NOTES TO FINANCIAL STATEMENTS

December 31, 2020

NOTE 1: PLAN DESCRIPTION

The following description of the Grand Openings, Inc. Employees' 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 1995, under the provisions of the Internal Revenue Service Code Section 401(a), as a defined contribution plan to benefit participating employees of Grand Openings, Inc., Creative Counter Concepts, Inc., Jensen Commercial Construction, E&E Acquisitions, LLC dba Central Hardwood Specialties, Creative Wood Concepts, Inc., Grand Openings of Austin, Inc., Northeastern Dimensional Millwork, Western Grand Openings, Inc., American Millwork & Hardware, Inc., Dimensional Millwork of Arizona, Inc., Huse Milwaukee Millwork & Lumber Co., Inc., and E&E Assets, LLC dba Central Hardwood Flooring (collectively the "Employer" or "Company"). Jensen Commercial Construction and American Millwork & Hardware, Inc. had no operations and no employees during the year. The Plan provides eligible employees an opportunity to accumulate funds for retirement, death and disability benefits. Subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan has received a favorable advisory letter from the Internal Revenue Service. The Company closed Northeastern Dimensional Millwork during the year. As a result of the closure, on September 23, 2021, the employees of Northeastern Dimensional Millwork were no longer active participants of the Plan.

Plan Administration

The Plan is administered by the Plan Administrator who is appointed by management of the Company. The Plan's custodian, Fidelity Management Trust Company, is responsible for the custody and management of the Plan's assets.

Eligibility to Participate

Employees become eligible to participate in wage deferrals upon attainment of age eighteen (18) and performing a minimum of three (3) months of service. Employees may enter the Plan at the beginning of the next month after the eligibility requirements are met.

Employee Contributions

Participants in the Plan may elect to have compensation deferred through payroll deductions. The maximum contribution amount for 2020 is $19,500. An added contribution up to $6,500 in salary deferral catch-up is allowed for those 50 or older, for a total possible contribution of $26,000.

Participants may roll over amounts representing distributions from other qualified defined contribution plans.

Employer Contributions

The employer may make matching contributions equal to a discretionary percentage, determined by the employer, of the participant's elective deferrals. If the employer elects to make a matching contribution, it must be contributed to the Plan by the last day of the immediately following Plan year quarter.

The employer shall have the right to make an additional discretionary contribution, which shall be allocated to each eligible participant. The discretionary contribution and the allocation thereof shall be unrelated to any employee contributions made hereunder. Forfeitures may be used to pay administrative expenses of the Plan or to reduce any employer contribution.

The Plan, as required by the Internal Revenue Code, includes special rules in years that the Plan is determined to be a "Top Heavy Plan". The Plan becomes a "Top Heavy Plan" when it allocates more than sixty percent (60%) of the contributions or benefits to "Key Employees". "Key Employees" are generally owners, officers, shareholders or highly compensated individuals. If the Plan becomes top heavy in any year, the Company may be required to make an additional contribution with a special vesting schedule to non-key employees.

Participant Investment Options

Participants may direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and the Company's discretionary contribution, as well as the participant's share of the Plan's income and any related administrative expense. Allocations of income and expenses are based upon the proportion that each participant's account balance bears to the total of all participant account balances.

Forfeiture Accounts

At December 31, 2020, and 2019, forfeited non-vested accounts totaled $9,887 and $23,361, respectively. These accounts can be used to reduce future employer contributions or to pay Plan expenses. In 2020, $17,904 was added to forfeitures from terminated non-vested accounts, $22,678 was used to offset employer contributions, and $8,700 from forfeited non-vested accounts was used to pay Plan expenses.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of one half (1/2) of their vested balance or $50,000 and have a maximum of one (1) loan outstanding. Interest rates on these loans range from 4.5% to 6.5% on notes outstanding at November 30, 2021, and mature through November 6, 2024. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, or for any other reason a participant may request a distribution and will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Vesting

Employee elective deferrals and after-tax employee contributions are always one hundred percent (100%) vested. The vesting schedule for the discretionary contribution, granted that at least one thousand hours are worked during the plan year, is as follows:

1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to fully terminate the Plan subject to the provisions of ERISA. In the event of full Plan termination participants will become one hundred percent (100%) vested in their accounts.

Coronavirus Aid Relief and Economic Security Act of 2020

During 2020, the Plan implemented certain CARES Act provisions to allow for special coronavirus-related distributions up to $100,000 permitted beginning on or after January 1, 2020 and before December 31, 2020, an increase in Plan loan amount to the lesser of $100,000 or 100% of the participant's vested balance, and waiver of 2020 required minimum distributions.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefit and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See **NOTE 4** for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Administrative functions are performed by officers or employees of the Company, but receive no compensation from the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Recent Accounting Pronouncements

Adopted

ASU 2018-13
In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement*. The amendments in this ASU modify the disclosure requirements on fair value measurements in Topic 820, Fair Value Measurement, based on the concepts in the FASB Concepts Statement, including the consideration of costs and benefits.

The following disclosure requirements were removed from Topic 820:

1. The amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy.
2. The policy for timing of transfers between levels.
3. The valuation processes for Level 3 fair value measurements.
4. For nonpublic entities, the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period.

The following disclosure requirements were modified in Topic 820:

1. In lieu of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities.
2. For investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly.

3. The amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date.

The amendments in this Update are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The entity is permitted to early adopt any removed or modified disclosures upon issuance of this update and delay adoption of the additional disclosures until their effective date. The adoption of this Update did not have a significant effect on the Plan's disclosures.

Other recent accounting pronouncements issued by the FASB (including its Emerging Issues Task Force) and the American Institute of Certified Public Accountants did not or are not believed by management to have a material impact on the Plan's present or future financial statements.

NOTE 3: INFORMATION CERTIFIED BY FIDELITY MANAGEMENT TRUST COMPANY, UNAUDITED

The following is a summary of the investment information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets as of December 31:

	2020	2019
Investments at fair value:		
Mutual funds	$ 9,981,338	$ 9,156,038
Total investments	$ 9,981,338	$ 9,156,038
Notes receivable from participants	$ 39,511	$ 88,447

Fidelity Management Trust Company also certified to the completeness and accuracy of $257,329 of net appreciation in fair value of investments, $3,929 of interest from notes receivable from participants, and $613,365 of interest and dividends related to the aforementioned assets for the year ended December 31, 2020.

NOTE 4: FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets

- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of valuation methodologies used for assets measured at fair value. There have been no significant changes in the methodologies used at December 31, 2020 or 2019.

Mutual funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with market participants, the use of difference methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,981,338	$ -	$ -	$ 9,981,338
Total investments at fair value	$ 9,981,338	$ -	$ -	$ 9,981,338

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,156,038	$ -	$ -	$ 9,156,038
Total investments at fair value	$ 9,156,038	$ -	$ -	$ 9,156,038

NOTE 5: PARTIES-IN-INTEREST

Certain Plan investments are pooled separate accounts managed by Fidelity Investments. Fidelity Management Trust Company is the custodian as defined by the

Plan and, therefore, these transactions qualify as party-in-interest transactions. Investment fees paid to parties in interest are netted against investment returns.

NOTE 6: INCOME TAX MATTERS

Effective April 27, 2015, the Plan adopted a volume submitter plan sponsored by Fidelity Management & Research Company. The volume submitter plan has received an advisory letter from the Internal Revenue Service (the "IRS") as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that is more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participant's account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8: RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

NOTES TO FINANCIAL STATEMENTS

December 31, 2020

NOTE 1: PLAN DESCRIPTION

The following description of the Grand Openings, Inc. Employees' 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 1995, under the provisions of the Internal Revenue Service Code Section 401(a), as a defined contribution plan to benefit participating employees of Grand Openings, Inc., Creative Counter Concepts, Inc., Jensen Commercial Construction, E&E Acquisitions, LLC dba Central Hardwood Specialties, Creative Wood Concepts, Inc., Grand Openings of Austin, Inc., Northeastern Dimensional Millwork, Western Grand Openings, Inc., American Millwork & Hardware, Inc., Dimensional Millwork of Arizona, Inc., Huse Milwaukee Millwork & Lumber Co., Inc., and E&E Assets, LLC dba Central Hardwood Flooring (collectively the "Employer" or "Company"). Jensen Commercial Construction and American Millwork & Hardware, Inc. had no operations and no employees during the year. The Plan provides eligible employees an opportunity to accumulate funds for retirement, death and disability benefits. Subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan has received a favorable advisory letter from the Internal Revenue Service. The Company closed Northeastern Dimensional Millwork during the year. As a result of the closure, on September 23, 2021, the employees of Northeastern Dimensional Millwork were no longer active participants of the Plan.

Plan Administration

The Plan is administered by the Plan Administrator who is appointed by management of the Company. The Plan's custodian, Fidelity Management Trust Company, is responsible for the custody and management of the Plan's assets.

Eligibility to Participate

Employees become eligible to participate in wage deferrals upon attainment of age eighteen (18) and performing a minimum of three (3) months of service. Employees may enter the Plan at the beginning of the next month after the eligibility requirements are met.

Employee Contributions

Participants in the Plan may elect to have compensation deferred through payroll deductions. The maximum contribution amount for 2020 is $19,500. An added contribution up to $6,500 in salary deferral catch-up is allowed for those 50 or older, for a total possible contribution of $26,000.

Participants may roll over amounts representing distributions from other qualified defined contribution plans.

Employer Contributions

The employer may make matching contributions equal to a discretionary percentage, determined by the employer, of the participant's elective deferrals. If the employer elects to make a matching contribution, it must be contributed to the Plan by the last day of the immediately following Plan year quarter.

The employer shall have the right to make an additional discretionary contribution, which shall be allocated to each eligible participant. The discretionary contribution and the allocation thereof shall be unrelated to any employee contributions made hereunder. Forfeitures may be used to pay administrative expenses of the Plan or to reduce any employer contribution.

The Plan, as required by the Internal Revenue Code, includes special rules in years that the Plan is determined to be a "Top Heavy Plan". The Plan becomes a "Top Heavy Plan" when it allocates more than sixty percent (60%) of the contributions or benefits to "Key Employees". "Key Employees" are generally owners, officers, shareholders or highly compensated individuals. If the Plan becomes top heavy in any year, the Company may be required to make an additional contribution with a special vesting schedule to non-key employees.

Participant Investment Options

Participants may direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and the Company's discretionary contribution, as well as the participant's share of the Plan's income and any related administrative expense. Allocations of income and expenses are based upon the proportion that each participant's account balance bears to the total of all participant account balances.

Forfeiture Accounts

At December 31, 2020, and 2019, forfeited non-vested accounts totaled $9,887 and $23,361, respectively. These accounts can be used to reduce future employer contributions or to pay Plan expenses. In 2020, $17,904 was added to forfeitures from terminated non-vested accounts, $22,678 was used to offset employer contributions, and $8,700 from forfeited non-vested accounts was used to pay Plan expenses.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of one half (1/2) of their vested balance or $50,000 and have a maximum of one (1) loan outstanding. Interest rates on these loans range from 4.5% to 6.5% on notes outstanding at November 30, 2021, and mature through November 6, 2024. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, or for any other reason a participant may request a distribution and will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Vesting

Employee elective deferrals and after-tax employee contributions are always one hundred percent (100%) vested. The vesting schedule for the discretionary contribution, granted that at least one thousand hours are worked during the plan year, is as follows:

1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to fully terminate the Plan subject to the provisions of ERISA. In the event of full Plan termination participants will become one hundred percent (100%) vested in their accounts.

Coronavirus Aid Relief and Economic Security Act of 2020

During 2020, the Plan implemented certain CARES Act provisions to allow for special coronavirus-related distributions up to $100,000 permitted beginning on or after January 1, 2020 and before December 31, 2020, an increase in Plan loan amount to the lesser of $100,000 or 100% of the participant's vested balance, and waiver of 2020 required minimum distributions.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefit and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See **NOTE 4** for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Administrative functions are performed by officers or employees of the Company, but receive no compensation from the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Recent Accounting Pronouncements

Adopted

ASU 2018-13
In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement*. The amendments in this ASU modify the disclosure requirements on fair value measurements in Topic 820, Fair Value Measurement, based on the concepts in the FASB Concepts Statement, including the consideration of costs and benefits.

The following disclosure requirements were removed from Topic 820:

1. The amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy.
2. The policy for timing of transfers between levels.
3. The valuation processes for Level 3 fair value measurements.
4. For nonpublic entities, the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period.

The following disclosure requirements were modified in Topic 820:

1. In lieu of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities.
2. For investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly.

3. The amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date.

The amendments in this Update are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The entity is permitted to early adopt any removed or modified disclosures upon issuance of this update and delay adoption of the additional disclosures until their effective date. The adoption of this Update did not have a significant effect on the Plan's disclosures.

Other recent accounting pronouncements issued by the FASB (including its Emerging Issues Task Force) and the American Institute of Certified Public Accountants did not or are not believed by management to have a material impact on the Plan's present or future financial statements.

NOTE 3: INFORMATION CERTIFIED BY FIDELITY MANAGEMENT TRUST COMPANY, UNAUDITED

The following is a summary of the investment information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets as of December 31:

	2020	2019
Investments at fair value:		
Mutual funds	$ 9,981,338	$ 9,156,038
Total investments	$ 9,981,338	$ 9,156,038
Notes receivable from participants	$ 39,511	$ 88,447

Fidelity Management Trust Company also certified to the completeness and accuracy of $257,329 of net appreciation in fair value of investments, $3,929 of interest from notes receivable from participants, and $613,365 of interest and dividends related to the aforementioned assets for the year ended December 31, 2020.

NOTE 4: FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets

- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of valuation methodologies used for assets measured at fair value. There have been no significant changes in the methodologies used at December 31, 2020 or 2019.

Mutual funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with market participants, the use of difference methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,981,338	$ -	$ -	$ 9,981,338
Total investments at fair value	$ 9,981,338	$ -	$ -	$ 9,981,338

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,156,038	$ -	$ -	$ 9,156,038
Total investments at fair value	$ 9,156,038	$ -	$ -	$ 9,156,038

NOTE 5: PARTIES-IN-INTEREST

Certain Plan investments are pooled separate accounts managed by Fidelity Investments. Fidelity Management Trust Company is the custodian as defined by the

Plan and, therefore, these transactions qualify as party-in-interest transactions. Investment fees paid to parties in interest are netted against investment returns.

NOTE 6: INCOME TAX MATTERS

Effective April 27, 2015, the Plan adopted a volume submitter plan sponsored by Fidelity Management & Research Company. The volume submitter plan has received an advisory letter from the Internal Revenue Service (the "IRS") as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that is more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participant's account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8: RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500
