Memorial Health System Hospitals Defined Contribution Plan
Notes to the Financial Statements
December 31, 2020 and 2019

Note A - Description of Plan

The following is a general description of the Memorial Health System Hospitals Defined Contribution Plan (the "Plan"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1. General: The Plan is a defined contribution plan covering all eligible employees of Marietta Health System and Selby General Hospital (the "Plan Sponsors"). The Plan was formed on July 1, 2007, but Plan participants were first eligible for the Plan on January 1, 2009, as there was a two year waiting period before entering into the Plan. The Plan was restated effective July 1, 2016. To be eligible to participate in the Plan, employees must have completed two years of service and attained age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security("CARES") Act was signed into law. Plans were permitted to adopt these provisions immediately provided the Plan document is retroactively amended on or before December 31, 2022. Plan management elected to adopt the following provision:

- Required minimum distributions were suspended in 2020.
2. Plan Contributions: For each plan year, the Plan Sponsors make a contribution for each eligible employee, that is employed on the last day of the Plan year, based on the years of service. For eligible participants with 2 to 4 years of service, the Plan Sponsors shall contribute 2% of compensation. For eligible participants with more than 4 years and up to 14 years of service, the Plan Sponsors shall contribute 3% of compensation. For eligible participants with more than 15 years of service, the Plan Sponsors shall contribute 4% of compensation. Employee contributions are not permitted to the Plan.
 3. Participant Accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with allocations of (a) the Plan Sponsors' contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
 4. Vesting: Participants are immediately vested in their accounts.
 5. Investment Options: Upon enrollment in the Plan, participants may direct the investment of their accounts into various investment options offered by the Plan. They may change their investment options among those investments provided at any time during the Plan year.
 6. Administrative Expenses: The Plan Sponsors absorb significant operating expenses of the Plan.
 7. Payment of Benefits: Upon termination of service due to death, disability, or attaining normal retirement age, a participant may receive a lump sum amount equal to the value of the participant's vested interest in his or her account or certain annuities as provided by the Plan document. Normal retirement age is 65. Provisions exist for early, deferred, and disability retirements.

Note B - Summary of Significant Accounting Policies

1. Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The Accounting Standards Codification ("ASC") as produced by the Financial Accounting Standards Board ("FASB") is the sole source of authoritative U.S. GAAP.

Notes to the Financial Statements (Continued)
December 31, 2020 and 2019

Note B - Summary of Significant Accounting Policies (Continued)

2. Use of Estimates: The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
3. Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

4. Payment of Benefits: Benefit payments are recorded when paid.
5. Administrative Expenses: Administrative expenses of the Plan are paid by the Company or Plan participants, as defined in the Plan agreement.
6. Investment Management Fees and Operating Expenses: Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments.
7. New Accounting Pronouncement: In August 2018, the FASB issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The Plan has adopted ASU 2018-13 for the 2020 Plan year with no impact on the Plan's net assets or changes in net assets.
8. Subsequent Events: Subsequent events for the Plan have been considered through the date of the Independent Auditor's Report, which represents the date the financial statements were available to be issued.

Note C - Information Certified by the Plan's Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide Financial Services, Inc., including its subsidiary Nationwide Trust Company, FSB, a division of Nationwide bank ("Nationwide"), the custodian of the Plan, has certified to the completeness and accuracy of all investment information reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019, the Schedule of Assets (Held at End of Year) at December 31, 2020, and the related investment income information reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.

Note D - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Money market fund: Valued based at the subscription and redemption activity at a \$1 stable net asset value ("NAV"). However, on a daily basis the funds are valued at their daily NAV calculated using the amortized cost of the securities held in the fund.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investment contract: Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Since the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Plan Sponsors evaluate a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs, including credit worthiness of the issuer, Nationwide Life Insurance Company and the terms of the investment contract are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate). Significant fluctuations in any of the inputs in isolation could result in a significantly different fair value measurement.

Note D - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2020:

	Level 1	Level 2	Level 3	Total
Investment contract	\$ -	\$ -	\$ 512,225	\$ 512,225
Money market fund	-	103,679	-	103,679
Mutual funds	14,987,986	-	-	14,987,986
Total assets at fair value	<u>\$ 14,987,986</u>	<u>\$ 103,679</u>	<u>\$ 512,225</u>	<u>\$ 15,603,890</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2019:

	Level 1	Level 2	Level 3	Total
Investment contract	\$ -	\$ -	\$ 464,825	\$ 464,825
Money market fund	-	30,984	-	30,984
Mutual funds	11,373,391	-	-	11,373,391
Total assets at fair value	<u>\$ 11,373,391</u>	<u>\$ 30,984</u>	<u>\$ 464,825</u>	<u>\$ 11,869,200</u>

The Plan's policy is to recognize transfers, if any, between levels as of the actual date of the event or change in circumstances. There were no transfers between hierarchy levels during 2020 and 2019.

Purchases of Level 3 assets during the Plan year ended December 31, 2020 were \$75,646. There were no issuances, transfers in or transfers out of Level 3 assets during the Plan year ended December 31, 2020.

Note E - Investments

The Plan has entered into a non-benefit-responsive investment contract with Nationwide. Nationwide maintains the investments in a general non allocated fixed account. This account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value which was reported to the Plan by Nationwide. The contract's average yield was 1.93% and 2.00% for 2020 and 2019, respectively, and the crediting interest rate as of December 31, 2020 and 2019 was 1.93% and 2.00%, respectively. Crediting interest rates are determined daily by dividing earned income for the day by the new contract value.

Note F - Income Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsors by a letter dated March 31, 2014 that the prototype Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been restated and amended since the date of the letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the requirements of the Code and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt.

Notes to the Financial Statements (Continued)
December 31, 2020 and 2019

Note F - Income Tax Status (Continued)

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various federal and state taxing authorities. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note G - Related Party Transactions

Certain administrative services are provided by the Company at no cost to the Plan and certain administrative costs incurred by the Plan are paid by the Company.

The Plan invests in mutual funds, money market fund and a guaranteed investment contract managed by Nationwide. Nationwide is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest.

Note H - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Note I - Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsors have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note J - Reconciliation of Financial Statements to Form 5500 Schedule H

The following is a reconciliation of net assets available for benefits per Form 5500 to the financial statements at December 31, 2020 and 2019:
