A. PLAN DESCRIPTION

The following description of The Shamrock Companies, Inc. (the "Company" or "Plan Sponsor") 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document and adoption agreement for a complete description of the Plan's provisions.

General - The Plan is a defined contribution plan with an Internal Revenue Code ("IRC") Section 401(k) arrangement which allows plan participants to defer current taxation on a portion of their salaries by electing a percentage of their salary to be contributed to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility - The Plan covers all employees of the Company age twenty-one or older who have completed twelve months of service. Those eligible to participate in the Plan may enroll on the first day of the quarter following the date of eligibility.

Contributions - Eligible employees may contribute up to 100% of their compensation on a pre-tax or post-tax ("Roth") basis subject to the IRC 402(g) limit. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. The Plan Sponsor, however, may be required to limit contributions of certain employees to comply with the IRC.

The Plan Sponsor may, at its option, match a portion of participants' salary deferrals.

The Plan Sponsor may make additional discretionary contributions to the Plan. All eligible employees, as defined, may receive these discretionary contributions but must be actively employed as of December 31.

The Plan also permits rollover contributions from other qualified retirement plans and certain IRAs.

Participant Accounts - Each participant's account is credited with the participant's contributions, employer matching contributions, allocation of the Company's discretionary contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the allocation of their contributions into the various investment options provided, including a self-directed brokerage account. Participants may change their allocation of contributions or transfer money between investment options any time during the year.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested in employer discretionary matching and non-matching discretionary contributions after six years of credited service.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

The Plan adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. The CARES Act increased the maximum loan amount to $100,000 or 100% of a participant's vested balance, through September 22, 2020. For periods prior to the adoption of the CARES Act and after September 22, 2020, participants were permitted to borrow from their salary deferral accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested balance. Loan terms generally range from one to five years, or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest ranging from 4.25% to 6.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - Upon termination of service, the participant may elect to receive his or her account balance as a lump-sum payment or in periodic installments. The Plan Administrator may automatically make a lump-sum distribution for account balances less than $5,000. Participants terminated are entitled to receive their benefits as soon as administratively feasible. Distributions of a participant's 401(k) account balance may be authorized at any time by the Plan Administrator under certain hardship conditions.

Forfeitures – At December 31, 2020, there were no forfeited non-vested accounts. At December 31, 2019, forfeited non-vested accounts totaled $5,112. These accounts are used to reduce future employer contributions or to pay Plan expenses. For the year ended December 31, 2020, forfeitures of $5,151 were used to pay Plan expenses.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian, and trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits **-** Benefits are recorded when paid.

Administrative Expenses **-** Administrative expenses may be paid by the Plan. Distribution and loan fees are paid by participants. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events **-** The Plan has evaluated subsequent events through September 13, 2021, the date the financial statements were available to be issued.

C. INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by MATC, the custodian for the Plan.

MATC has certified as to the completeness and accuracy of the investments it holds and the changes in net assets arising from said investment activity ($15,728,595 and $13,782,544 as of December 31, 2020 and 2019, respectively), except for the self-directed brokerage accounts ($3,428,519 and $196,636 as of December 31, 2020 and 2019, respectively) and notes receivable from participants ($59,480 and $104,052 as of December 31, 2020 and 2019, respectively), as of December 31, 2020 and 2019, and for the year ended December 31, 2020.

MATC has certified as to the completeness and accuracy of the schedule of assets (held at end of year), except for the self-directed brokerage accounts and notes receivable from participants, as of December 31, 2020.

D. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The levels of the fair value hierarchy under Financial Accounting Standards Board guidance in these financial statements are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Pooled Separate Account – The Plan holds interests in a Stable Value Fund, which consists of an investment in the New York Life Insurance Anchor Account (the "Anchor Account"), which is not traded in an active market, and is valued at the net asset value ("NAV") per share of the fund as a practical expedient for the estimated fair value of the fund. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The NAV is provided by the fund sponsor and verified using the audited financial statements of the fund. The Anchor Account is made available to the participating plans through a group annuity contract. The group annuity contract is an investment contract that is benefit-responsive, meaning it provides for a stated return on principal invested over a specified period and permits withdrawals at a contract value for benefit payments, loans, or transfers to other investment options offered to the participant by the Plan. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the Stable Value Fund, the issuer reserves the right to require 12 months' notification to ensure the liquidation of securities is carried out in an orderly business manner

Self-directed brokerage accounts - The value of the account, as provided by the brokerage firm, is determined using external sources and valued based on quoted prices or the active market.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Total
Self-directed brokerage accounts, audited	$ 3,428,519	$ 3,428,519
Mutual funds, unaudited	14,304,999	14,304,999
Total assets in the fair value hierarchy	$ 17,733,518	$ 17,733,518
Investments measured at net asset value, unaudited (a)	-	1,404,344
Investments at fair value	$ 17,733,518	$ 19,137,862

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2020.

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 1,404,344	$ -	Daily	12 Months

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Total
Self-directed brokerage accounts, audited	$ 196,636	$ 196,636
Mutual funds, unaudited	12,691,399	12,691,399
Total assets in the fair value hierarchy	$ 12,888,035	$ 12,888,035
Investments measured at net asset value, unaudited (a)	-	1,084,078
Investments at fair value	$ 12,888,035	$ 13,972,113

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2019.

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 1,084,078	$ -	Daily	12 Months

(a) In accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Participants in the Anchor Account may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Withdrawals and transfers resulting from certain events, including employer-initiated events may limit the ability of the fund to transact at contract value. These events may cause liquidation of all or a portion of a contract at market value. The Plan Administrator believes that the occurrence of any event which would limit the Plan's ability to transact at contract value is not probable.

E. RELATED-PARTY TRANSACTIONS

MATC provides certain administrative services to the Plan pursuant to a Service Agreement ("SA") between the Company and the custodian. MATC may receive revenue sharing from mutual fund service providers. This revenue is transferred to the record keeper on a quarterly basis and such amounts are applied to pay Plan administrative expenses. During 2020, $6,683 was applied to pay Plan administrative expenses. The Plan or Plan Sponsor may make a payment to MATC for administrative expenses not covered by revenue sharing.

F. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant would have a non-forfeitable right to his or her total account balance as of the date of termination.

G. FEDERAL INCOME TAX STATUS

The Plan adopted the Flexible Benefits Systems, Inc. volume submitter document effective July 1, 2015. The Plan has been amended since the prototype received an Internal Revenue Service ("IRS") opinion letter dated March 31, 2014. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

H. PLAN AMENDMENTS

Effective April 10, 2020, the Plan implemented the requirements by the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"), which change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for distributions, loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks.

The COVID-19 pandemic during 2020 has significantly disrupted financial markets, economies, the workforce, healthcare, and other events. As noted above, investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
