NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Bi-Rite Restaurant Supply Co., Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General – The Plan was adopted on August 1, 1989 to provide retirement benefits for employees of Bi-Rite Restaurant Supply Co., Inc. (the "Company"). The Plan is a defined contribution plan covering all employees completing a six-month period of service, who are at least 21 years of age and not covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments, and certain provisions of the Internal Revenue Code ("IRC").

The Plan provides for a plan administrator who is responsible for keeping accurate and complete records of the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law. The Plan Administrative Committee is responsible for the oversight and administration of the Plan, as well as determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Effective April 15, 2020, the Plan implemented provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. These provisions were applicable for qualified Plan participants and included a new coronavirus-related distribution up to $100,000 in 2020. Effective July 1, 2020, when the Plan was amended to include loans, additional CARES Act provisions were implemented including an increase in maximum loan amounts to the lesser of the participant's account balance or $100,000 for a loan issued through September 23, 2020 and the ability of qualified participants who had Plan loan repayments due in 2020 to defer such repayments beyond December 31, 2020. In addition, the CARES Act allowed any participant subject to a 2020 required minimum distribution ("RMD") to waive such distribution. In addition, effective January 1, 2020, the Plan implemented the delay of the commencement date for required minimum distributions pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"). The Plan's trustee will incorporate these provisions under which the Plan is currently operating as necessary prior to the December 31, 2022 deadline.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Contributions – Each year, participants may contribute up to 100% of their annual compensation, limited to a maximum of $19,500 for the year ended December 31, 2020. Participants who are 50 years of age or older by the end of the calendar year and who are making contributions to the Plan may also make a catch-up contribution of up to $6,500 for 2020. Participants may make either Pre-tax or Roth contributions, or both; however, the total amount of the combined Pre-tax and Roth 401(k) contributions are subject to the maximum limitations discussed above. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan has an automatic enrollment provision that will occur on the first day of the month that coincides with or follows the date that a participant has reached 21 years of age and completed 6 months of service. Participants will be automatically enrolled to defer 2% of their compensation, with an annual increase in their deferral percentage of 1%, up to a maximum of 5%, unless the participant elects otherwise. Participants may affirmatively elect not to participate in the Plan or elect to contribute different amounts.

Employer Contributions – The Company matches participant contributions by contributing an amount equal to 100% of each participant's contribution up to a maximum of 4% of the participant's compensation. The Company may also make an annual discretionary profit sharing contribution at the option of the Company's Board of Directors, subject to limitations imposed by applicable provisions of the IRC.

Participant Accounts – The Plan maintains an account for each participant which is credited with the participant's contributions and the Company's matching contributions and allocations of the Company's discretionary contribution and Plan investment earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions and related earnings thereon is based on years of continuous service. A participant is 100% vested after 6 years of credited service, as follows:

Years of Service	Vesting Percentage
1	10%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Investment Options – Upon enrollment in the Plan, a participant may direct the investment of his or her account balance among the funds available through Charles Schwab Bank ("Charles Schwab"), the trustee of the Plan.

Notes Receivable from Participants – Effective July 1, 2020, the Plan was amended to permit loans to participants. Under this amendment, participants may borrow from their vested account balances provided they meet the Plan's eligibility requirements. The minimum loan amount is $1,000 and the maximum loan amount is equal to the lesser of one-half of the participant's vested account balance or $50,000. The term of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear fixed interest at rates commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through bi-weekly payroll deductions. Pursuant to the CARES Act enacted in March 2020, eligible participants could request a delay of loan repayments due between March 27, 2020 and December 31, 2020. If a delay was granted, the participant's note was re-amortized effective January 1, 2021 and included any interest accrued during the period of delay. Any outstanding portion of loans are due in full upon termination of employment.

Payment of Benefits – Participants are eligible to receive distributions from the Plan upon reaching normal retirement age of 65 years, termination of employment, disability or death. A participant may also be eligible for withdrawals due to financial hardship in certain circumstances. In-service distributions may be made to a participant who has not separated from service provided that the participant has attained 59½ years of age. Benefit payments to the participant generally must begin no later than April 1st following the later of the end of the year after the participant attains age 70½ or the year in which the participant terminates employment. Distributions to the participant or beneficiary may be made in the form of a lump-sum payment, a direct rollover distribution, or a combination totaling the value of the participant's vested interest in his or her account. Terminated participants with account balances of $5,000 or greater may delay receipt of distribution. If a terminated participant's account does not exceed $1,000, it will be distributed in a lump-sum amount. If a terminated participant's account balance is between $1,000 and $5,000 and the Plan does not receive distribution instructions, the account will be rolled-over into an individual retirement plan for the benefit of the participant, as determined by the plan administrator.

The age at which required minimum distributions must begin was increased from 70½ to 72 pursuant to the SECURE Act enacted in December 2019. In addition, pursuant to the CARES Act, participants who were currently receiving required minimum distributions could waive the 2020 required minimum distributions and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. Also, in accordance with the CARES Act, the Plan permitted qualified participants to take a coronavirus-related distribution up to $100,000 with an option to repay it over a three year period.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Forfeited Accounts – A participant's non-vested account may be forfeited upon severance of employment. Forfeitures can be applied to reduce employer contributions and pay administrative fees. As of December 31, 2020 and 2019, forfeited non-vested accounts totaled $53,407 and $24,237, respectively. Forfeitures for the Plan years ended December 31, 2020 and 2019 totaled $116,965 and $62,915, respectively. Forfeitures applied to reduce employer contributions for the years ended December 31, 2020 and 2019 were $48,527 and $46,129, respectively. Forfeitures applied to reduce administrative fees for the year ended December 31, 2020 were $41,564. No forfeitures were used to pay administrative fees during the year ended December 31, 2019.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction in contributions. The Plan distributed the 2020 excess contributions to the applicable participants in March 2021.

Payment of Benefits – Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenses – Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain administrative expenses are charged directly to participants' accounts; those expenses include costs associated with certain participant directed transactions, such as participant withdrawal fees. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

Adoption of New Accounting Pronouncement – In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13 on Topic 820, *Fair Value Measurement: Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. The amendments in this ASU 2018-13 remove, modify, and add disclosure requirements for the fair value reporting of assets and liabilities. The modifications and additions relate to Level 3 fair value measurements at the end of the reporting period. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019. The Plan's adoption of ASU 2018-13 did not have a material impact on the Plan's financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under this standard are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 30 business days' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2020 and 2019, one investment accounted for approximately 38% and 37% of total investments, respectively.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	2020			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab has certified the completeness and accuracy of all the information related to investments reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019, the supplemental Schedule H, Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment income presented in the accompanying Statement of Changes in Net Assets Available for Benefits for the Year Ended December 31, 2020.

NOTE 5 – TAX STATUS

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the IRC. A favorable opinion letter from the Internal Revenue Service ("IRS") was received on June 19, 2014, regarding the qualified status of the prototype plan on which the terms of the Plan are based. The Plan has not filed for an individual determination letter; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and collective trust funds managed by Charles Schwab & Co., Inc., an affiliate of Charles Schwab. Charles Schwab is the trustee as defined by the Plan; and therefore, these transactions qualify as party-in-interest transactions. Charles Schwab and certain affiliates ("Schwab") provide various services to the Plan, including recordkeeping, trust and custody services. They also provide certain shareholder services to the investment funds utilized by the Plan. Schwab receives revenue from investment service providers for these services. This revenue is used to offset certain amounts owed to Schwab for its administrative services to the Plan. Because these expenses are paid through this revenue sharing arrangement, they are included in net appreciation (depreciation) in fair value of investments.

NOTE 7 – PLAN TERMINATION

The Company has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Benefits will be held in the trust fund which will remain in existence until the Company requests the discontinuance of the trust agreement.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination among the funds sponsored by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in value of investments will occur in the near term, and such changes would materially affect the participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019 and in the accompanying Statement of Changes in Net Assets Available for Benefits for the Year Ended December 31, 2020.

On March 11, 2020, the World Health Organization declared a pandemic related to the rapidly spreading COVID-19 outbreak, which has led to a global health emergency. The pandemic has caused volatility in financial markets and has affected, and may continue to affect, the market price of the Plan's investments. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain. Accordingly, the ultimate financial effects cannot be reasonably estimated at this time.
