Note 1. Plan Description

The following description of the Preformed Line Products Company Profit-Sharing Plan (the "Plan") is a summary of certain provisions of the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Participation – The Plan is a defined contribution plan, which covers substantially all domestic employees of the Plan Sponsor, Preformed Line Products Company (the "Company"). Employees are eligible to participate in the Plan upon their date of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration – The Plan is administered by the Company, which is responsible for controlling and managing the operations and administration of the Plan.

Contributions – Participants may contribute up to 80% of their compensation to the Plan, subject to limitations contained in the Internal Revenue Code ("IRC"), on a pretax basis or on a Roth basis. The Plan has an automatic enrollment feature for eligible hourly employees. Unless these employees elect otherwise, they are automatically enrolled to contribute 3% of eligible compensation.

The Company is required to make a matching contribution, for all salaried employees with less than two years of employment with the Plan Sponsor and for all hourly employees, equal to 25% of each participant's contribution up to 8% of the participant's compensation.

The Company may also make discretionary contributions for all salaried and hourly employees with two or more years of experience to the Plan each year. Each employee's portion of the discretionary contribution is awarded based on years of service and salary.

The Company no longer directs a percentage of the annual employer contribution to be invested in the common stock fund for the account of each participant. The common stock fund invests principally in the Company's common shares. Participants may direct contributions (beyond the investment in the common stock fund) in any of the other investment options offered by the Plan. Participants may change their investment options, including investments out of the common stock fund, daily.

Participants' Accounts – The Plan maintains an individual account for each participant. These accounts are credited with participants' contributions, Company contributions, and an allocation of related earnings and expenses. Allocations are based on account balances or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants elect to maintain their aggregate participant contributions in one or more of the investment funds. Separate accounting for each of the funds is made pursuant to the participant's designated election.

The net value of each participant account is established daily through the valuation of the funds at fair value.

Vesting – Contributions are fully vested when credited to participant accounts.

Note 1. Plan Description (Continued)

Payment of Benefits – Participants, upon retirement, termination, disability, or the attainment of age 59½ or a participant's beneficiary upon the participant's death, may elect to either roll over the funds, receive installments, or receive a lump-sum amount equal to the value of their account. Additionally, the Plan has provisions for an active participant to make in-service and hardship withdrawals from their account, subject to limitations and restrictions.

Notes Receivable From Participants – Participants may borrow from their accounts up to the lesser of $50,000 or 50% of their vested account balance, reduced by their highest outstanding note balance during the preceding 12 months. Note transactions are treated as a transfer from the respective investment fund to the loan fund. Note repayment terms range from 1-5 years except for notes used for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with prevailing rates as determined by the plan trustee. Principal and interest are paid ratably through semi-monthly or bi-weekly payroll deductions.

Termination Provisions – The Company anticipates and believes that the Plan will continue indefinitely; however, the Company reserves the right to discontinue its contributions and terminate the Plan at any time by an action of its Board of Directors. In the event of termination of the Plan, the assets in the funds will be allocated and distributed to participants in accordance with the terms and provisions of the Plan and ERISA.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The Company has evaluated subsequent events through September 24, 2021, which is the date the financial statements were available to be issued.

Investment Valuation and Income Recognition – Investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by Fidelity Management Trust Company ("FMTC"), the Trustee from April 1, 2019 to December 31, 2020, and Charles Schwab Bank, the Trustee from January 1, 2019 to March 31, 2019 (collectively, the "Trustees"). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned on an accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2. Summary of Significant Accounting Policies (Continued)

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – All administrative fees of the Plan are paid by the Plan or by the Company at the option of the Company except fees related to participant loans, which are paid by the affected participants.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan holds various investment securities. Investment securities are exposed to various risks, such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 3. Unaudited Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustees have certified to the completeness and accuracy of all investment information and notes receivable from participants in the statements of net assets available for benefits at December 31, 2020 and 2019, the supplemental schedule at December 31, 2020, the related investment and loan interest activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019, and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 4. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

Level 1 – Quoted market prices in active markets for identical assets and liabilities

Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data

Level 3 – Unobservable inputs in which little or no market data exists

Note 4. Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for Plan assets measured at fair value:

- Common stock fund: Valued at fair value as determined by the Trustees, which was determined based upon the unit values of the fund. Unit values are determined based upon the quoted market value of the underlying investments divided by the total units outstanding. The fund also consists of temporary investments in the interest-bearing cash for liquidity purposes and is therefore classified within Level 2 of the valuation hierarchy.
- Registered investment companies: Valued based on their quoted closing market prices in active markets for identical investments, and are classified as Level 1.
- Money market fund: Valued based on its quoted closing market prices in active markets for identical investments, and is classified as Level 1.
- Common stock: Valued at the closing price reported in the active market in which the individual securities are traded, and is classified as Level 1.
- Cash: Interest bearing cash is classified as Level 1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2019 to 2020. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total

Total	$79,772,742	$ 3,183,302	$ -	$82,956,044

Note 5. Group Annuity Contract

Investments in the Guaranteed Fixed Interest Fund meet the fully benefit-responsive investment contract criteria and are, therefore, reported at contract value as determined by the Standard Insurance Company and certified by FMTC. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. All transactions within this contract are executed at contract value including full liquidation of the fund.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on several factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. These rates are established without the use of a specific formula and are reset periodically as determined by Standard Insurance Company, but no more frequently than monthly. The crediting interest rate is guaranteed to be at least 1%.

The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6. Related Party and Party-in-Interest Transactions

At December 31, 2020 and 2019, the Plan held 48,832 and 50,050 shares, respectively, of the common stock of the Company in the common stock fund representing 3.2% and 3.4% of the Plan's net assets at December 31, 2020 and 2019, respectively. During the plan years ended December 31, 2020 and 2019, the Plan sold 1,218 and 5,428 shares, respectively, of common stock of the Company.

For the years ended December 31, 2020 and 2019, certain plan investments were managed by Fidelity Investments Inc., a related entity of FMTC, and Charles Schwab and Company, Inc., a related entity of Charles Schwab Bank, respectively; therefore, these transactions qualify as party-in-interest. In addition, administrative fees paid by the Plan to the Trustees totaled $157,847 and $144,405 in 2020 and 2019, respectively.

Note 7. Tax Status

The Plan has adopted a prototype plan document. This prototype document has obtained a determination letter dated March 31, 2014 from the Internal Revenue Service ("IRS") in which the IRS stated that the document, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since adopting the volume submitter document. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements.

Note 8. COVID-19 Global Pandemic

On January 30, 2020, the World Health Organization declared the outbreak of the coronavirus disease 2019 ("COVID-19") a global health emergency and subsequently declared the COVID-19 outbreak a global pandemic in March 2020. The pandemic has adversely affected domestic and global economic activity and the full impact continues to evolve as of the date of this report. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that may be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

To the Plan Administrator of
Preformed Line Products Company Profit-Sharing Plan
Mayfield Village, Ohio

We have conducted a DOL limited-scope audit of the financial statements of the Preformed Line Products Company Profit-Sharing Plan (the "Plan") for the year ended December 31, 2020 and have issued our report thereon dated September 24, 2021. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated May 26, 2021. Professional standards also require that we communicate certain information to you related to our audit. These matters are summarized in the memorandum that accompanies this letter.

This communication is intended solely for the information and use of management of Preformed Line Products Company and the plan administrator and it is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Maloney + Novotny LLC

REQUIRED COMMUNICATIONS

A. Our Responsibility Under Auditing Standards Generally Accepted in the United States of America

As stated in our engagement letter dated May 26, 2021, our responsibility, as described by professional standards, is to conduct our audit in accordance with auditing standards generally accepted in the United States of America except that, as permitted by Regulation 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by plan management, we did not perform any auditing procedures with respect to information prepared and certified to by Fidelity Investment Company, the trustee, in accordance with DOL Regulation 2520.103-5, other than comparing the information with the related information included in the financial statements. Our audit of the financial statements does not relieve management of its responsibilities for the preparation and fair presentation of the Plan's financial statements.

Our responsibility for the supplemental information accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the supplemental information, other than that derived from the information certified to by the trustee, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

B. Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our engagement letter.

C. Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted nor was the application of existing policies changed during the year ended December 31, 2020. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates and disclosures are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because future events affecting them may differ significantly from those expected. The financial statement disclosures are neutral, consistent and clear. Certain financial statement disclosures are particularly sensitive because of their significance to the financial statement users. The most sensitive estimates and disclosures affecting the financial statements were:

> Management's assessment of the fair value of the Plan's investments. Their assessment is based on information provided by Fidelity Investment Company, the trustee of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting Disclosures under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the unaudited information summarized in Note 3 ("Unaudited Information"). Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on the financial statements or supplemental schedule.

REQUIRED COMMUNICATIONS (CONTINUED)

D. Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

E. Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. No misstatements were identified that were not normal closing entries.

F. Disagreements With Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

G. Management Representations

We have requested certain representations from management that are included in the attached management representation letter dated September 24, 2021.

H. Management Consultations With Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

I. Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

J. Other Matters

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Our responsibility for other information in the Plan's Form 5500 containing the entity's financial statements and report does not extend beyond the financial information identified in the report. Other than comparing the other information in the Form 5500 to determine its consistency with the Plan's financial statements, we do not have any responsibility for determining whether such other information contained in the Form 5500 is properly stated. We have read the information contained in the Form 5500 and nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or its manner of presentation, appearing in the financial statements.

This representation letter is provided in connection with your audit of the financial statements and supplemental schedule of the Preformed Line Products Company Profit-Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements, for the purpose of expressing an opinion as to whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States (U.S. GAAP) and whether the supplemental schedule is fairly stated in all material respects in relation to the financial statements as a whole. As permitted by Regulation 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), we have instructed you not to perform any auditing procedures with respect to information prepared and certified to by Fidelity Management Trust Company, the trustee, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and the supplemental schedule. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements and supplemental schedule taken as a whole.
