Note 1. Plan Description

The following description of C.J. Foods, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of C.J. Foods, Inc. and Lortscher Agri-Service, Incorporated (collectively, the Company) who have 90 days of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As discussed in Note 11, effective January 1, 2020, the Lortscher Agri Service Inc. 401(k) Plan was merged into the Plan.

Eligibility: Employees of the Company are eligible for the 401(k) savings feature of the Plan after they have completed 90 days of continuous service and are age 18 or older. Employees who are participating in the Plan are eligible for an employer safe harbor matching contribution and employer discretionary contribution after 12 months of continuous service. Plan entrance dates are the first day of each Plan year quarter.

Contributions: Each year, participants may contribute up to 100% of their pretax and post-tax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Catch-up contributions are also allowed for participants who attain the age of 50 before the end of the Plan year.

The Plan document also includes an automatic deferral feature whereby a participant is treated as electing to defer a percentage of eligible compensation unless the participant made an affirmative election otherwise. For the year ended December 31, 2020, the automatic deferral percentage was 3%.

The Company makes a safe harbor matching contribution of up to 4% of the participant's pretax annual compensation, as defined in the Plan. For the Plan year ended December 31, 2020, the safe harbor matching contribution totaled $642,326. The Company may also elect to make a discretionary contribution. The Company did not make any discretionary contributions for the year ended December 31, 2020.

Contributions are subject to certain limitations.

Investments: Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an unallocated investment contract as investment options for participants. Participants may change their investment options any time throughout the year via internet or direct dial access to Empower Retirement, the record keeper of the Plan.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Plan Description (Continued)

Vesting: Participants are vested immediately in their contributions and the employer safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions portion of their account is based on years of continuous service, according to the following schedule. A participant is 100% vested after six years of credited service.

Years of service:	
Less than 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Regardless of the vesting schedules above, participants who previously participated in the Lortscher Agri Service Inc. 401(k) Plan will be subject to the following vesting schedule for matching and nonelective contributions previously made into the Lortscher Agri Service Inc. 401(k) Plan.

Years of service:	
Less than 1	0%
2	25%
3	50%
4	75%
5	100%

Forfeitures: Forfeitures of terminated participants' nonvested balances are used to reduce employer contributions. During the year ended December 31, 2020, $34,585 in forfeitures was applied to reduce employer contributions. At December 31, 2020 and 2019, forfeited nonvested accounts totaled $35,561 and $31,873, respectively.

Notes receivable from participants: Participants may borrow from their accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, whichever is less. The number of loans a participant may have outstanding at one time is two. These transactions are treated as transfers between the investment fund and the participant notes receivable fund. The terms of the notes receivable cannot exceed five years, unless the note receivable is for the purchase of the employee's principal residence. The notes receivable are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. The interest rates ranged from 4.25% to 6.50% for all outstanding loans at December 31, 2020. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In-service distributions are not permitted unless the participant has attained age 59½, rollover contributions are available, or the participant qualified for a coronavirus-related distribution between March 27, 2020 and December 31, 2020, under the provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act).

Note 1. Plan Description (Continued)

Administrative expenses: Certain expense of maintain the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in the fair value of investments.

Note 2. Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the plan. See Note 5.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value, except for the unallocated investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment trustee and custodian. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of benefits: Benefit payments to participants are recorded when paid.

Notes receivable: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses, and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2020 and 2019. Delinquent notes are treated as distributions based upon the terms of the Plan document.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of year).

Note 3. Information Certified or Provided by the Trustee and Custodian

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company, the trustee and custodian, respectively, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee and custodian that information provided to the Plan Administrator by the trustee and custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and the supplemental schedules related to the following assets:

	December 31	
	2020	2019
Investments, at fair value:		
Mutual funds	$ 13,807,447	$ 8,137,919
Investments, at contract value:		
Unallocated investment contract	193,466	68,193
Notes receivable from participants	331,553	210,718

The trustee and custodian also certified to the completeness and accuracy of $1,599,441 of net appreciation in fair value of investments, $468,103 of interest and dividends related to the aforementioned assets, and $15,296 of interest income on notes receivable from participants for the year ended December 31, 2020.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 or 2019.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 13,807,447	$ -	$ -	$ 13,807,447

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,137,919	$ -	$ -	$ 8,137,919

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

The Plan evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2020, there were no significant transfers in or out of Level 3.

Note 5. Unallocated Investment Contracts

As of December 31, 2020 and 2019, the Plan has fully benefit-responsive unallocated investment contracts with Great-West Life & Annuity Insurance Company (Great-West). As of December 31, 2020, Great-West maintained the contributions in the Fixed Account—Series Class VI. As of December 31, 2019, Great-West maintained the contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund and Fixed Account—Series Class VI meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Great-West is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The Plan held $193,466 and $68,193 of traditional investment contracts at contract value at December 31, 2020 and 2019, respectively.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestiture or spin-offs or a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any events that would limit the Plan's ability to transact at contract value with participants is probable of occurring.

The unallocated investment contract does not permit the insurance company to terminate the agreement prior to 30 days' written notice.

Note 6. Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Company and the Plan.

Note 7. Tax Status

The Plan adopted a nonstandard form of a prototype plan sponsored by Empower Retirement. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype opinion letter has been relied upon by this Plan. Although the Plan has been amended since the prototype plan received the opinion letter, the Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their employer discretionary contributions.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2020 statement of net assets available for benefits.

Note 10. Related-Party Transactions and Party-in-Interest Transactions

The Plan invests in mutual funds and an unallocated investment contract managed through Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company, the trustee and custodian, respectively, of the Plan. The trustee and custodian are subsidiaries of Empower Retirement, the record keeper of the Plan. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for record keeping amounted to $72,044 for the year ended December 31, 2020. In addition, fees paid by the Plan for investment management services are netted against investment income.

Note 11. Assets Transferred into the Plan

The Plan Sponsor merged the Lortscher Agri Service Inc. 401(k) Plan into the Plan effective January 1, 2020. All participants of the Lortscher Agri Service Inc. 401(k) Plan became participants of the Plan effective January 1, 2020. As a result of the merger, net assets totaling $4,921,210 were transferred into the Plan during the year ended December 31, 2020.

Note 12. Prohibited Transactions

The Plan Sponsor inadvertently failed to timely deposit $167,398 of participant deferrals within the required time frame as stated by the DOL's regulations for the year ended December 31, 2020. The DOL considers late deposits to be prohibited transactions. The Plan Sponsor will file a Form 5330 and will pay the applicable excise tax in 2021 for the year ended December 31, 2020. Excise tax payments will be made from the Plan Sponsor's assets and not from the assets of the Plan.

Note 13. Subsequent Events

Management has evaluated and disclosed subsequent events up to and including September 24, 2021, which is the date the financial statements were available to be issued.
