Note 1. Description of Plan

The following description of the Trinity Partners, LLC 401(k) Profit Sharing Plan (the "Plan") of Trinity Partners, LLC and subsidiaries (the "Company") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General provisions and amendments: The Plan is a defined contribution plan established by the Company on January 1, 1997, and most recently amended on December 3, 2020 to add BluePrint Research Group as a participating employer within the Plan, with BluePrint Research Group employees eligible to participate in the Plan as of January 1, 2021. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan covers eligible employees of Trinity Partners, LLC and participating employers, Tgas Advisors, LLC, Bell Canyon Consultants, LLC and BluePrint Research Group.

As a result of the Coronavirus Aid, Relief and Economic Security Act ("the CARES Act"), the Plan was amended to include certain provisions as permitted under the CARES Act related to payments of benefits and notes receivable withdrawals and repayment.

Eligibility requirements: The Plan covers substantially all employees of the Company, as defined above, who have attained the age of twenty-one. Any employee who meets the age criteria during the year is eligible to participate the first day of the month coinciding with or next following the date the requirements are met.

To be eligible for the employer match, a participant must have made 401(k) or Roth contributions during the year. Participation in the employer discretionary profit sharing contribution requires a participant to complete one year of service in addition to the age requirement. Any employee who meets the requirements to participate in the employer discretionary profit sharing contribution is eligible to participate once enrolled on a semi-annual entry date.

Contributions: Participants may elect to defer, on a pre-tax or after-tax basis, up to the maximum dollar amount allowed by the Internal Revenue Code ("IRC") ($19,500 in the calendar year 2020). Participants who have attained age 50 by calendar year-end may also elect to make catch-up contributions of up to $6,500 for the calendar year 2020. Catch-up contributions are not subject to any other contribution limits or to the nondiscrimination rules.

The Company provides an employer matching contribution equal to 50% of each participant's deferral contribution up to 6% of their eligible compensation. For the year ended December 31, 2020, the employer matching contributions totaled $637,390, net of forfeitures applied.

In addition, the Company may elect to make an additional discretionary profit sharing contribution to the Plan. For the 2020 plan year, there were no additional discretionary contributions declared or contributed to the Plan.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's matching contribution, allocations of any discretionary profit sharing contribution, Plan earnings/losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Description of Plan (Continued)

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as follows:

Years of Service	Vested Percentage
0 years up to 2 years	0%
2 years up to 3 years	25%
3 years up to 4 years	50%
4 years up to 5 years	75%
5 years or more	100%

Participants become 100% vested in the Company's discretionary profit-sharing contribution upon the completion of three years of service. Participants are not vested in these contributions until this requirement is met.

If a participant attains normal retirement age while still employed or if a participant incurs a severance from employment as a result of death or disability, he or she will become 100% vested in his or her account.

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, retires, or becomes permanently disabled or deceased. Account balances of $5,000 or less can be distributed without consent for termination of service in the form of a lump-sum payment equal to the vested interest in his or her account. In-service withdrawals are also permitted in certain circumstances, including financial hardships, as defined in the plan document, or when a participant attains age 59 ½. In accordance with the CARES Act the 10% IRS tax on pre-age 59 ½ withdrawals is waived for coronavirus-related distributions up to $100,000 through December 2020. These withdrawals are taxable as income, but the tax can be spread over three years, and the participant can elect to repay it within three years. Additionally, the 20% standard income tax withholding at the time of distribution is not required.

Forfeitures and expense budget account: Forfeitures are used to reduce employer matching or discretionary profit sharing contributions, or to pay administrative expenses. Forfeited nonvested accounts totaled $841 and $359,559 at 2020 and 2019, respectively. For the year ended December 31, 2020, total forfeitures amounted to $70,111 and net appreciation on forfeited amounts was $1,702. During the year ended December 31, 2020, $430,531 in forfeitures were used to reduce employer matching contributions and no forfeitures were used to pay administrative expenses. All funds accumulated in the forfeiture account as of December 31, 2020 were used to reduce employer matching contributions during the 2021 plan year.

The Plan also has an expense budget account which is funded with the revenue generated from investment funds offered by the Plan and funds in this account are to be used to offset plan-related expenses. The balance in the expense budget account at both December 31, 2020 and 2019, totaled $58. During the fiscal year ended December 31, 2020 credits of $23,250, were funded to the Plan and $23,250 of funds in the budget account was used to offset Plan expenses. The balance in the expense budget account at December 31, 2020 and 2019, is reported in investments on the statements of net assets available for benefits.

Note 1. Description of Plan (Continued)

Investment elections: Upon enrollment in the Plan, each participant shall direct the investment of their account among a selection of mutual funds and a stable value fund. Participants may change their investment options at any time throughout the year by direct phone or online access to Empower Retirement.

Notes receivable from participants: Participants may borrow a minimum of $1,000 up to a maximum of the lesser of $50,000 (less the highest outstanding loan balance in the previous 12 months) or 50% of their vested account balance. These amounts were adjusted to the lesser of 100% of the participants vested balance or $100,000 for loans issued between March 27, 2020 and September 22, 2020, in accordance with provision in the CARES Act. Loan terms are provided up to five years, except the term for loans which are for the purchase of a principal residence may extend to 15 years. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with regional bank rates for similar loans or such other reasonable rate as determined by the plan administrator. The interest rate on all loans outstanding as of December 31, 2020 range from 3.25% to 6.00%, and loans mature through 2030. Principal and interest are paid ratably through payroll deductions. A participant is not allowed to have more than one loan outstanding at any time. The CARES Act allowed participants with notes receivable balances to defer payments of their loan balance, some of which may exceed these thresholds identified.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting standards set by the Financial Accounting Standards Board ("FASB"). The FASB sets accounting principles generally accepted in the United States of America ("GAAP") to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported.

Use of estimates: The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the loan is considered in default based on the provisions of the Plan, the participant loan balance is reduced and a benefit payment is recorded upon the occurrence of a distributable event based on the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: As provided by the plan agreement, administrative expenses related to Plan's investments and recordkeeping are paid by the Plan and other administrative expenses are paid by the Company.

Note 2. Summary of Significant Accounting Policies (Continued)

Income taxes: GAAP requires plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2017.

Note 3. Information Certified or Provided by Great-West Trust Company LLC ("Trustee")

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Great-West Trust Company LLC, the trustee, and furnished to the plan administrator. The plan administrator has obtained certifications from the Trustee that information provided to the plan administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2020	2019
Investments, at fair value:		
Mutual funds	$ 33,663,913	$ 26,652,921
Common collective trust	522,403	645,779
	$ 34,186,316	$ 27,298,700
Notes receivable from participants	$ 147,510	$ 98,835

The Trustee also certified to the completeness and accuracy of $3,720,474 of net appreciation in fair value of investments, $818,459 of interest and dividend income related to the aforementioned investments and interest on notes receivable from participants of $7,874 for the year ended December 31, 2020.

Note 4. Fair Value Measurements

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Mutual funds are valued at quoted market prices based on the net asset value ("NAV") of shares held by the Plan.

Stable value fund: The common collective trust is valued at NAV per unit based on the underlying investments comprising the trust.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	$ 33,663,913	$ -	$ -	$ 33,663,913
Common collective trust at NAV (a)				522,403
Total investments, at fair value				$ 34,186,316

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	$ 26,652,921	$ -	$ -	$ 26,652,921
Common collective trust at NAV (a)				645,779
Total investments, at fair value				$ 27,298,700

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using NAV per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following tables set forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2020 and 2019:

	Fair Value Estimated Using NAV Per Share			
	December 31, 2020			
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Putnam Stable Value Fund	$ 552,403	$ -	Daily	None

	Fair Value Estimated Using NAV Per Share			
	December 31, 2019			
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Putnam Stable Value Fund	$ 645,779	$ -	Daily	None

Note 5. Income Tax Status

The Plan has adopted the Great-West Trust Company Defined Contribution Prototype Plan and Trust. This prototype plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 6. Plan Termination

The Company has not expressed any intent to terminate the Plan. The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

Note 7. Party-In-Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan; such transactions constitute party-in-interest transactions. The Company pays directly any other fees related to the Plan's operations. In addition, the Plan issues loans to participants, which are secured by the balances in the participants' account, and also constitute party-in-interest transactions.

Note 8. Subsequent Events

The Plan has evaluated subsequent events through September 28, 2021, the date the financial statements were available to be issued.
