INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator

Rubenstein 401(k) Plan

New York, NY

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements

We have performed an audit of the financial statements of the Rubenstein 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2020 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2020 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2020, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2020 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2020 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- the certified investment information in the accompanying 2020 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2020 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2020 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2020 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2020 Supplemental Schedule Required by ERISA

The 2020 supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020 is presented for purposes of additional analysis and is not a required part of the 2020 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2020 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2020 financial statements or to the 2020 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Report on the 2019 Financial Statements

The 2019 financial statements of the Rubenstein 401(k) Plan were audited by MBAF CPAs, LLC (“MBAF”), whose partners and professional staff joined BDO USA, LLP as of January 16, 2021, and has subsequently ceased operations. As permitted by 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed MBAF not to perform, and they did not, any auditing procedures with respect to the information certified by a qualified institution. Their audit report, dated August 28, 2020, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2019 financial statements, and (b) the form and content of the information included in the 2019 financial statements other than that derived from the information certified by the qualified institution, were presented in compliance with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

General

The following plan description of the Rubenstein 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Effective July 1, 1984, Rubenstein Associates, Inc. ("RA, Inc.") established the Plan. Effective November 1, 2013, Rubenstein Communications, Inc. ("RCI"), an entity related to RA, Inc. through common ownership, merged the assets of the plan it sponsored, Rubenstein Communications, Inc. 401(k) Plan, into this Plan. RCI and RA, Inc. are hereinafter referred to as the "Company" or the "Employer". The Plan is a defined contribution plan consisting of two component parts, a 401(k) component and a profit sharing component, and covers all eligible employees of the Company. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility

Employees must be twenty-one years of age or more to be eligible to participate in elective deferrals. No minimum time of employment is required by the Plan for participants to make elective deferrals. Employees must complete one year of service, including 1,000 hours of service, and be employed on the last day of the year to receive a matching contribution, and two years of service, including 1,000 hours of service per year, to receive an allocation of the profit sharing contribution. Employees covered by a collective bargaining agreement, leased employees, certain nonresident aliens, and part-time employees and interns who do not meet eligibility requirements, are excluded from participation in the Plan.

Elective Deferrals

The Plan allows each participant to contribute up to 100%, in increments of 1%, of annual compensation, as defined, to the Plan. The maximum annual contribution is determined by law. After-tax contributions, rollovers from other qualified plans, and catch-up contributions are allowed. The Plan includes an auto enrollment feature where all eligible participants are enrolled at a 3% deferral rate after 30 days of employment unless they affirmatively elect otherwise.

Employer Contributions

The Company, at its discretion, may contribute a matching contribution annually to eligible participants based on each participant's eligible compensation. In addition, the Company, at the discretion of the board of directors, may make qualified matching contributions or qualified non-elective contributions to the Plan. For the year ended December 31, 2020, the Employer matching contribution was calculated as the lower of: 1) 50% of the first 4% of eligible compensation, 2) the amount of the participant's elective deferral, or 3) $5,700. Employer contributions made for the year ended December 31, 2020 totaled $293,607.

At the end of the Plan year, the Company, at the discretion of its board of directors, may make a profit sharing contribution, as defined in the Plan document. The profit sharing contribution shall be allocated to the individual accounts of qualifying participants in the ratio that each qualifying participant's compensation for the Plan year bears to the total compensation of all qualifying Plan participants. No profit sharing contributions were made for the year ended December 31, 2020.

Participant Accounts

The Plan is a participant-directed account plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants' accounts are credited with participant contributions, Employer contributions and rollovers. Plan earnings and administrative expenses are allocated based upon a participant's account balance in proportion to the balances of all participants' accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

1. DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are always 100% vested in their elective deferrals, rollovers and all Employer contributions, plus actual earnings thereon. There are no forfeitures in this Plan.

Investment Options

Contributions are invested by Fidelity Management Trust Company ("Fidelity") according to the options elected by the participants. All participant and Employer contributions are directed by the participant among the available investment options. Investment earnings are automatically reinvested into the fund or portfolio from which they were derived.

Notes Receivable from Participants

Participants may borrow from their participant accounts at a minimum of $1,000 not to exceed a maximum of $50,000, or 50% of the participant's vested account balance, whichever is less, reduced by the highest outstanding note balance during the prior twelve month period. The notes are secured by the participant's vested account balances and, except for funds used to acquire a principal residence, must have a repayment period of no greater than five years. The interest rates for notes outstanding as of December 31, 2020 were 3.75% and 7.75%. Interest rates are commensurate with local prevailing rates at the time of borrowing as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions made on a semi-monthly basis. No more than two notes are allowed at any time and repayment of the entire balance is permitted at any time.

Payment of Benefits

Participants' benefits under the Plan are payable to participants or their beneficiaries upon termination of employment, normal retirement (age 65), disability, financial hardship or death. Benefits are payable in one lump sum payment. Hardship withdrawals are available, for reasons defined in the Plan document, as are distributions to participants who have attained the age of 59½.

CARES Act

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to $100,000
- Increased the available loan amount as described in Note 1 to the lesser of $100,000 or 100% of the participant's vested account balance
- Extended the period for loan repayments, if applicable, up to one year
- Suspended required minimum distributions for 2020.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are held in separate investment accounts that invest in publicly traded mutual funds and are stated at fair value based upon quoted market prices. Fund transactions are accounted for on the trade date (date the securities are purchased and sold). Interest income is accounted for on the accrual basis. Dividend income is accounted for on the ex-dividend date. The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of realized gains and losses on investments bought and sold during the year and the unrealized appreciation (depreciation) on investments held at the end of the year.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair value of investments.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Plan is responsible for administrative expenses relating to the management of Plan assets incurred by the Plan except for certain transaction fees such as loan and distribution requests, which are paid by the participants. These fees are allocated either proportionally based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. The method of allocating the expenses depends on the nature of the expense.

Direct compensation paid by the Plan as administrative expenses totaled $34,677 for the year ended December 31, 2020, which consisted of third-party administrative fees and investment advisory fees.

Recent Accounting Pronouncements

Effective January 1, 2020, the Plan adopted Accounting Standards Update 2018-13, *Fair Value Measurement* (Topic 820), which modifies the disclosure requirements on fair value measurements in Topic 820. The guidance did not have a significant impact on the Plan's financial statements.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement,* defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

U.S. GAAP establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring the most observable units to be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumptions about inputs market participants would use at the measurement date.

The fair value hierarchy is categorized into three levels based on inputs as follows:

Level 1 – Valuation based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Valuation based on quoted prices for similar assets or liabilities in active markets; for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the financial instrument has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the financial instrument.

Level 3 – Valuation based on inputs that are unobservable and significant to the overall fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables present by level, within the fair value hierarchy, the Plan investment assets at fair value as of December 31, 2020 and 2019. In accordance with FASB ASC 820, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement. There have been no changes to the valuation methodologies used at December 31, 2020 and 2019.

	Fair Value Measurements at December 31, 2020			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market fund	$ 1,904,892	$ 1,904,892	$ -	$ -
Mutual funds	32,509,160	32,509,160	-	-
	$ 34,414,052	**$ 34,414,052**	**$ -**	**$ -**

3. FAIR VALUE MEASUREMENTS (CONTINUED)

	Fair Value Measurements at December 31, 2019			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market fund	$ 1,903,275	$ 1,903,275	$ -	$ -
Mutual funds	28,526,432	28,526,432	-	-
	$ 30,429,707	**$ 30,429,707**	**$ -**	**$ -**

Mutual funds are valued at the quoted market price of shares held by the Plan at year end. Money market funds are valued at the closing price reported by the fund sponsor from an actively traded exchange.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. CERTIFIED INVESTMENTS

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable form participants reflected on the accompanying statements of net assets available as of December 31, 2020 and 2019.
- Net appreciation in fair value of investments, interest and dividend income, and income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Investments reflected on the supplemental Schedule of Assets (Held at End of Year).

5. TAX STATUS

The volume submitter plan adopted by the Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service (“IRS”) stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). The volume submitter plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in separate investment accounts that invest in publicly traded mutual funds. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus (the COVID-19 outbreak) and the risks to the international community as the virus spread globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to volatility in financial markets. Since the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined at this time.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right at any time to terminate the Plan in accordance with ERISA by delivering to the trustee written notice of such termination. Upon termination of the Plan, no further contributions will be made to the Plan and all participants' accounts shall be distributed in accordance with the provisions of the Plan.

8. RELATED PARTIES/PARTIES-IN-INTEREST

Certain Plan investments are shares in mutual funds managed by Fidelity, the trustee of the Plan. The Plan also issues loans to participants which are secured by the vested balance of the participants' account. These transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included as a reduction in the net appreciation in fair value of investments.

9. SUBSEQUENT EVENT

The Plan has evaluated events through September 21, 2021, which is the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator

Rubenstein 401(k) Plan

New York, NY

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements

We have performed an audit of the financial statements of the Rubenstein 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2020 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2020 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2020, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2020 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2020 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- the certified investment information in the accompanying 2020 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2020 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2020 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2020 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2020 Supplemental Schedule Required by ERISA

The 2020 supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020 is presented for purposes of additional analysis and is not a required part of the 2020 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2020 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2020 financial statements or to the 2020 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Report on the 2019 Financial Statements

The 2019 financial statements of the Rubenstein 401(k) Plan were audited by MBAF CPAs, LLC (“MBAF”), whose partners and professional staff joined BDO USA, LLP as of January 16, 2021, and has subsequently ceased operations. As permitted by 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed MBAF not to perform, and they did not, any auditing procedures with respect to the information certified by a qualified institution. Their audit report, dated August 28, 2020, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2019 financial statements, and (b) the form and content of the information included in the 2019 financial statements other than that derived from the information certified by the qualified institution, were presented in compliance with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

General

The following plan description of the Rubenstein 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Effective July 1, 1984, Rubenstein Associates, Inc. ("RA, Inc.") established the Plan. Effective November 1, 2013, Rubenstein Communications, Inc. ("RCI"), an entity related to RA, Inc. through common ownership, merged the assets of the plan it sponsored, Rubenstein Communications, Inc. 401(k) Plan, into this Plan. RCI and RA, Inc. are hereinafter referred to as the "Company" or the "Employer". The Plan is a defined contribution plan consisting of two component parts, a 401(k) component and a profit sharing component, and covers all eligible employees of the Company. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility

Employees must be twenty-one years of age or more to be eligible to participate in elective deferrals. No minimum time of employment is required by the Plan for participants to make elective deferrals. Employees must complete one year of service, including 1,000 hours of service, and be employed on the last day of the year to receive a matching contribution, and two years of service, including 1,000 hours of service per year, to receive an allocation of the profit sharing contribution. Employees covered by a collective bargaining agreement, leased employees, certain nonresident aliens, and part-time employees and interns who do not meet eligibility requirements, are excluded from participation in the Plan.

Elective Deferrals

The Plan allows each participant to contribute up to 100%, in increments of 1%, of annual compensation, as defined, to the Plan. The maximum annual contribution is determined by law. After-tax contributions, rollovers from other qualified plans, and catch-up contributions are allowed. The Plan includes an auto enrollment feature where all eligible participants are enrolled at a 3% deferral rate after 30 days of employment unless they affirmatively elect otherwise.

Employer Contributions

The Company, at its discretion, may contribute a matching contribution annually to eligible participants based on each participant's eligible compensation. In addition, the Company, at the discretion of the board of directors, may make qualified matching contributions or qualified non-elective contributions to the Plan. For the year ended December 31, 2020, the Employer matching contribution was calculated as the lower of: 1) 50% of the first 4% of eligible compensation, 2) the amount of the participant's elective deferral, or 3) $5,700. Employer contributions made for the year ended December 31, 2020 totaled $293,607.

At the end of the Plan year, the Company, at the discretion of its board of directors, may make a profit sharing contribution, as defined in the Plan document. The profit sharing contribution shall be allocated to the individual accounts of qualifying participants in the ratio that each qualifying participant's compensation for the Plan year bears to the total compensation of all qualifying Plan participants. No profit sharing contributions were made for the year ended December 31, 2020.

Participant Accounts

The Plan is a participant-directed account plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants' accounts are credited with participant contributions, Employer contributions and rollovers. Plan earnings and administrative expenses are allocated based upon a participant's account balance in proportion to the balances of all participants' accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

1. DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are always 100% vested in their elective deferrals, rollovers and all Employer contributions, plus actual earnings thereon. There are no forfeitures in this Plan.

Investment Options

Contributions are invested by Fidelity Management Trust Company ("Fidelity") according to the options elected by the participants. All participant and Employer contributions are directed by the participant among the available investment options. Investment earnings are automatically reinvested into the fund or portfolio from which they were derived.

Notes Receivable from Participants

Participants may borrow from their participant accounts at a minimum of $1,000 not to exceed a maximum of $50,000, or 50% of the participant's vested account balance, whichever is less, reduced by the highest outstanding note balance during the prior twelve month period. The notes are secured by the participant's vested account balances and, except for funds used to acquire a principal residence, must have a repayment period of no greater than five years. The interest rates for notes outstanding as of December 31, 2020 were 3.75% and 7.75%. Interest rates are commensurate with local prevailing rates at the time of borrowing as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions made on a semi-monthly basis. No more than two notes are allowed at any time and repayment of the entire balance is permitted at any time.

Payment of Benefits

Participants' benefits under the Plan are payable to participants or their beneficiaries upon termination of employment, normal retirement (age 65), disability, financial hardship or death. Benefits are payable in one lump sum payment. Hardship withdrawals are available, for reasons defined in the Plan document, as are distributions to participants who have attained the age of 59½.

CARES Act

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to $100,000
- Increased the available loan amount as described in Note 1 to the lesser of $100,000 or 100% of the participant's vested account balance
- Extended the period for loan repayments, if applicable, up to one year
- Suspended required minimum distributions for 2020.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are held in separate investment accounts that invest in publicly traded mutual funds and are stated at fair value based upon quoted market prices. Fund transactions are accounted for on the trade date (date the securities are purchased and sold). Interest income is accounted for on the accrual basis. Dividend income is accounted for on the ex-dividend date. The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of realized gains and losses on investments bought and sold during the year and the unrealized appreciation (depreciation) on investments held at the end of the year.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair value of investments.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Plan is responsible for administrative expenses relating to the management of Plan assets incurred by the Plan except for certain transaction fees such as loan and distribution requests, which are paid by the participants. These fees are allocated either proportionally based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. The method of allocating the expenses depends on the nature of the expense.

Direct compensation paid by the Plan as administrative expenses totaled $34,677 for the year ended December 31, 2020, which consisted of third-party administrative fees and investment advisory fees.

Recent Accounting Pronouncements

Effective January 1, 2020, the Plan adopted Accounting Standards Update 2018-13, *Fair Value Measurement* (Topic 820), which modifies the disclosure requirements on fair value measurements in Topic 820. The guidance did not have a significant impact on the Plan's financial statements.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement,* defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

U.S. GAAP establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring the most observable units to be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumptions about inputs market participants would use at the measurement date.

The fair value hierarchy is categorized into three levels based on inputs as follows:

Level 1 – Valuation based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Valuation based on quoted prices for similar assets or liabilities in active markets; for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the financial instrument has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the financial instrument.

Level 3 – Valuation based on inputs that are unobservable and significant to the overall fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables present by level, within the fair value hierarchy, the Plan investment assets at fair value as of December 31, 2020 and 2019. In accordance with FASB ASC 820, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement. There have been no changes to the valuation methodologies used at December 31, 2020 and 2019.

	Fair Value Measurements at December 31, 2020			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market fund	$ 1,904,892	$ 1,904,892	$ -	$ -
Mutual funds	32,509,160	32,509,160	-	-
	$ 34,414,052	**$ 34,414,052**	**$ -**	**$ -**

3. FAIR VALUE MEASUREMENTS (CONTINUED)

	Fair Value Measurements at December 31, 2019			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market fund	$ 1,903,275	$ 1,903,275	$ -	$ -
Mutual funds	28,526,432	28,526,432	-	-
	$ 30,429,707	**$ 30,429,707**	**$ -**	**$ -**

Mutual funds are valued at the quoted market price of shares held by the Plan at year end. Money market funds are valued at the closing price reported by the fund sponsor from an actively traded exchange.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. CERTIFIED INVESTMENTS

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable form participants reflected on the accompanying statements of net assets available as of December 31, 2020 and 2019.
- Net appreciation in fair value of investments, interest and dividend income, and income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Investments reflected on the supplemental Schedule of Assets (Held at End of Year).

5. TAX STATUS

The volume submitter plan adopted by the Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service (“IRS”) stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). The volume submitter plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in separate investment accounts that invest in publicly traded mutual funds. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus (the COVID-19 outbreak) and the risks to the international community as the virus spread globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to volatility in financial markets. Since the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined at this time.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right at any time to terminate the Plan in accordance with ERISA by delivering to the trustee written notice of such termination. Upon termination of the Plan, no further contributions will be made to the Plan and all participants' accounts shall be distributed in accordance with the provisions of the Plan.

8. RELATED PARTIES/PARTIES-IN-INTEREST

Certain Plan investments are shares in mutual funds managed by Fidelity, the trustee of the Plan. The Plan also issues loans to participants which are secured by the vested balance of the participants' account. These transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included as a reduction in the net appreciation in fair value of investments.

9. SUBSEQUENT EVENT

The Plan has evaluated events through September 21, 2021, which is the date the financial statements were available to be issued.
