McCombs Automotive Group Employee Capital Accumulation Plan

Notes to Financial Statements

December 31, 2020 and 2019

Note 1: Description of the Plan

The following description of McCombs Automotive Group Employee Capital Accumulation Plan (Plan) provides only general information. Participants should refer to the Plan Document and summary Plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by McCombs HFC, Ltd. (Company) for the benefit of employees of McCombs Automotive Group who have at least one year of service and have worked at least 1,000 hours during the year. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Definiti, LLC is the trustee of the Plan, and Matrix Trust Company serves as Plan custodian.

Contributions

The Plan permits eligible employees through a salary deferral election to make annual contributions of up to 30 percent of eligible compensation. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company makes matching contributions of up to a maximum of $2,500 per participant based on years of employee participation in the Plan. Participants must have worked at least 1,000 hours and be employed on the last day of the Plan year in order to share in this contribution. Additional discretionary amounts may be contributed at the option of the Company's board of directors. Forfeitures are used to reduce Company matching contributions.

Participant Investment Account Options

Each participant has the option of directing their contributions into any of the various investment options offered by the Plan and may change the allocation monthly.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of credited service. A participant is fully vested after five years of credited service.

The non-vested balance is forfeited upon termination of service.

Payment of Benefits

Upon termination of service, an employee may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Any balance under $1,000 is automatically paid as soon as administratively possible. Hardship withdrawals are also available subject to certain limitations.

In January 2020, the Plan implemented provisions of the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) for coronavirus-related distributions (CRD). Through December 30, 2020, qualified participants are permitted to take a CRD of up to $100,000 from the Plan. Participants who take a CRD have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited non-vested accounts totaled $15,264 and $22,111, respectively. Forfeitures in the amount of $22,111 were used to offset employer contributions during 2020.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Shares of mutual funds and money market funds are reported at fair value based on the quoted market price which represents the net asset value (NAV) of the shares held by the fund at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Plan unless paid by the plan's sponsor as provided by the Plan Document.

Note 3: Certification of Plan Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian of the Plan's assets has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2020 and 2019.
- Investment income shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2020.

The Plan's independent auditors did not perform procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

The Company provides certain administrative services at no cost to the Plan.

Note 5: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2020 and 2019.

	December 31, 2020 Fair Value Measurements Using			
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 40,663,412	$ 40,663,412	$ -	$ -
Money market funds	3,442,913	3,442,913	-	-
	$ 44,106,325	$ 44,106,325	$ -	$ -

	December 31, 2019 Fair Value Measurements Using			
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 39,397,727	$ 39,397,727	$ -	$ -
Money market funds	1,922,883	1,922,883	-	-
Cash and cash	26,083	26,083	-	-
	$ 41,346,693	$ 41,346,693	$ -	$ -

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2020 and 2019.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include mutual funds representing registered investment funds and money market funds which are valued at the NAV of shares held by the Plan at year-end. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows (Level 2). There are no Level 2 securities held by the Plan. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. There are no Level 3 securities held by the Plan.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 7: Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 23, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

The outbreak of the novel coronavirus COVID-19, which was declared a pandemic by the World Health Organization on March 11, 2020, has led to adverse impacts on the U.S. and global economies. Economic uncertainties have arisen, which have resulted in significant volatility in the investment markets and may continue to impact the value of Plan assets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Note 9: Subsequent Events

Subsequent events have been evaluated through September 27, 2021, which is the date the financial statements were available to be issued.
