1. DESCRIPTION OF PLAN

The following brief description of the Altman Greenfield & Selvaggi Partners, LLC 401(k) Plan (the "Plan") is provided for information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan adopted on January 1, 2009, and subsequently restated effective September 30, 2019, covering substantially all employees of Hold Me Tight, Inc., New Manco LLC, and Altman Greenfield & Selvaggi Partners, LLC (the "Company" or "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility Requirements

An employee is eligible to participate in the plan following one year of service with the Company and attaining 21 years of age. Eligible employees may enter into the plan either on January 1st or July 1st following satisfaction of eligibility requirements.

Contributions

Each year, participants may contribute pre-tax or post-tax amounts up to established limits under Internal Revenue Service ("IRS") regulations as defined in the Plan document. Participant contributions to the Plan include (a) voluntary employee contributions equal to the amount of total compensation that each participant has elected to defer, (b) catch-up contributions for participants who have attained age 50, and (c) amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions in any calendar year may not exceed the limit specified by the Internal Revenue Code ("IRC"). Participants direct the investment of their contributions into various investment options offered by the Plan.

Through August 31, 2020, the Plan provides for a basic safe harbor nonelective contribution equal to 100% of the first 3% of compensation of eligible employees regardless of participation. Effective September 1, 2020, the Plan was amended to remove the safe harbor provision and such nonelective contribution will no longer be made. The safe harbor nonelective contribution amounted to $210,838 for the year ended December 31, 2020.

Effective September 1, 2020, the Plan may make a discretionary employer matching contribution equal to a discretionary percentage, to be determined by the Company, of the participants' elective deferrals. There were no employer matching contributions during the Plan year ended December 31, 2020.

The Plan may also make a profit-sharing contribution to the Plan. Employer profit sharing contributions to the Plan are at the discretion of the Plan Sponsor. There were no employer profit sharing contributions during the Plan year ended December 31, 2020.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and allocations of Plan earnings. Participant accounts are charged with participant distributions and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
All employee contributions and Company basic safe harbor nonelective contributions, as well as earnings thereon, are 100% vested immediately. Discretionary employer matching and profit-sharing contributions follow a 6-year graded vesting schedule commencing at second year of service.

Payment of Benefits
Upon termination of service, death, disability, retirement, or attaining age 59½, a participant may elect to receive a lump-sum distribution equal to all or a portion of the participant's vested interest in his or her account. In the case of severance of employment, the vested account balance may be distributed as soon as administratively feasible, as defined in the Plan document.

The Plan also permits hardship withdrawal for qualifying expenses for participants and their beneficiaries. Effective January 1, 2019, the Plan adopted the provisions of the Bipartisan Budget Act of 2018 relating to hardship withdrawals. The provisions eliminated the requirement for participants to obtain participant loans prior to requesting and obtaining a hardship withdrawal and the six-month suspension of employee deferrals following a hardship withdrawal.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) was signed into law. Among other provisions, the Plan Sponsor adopted and made available to qualifying participants to withdraw Coronavirus-Related Distributions (the “CRDs”) through December 30, 2020 for up to $100,000.

Administrative Expenses
Certain expenses incurred from maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Participants are charged for loan and investment fees. In addition, certain investment related expenses have been offset with investment income and are not readily determinable.

Notes Receivable from Participants
Participants may obtain loans from the vested balances in their accounts. The maximum amount of the loan cannot exceed the lesser of a) $50,000 or b) 50% of the participant's vested account balance. Interest and principal repayments are credited directly to the borrower's respective account and are repaid through payroll deductions. The loans bear interest at a rate equal to 1% above the prime rate at the time of origination and will be fixed for the duration of the loan. Interest rate ranged from 4.25% to 6.5% as of December 31, 2020.

The Plan Sponsor adopted the loan provisions made available in the CARES Act allowing for qualifying participants to borrow up to $100,000 through September 22, 2020 and to defer their loan repayments due between March 27, 2020 and December 31, 2020 by one year.

Forfeited Accounts
Forfeitures are maintained by the Plan and may be used to pay administrative expenses and to reduce future employer contributions. As of December 31, 2020 and 2019, non-vested forfeiture accounts amounted to $32,054 and $28,915, respectively. During the year ended December 31, 2020, forfeitures in the amount of $23,039 were used to pay administrative expenses and reduce employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America (“US GAAP”). Under this method of accounting, contributions and investment income are recorded when earned, and expenses are recorded when incurred.

Use of Estimates
The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment transactions are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Gains and losses on sale of investments are based on the average cost method. The net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits includes the total change in unrealized gains (losses) of investments held at year end plus realized gains (losses) on investments sold during the year.

Payment of Benefits
Benefit payments are recorded when paid.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Charles Schwab Trust Bank (the "Trustee") has certified the completeness and accuracy of all investments as of December 31, 2020 and 2019 in the accompanying statements of net assets available for benefits and the related investment income activity for the year ended December 31, 2020 in the accompanying statement of changes in net assets available for benefits, as well as the supplemental schedule of assets (held at end of year) as of December 31, 2020. No auditing procedures were performed by the independent auditors as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the Trustee, except for comparing such information with the related information included in the financial statements and supplemental schedule. Based on information provided and certified by the Trustee, there are no fixed income obligations, leases or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2020 and 2019.

4. FAIR VALUE ACCOUNTING

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Such inputs include quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Common collective trust: The common collective trust is valued at the net asset value as provided by the trustee which represents a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities.

Registered investment companies and interest-bearing cash: Shares of registered investment companies and interest-bearing cash (money market mutual fund) are valued based on the quoted market prices that are available on an active market. These are priced daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Interest-bearing cash	$ 32,054	$ -	$ -	$ 32,054
Registered investment companies	12,349,891	-	-	12,349,891
Investments measured at net asset value*				638,217
Total investments at fair value	$ 12,381,945	$ -	$ -	$ 13,020,162

	2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Interest-bearing cash	$ 28,915	$ -	$ -	$ 28,915
Registered investment companies	9,325,189	-	-	9,325,189
Investments measured at net asset value*				839,908
Total investments at fair value	$ 9,354,104	$ -	$ -	$ 10,194,012

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain investments including shares of registered investment companies are managed by Charles Schwab, the Plan's trustee; therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid to the Trustee by the Plan totaled $23,788. In addition, investment related fees are included in investment income and are not readily determinable. Notes receivable from participants are transactions with participants; these loan transactions qualify as exempt party-in-interest transactions.

6. INCOME TAX STATUS

The Plan adopted a volume submitter plan which obtained its latest advisory letter on March 31, 2014, in which the IRS stated that the Plan, as designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the advisory letter, the Plan Sponsor believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service ("IRS"). The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there have been no tax related interest or penalties for periods presented in these financial statements.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

The 2019 novel coronavirus (or "COVID-19") has adversely affected and may continue to adversely affect economic activity globally, nationally, and locally. Following the COVID-19 outbreak in March 2020, the values of investment securities have experienced significant volatility. These economic and market conditions and other effects of the COVID-19 outbreak may continue to cause volatility. The extent of the adverse impact of the COVID-19 outbreak on the Plan participants' account balances cannot be predicted at this time.

8. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. SUBSEQUENT EVENTS

Subsequent events were evaluated through September 21, 2021, which is the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that no subsequent events have occurred which would require adjustment to or disclosure in the financial statements.
