available to participants are Teachers Insurance and Annuity Association of America and College Retirement Equities Fund (collectively, TIAA) and Lincoln National Life Insurance Company (Lincoln). Effective July 1, 2011, participants were no longer able to contribute to Lincoln, but were permitted to maintain account balances held at Lincoln.

Vesting

Participants are immediately vested in their contributions plus earnings thereon.

Notes receivable from participants

Participants may borrow a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of the vested balance of the account. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the administrator. Loans are payable within five years except for those used to acquire a principal residence. Notes receivable from participants outstanding at December 31, 2020 and 2019 were $1,564,604 and $1,388,706, respectively.

Loans collateralized by participant accounts
Prior to May 1, 2018, participants with funds held by TIAA and Lincoln were permitted to obtain loans from the vendors for a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. Effective May 1, 2018, such loans are no longer permitted; however certain balances remained outstanding.

Loan proceeds were disbursed by the vendors who collateralized a portion of the participant's account balance. Upon the execution of a loan agreement, a portion of the participant's account balance equal to the unpaid loan was transferred into the unallocated insurance contract offered by the vendor. Loan repayments are made by participants directly to the vendors. As loan payments are received by the vendors, a portion of the funds held as collateral are released. Defaults are determined in accordance with the terms of the Plan loan agreements between the vendor and the participant. Upon default, the Plan loan becomes taxable to the participant; however, the collateral remains in the participant's account until the participant reaches a distributable event such as retirement or termination.

Plan loans outstanding at December 31, 2020 and 2019 were $625,488 and $926,807, respectively. As these loans are between the vendor and the participant, they do not appear on the statements of net assets available for benefits.

Payment of benefits
Upon termination of service due to death, disability or retirement, distribution shall be made to the participant or beneficiary in a single lump sum payment, partial payments, installment payments or a single life annuity payment.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:
The following are the significant accounting policies of the Plan:

Basis of accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition
Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Withdrawals and payment of benefits
Withdrawals and benefits are recorded upon distribution. Payments to purchase allocated insurance contracts are recognized as decreases in the statements of changes in net assets available for benefits as the insurance company has assumed the obligation to provide benefits under the terms of the applicable insurance contracts.

Administrative expenses
Certain administrative functions are performed by employees of the University; no such employee receives compensation from the Plan. The University has elected to pay certain costs associated with the administration of the Plan from its assets. Investment related expenses are included in net appreciation of fair value of investments.

Accounting change
Recently issued accounting pronouncement – In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2018-13. "Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement, (ASU 2018-13)," which amends the FASB Accounting Standards Codification (ASC) 820 to add, remove, and modify fair value measurement disclosure requirements. ASU 2018-13 became effective for all entities for fiscal years beginning after December 15, 2019. Adoption of ASU 2018-13 does not have a material impact on the Plan's financial statements.

Subsequent events
The Plan has evaluated subsequent events through September 21, 2021, the date the financial statements were available to be issued.

3. INVESTMENTS:
The Plan has investment contracts with the TIAA and Lincoln. Contributions may be deposited into the insurance companies' general accounts under unallocated investment contracts, variable annuity accounts, or into a pooled separate account. The insurance companies are contractually obligated to repay the principal and a specified interest rate for contributions deposited into their general accounts. A portion of the unallocated insurance contracts have surrender charges and other restrictions on withdrawals and are therefore, not considered to be fully benefit-responsive. The remaining portion of the unallocated insurance contracts do not have restrictions on withdrawals and are considered fully benefit-responsive. Unallocated insurance contracts considered to be fully benefit-responsive are presented at contract value, while unallocated insurance contracts that do not qualify as fully benefit responsible are presented at fair value. The variable annuity accounts and pooled separate accounts are credited with the actual earnings of the underlying investments and charged for plan withdrawals and administrative expenses. Participants may also invest their contributions in various registered investment companies offered by TIAA.

Plan management has elected the method of compliance permitted by 29 CFR2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and Lincoln, the Plan's custodians, have certified the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, and the supplemental schedule of assets (held at end of year) as of December 31, 2020; the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Self-directed brokerage account: Account primarily consists of registered investment companies and cash equivalents that are valued on the basis of readily determinable market prices.

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Unallocated insurance contracts: The TIAA Traditional Annuity is an unallocated fixed-dollar annuity and investment product offered by TIAA, an insurance company that is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity is maintained in the TIAA general account. Contributions to the TIAA Traditional Annuity purchase a contractual or guaranteed amount of future benefits for the participants and are secured by the general assets of TIAA. Due to certain withdrawal limitations, the annuity contracts are not considered to be fully benefit responsive. As such, the Plan records its investment in the TIAA Traditional Annuity at fair value. Fair value is determined using a discounted cashflow analysis using discounted rates that are expected to approximate future crediting rates.

Variable Annuity Accounts: Participants purchase accumulation units in the variable annuity contracts and their value is calculated and published daily.

Pooled separate account: The TIAA Real Estate Pooled Separate Account is valued at the net asset value per accumulation unit of the investment. The underlying real estate holdings or other real estate related investments are valued principally utilizing external appraisals. Although the underlying assets of the account cannot be quickly sold and converted to liquid assets, the TIAA general account provides the Plan with a liquidity guarantee. Transfers out of the pooled separate account are limited to one per calendar quarter. There are no unfunded commitments or redemption notice period.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value at December 31, 2020				
Description	Level 1	Level 2	Level 3	Assets at NAV	Total
Self-directed brokerage account	$ 2,766,371	-	-	-	2,766,371
Registered investment companies	195,612,289	-	-	-	195,612,289

Investments Measured Using the Net Asset Value per Share Practical Expedient
The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2020		Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
TIAA Real Estate Account	$	16,529,801	None	Limited to one per quarter	None

December 31, 2019		Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
TIAA Real Estate Account	$	17,685,488	None	Limited to one per quarter	None

The TIAA Real Estate Account, a pooled separate account, is a direct filing entity ("DFE"). The Plan is not required to disclose the investment strategies of DFEs that file a Form 5500 annual report directly with the U.S. Department of Labor.

Changes in Fair Value of Level 3 Assets
The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to the total net assets available for benefits.

During 2020, the Plan purchased $7,126,646 and sold $13,285,686 of the unallocated insurance contracts.

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

December 31, 2020	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range
Unallocated insurance contracts	$ 98,581,971	Discounted cash flow	Discount rate	3.00 - 4.45%

December 31, 2019	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range
Unallocated insurance contracts	$ 100,716,996	Discounted cash flow	Discount rate	3.00 - 4.40%

5. FULLY BENEFIT- RESPONSIVE INVESTMENT CONTRACTS:

Funds invested in the TIAA Traditional Annuity under group supplemental retirement unit-annuities (GSRA) and supplemental retirement annuities (SRA) are considered fully benefit-responsive. Funds invested in the fixed account portion of the Lincoln Fixed Account Multi-Fund Group Variable Annuity are also considered fully benefit-responsive.

TIAA and Lincoln maintain the contributions in general accounts. The accounts are credited with discretionary earnings on the contributions and charged for participant withdrawals and administrative expenses. The contract issuers are contractually obligated to repay the principal and specified interest rates that are guaranteed to the Plan. The guaranteed investment contracts do not permit TIAA and Lincoln to terminate the agreements prior to the scheduled maturity dates.

The contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TIAA and Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuers' abilities to meet their financial obligations. The issuers' abilities to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuers. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with participants.

In addition, certain events allow the issuers to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without consent of the issuer.

6. RELATED-PARTY TRANSACTIONS:
Certain plan investments are managed by TIAA and Lincoln, the custodians as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment.

7. PLAN TERMINATION:
Although it has not expressed any intent to do so, the University has the right to terminate the Plan subject to the provisions of ERISA.

8. TAX STATUS:
The Plan has not been submitted to the IRS for a determination of its compliance with the Internal Revenue Code ('IRC"). However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. The terms of the Plan have been prepared to conform with the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

9. RISKS AND UNCERTAINTIES:
The Plan investments are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. PLAN OPERATIONS:
On March 11, 2020, the World Health Organization declared the novel coronavirus (COVID-19) outbreak a pandemic which has impacted the financial markets and global economy. The COVID-19 pandemic is on-going and the duration and extent of the related financial impact on the Plan's net assets available for benefits and changes in net assets available for benefits is uncertain and cannot be reasonably estimated at this time.

On March 27, 2020, the U.S. Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provides temporary relief for retirement plan sponsors and their participants with respect to distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document.

The Plan Administrator has adopted distribution relief provisions, delayed loan payment, and temporary waiver of required minimum distributions provisions included in the CARES Act in the current year.

The distribution relief provision permitted qualified individuals to request a pre-approved coronavirus-related distribution, through participant self-certification of eligibility. The maximum amount that could be requested per participant was $100,000 through December 30, 2020.

The plan loan relief provision permitted qualified individuals to request a loan up to $100,000 and 100% of their vested balance, through participant self-certification of eligibility. Additionally, the Plan permitted participants impacted by COVID-19 to defer loan payments between March 27, 2020 and December 31, 2020 for one year.

The Company intends to formally amend the Plan before the end of the applicable remedial amendment period to reflect such provisions.
