MATAGRANO, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2020

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Matagrano, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established by Matagrano, Inc. (the "Company") as a defined contribution plan covering all eligible employees, who have reached 18 years of age and completed 60 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code ("IRC").

Effective April 7, 2020, the Plan implemented the distribution and loan provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allowed the Plan's qualified participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. The distribution provision also allows any Plan participant to suspend required minimum distributions for the 2020 plan year. In addition, the Plan implemented the temporary loan repayment deferral provision and the temporary loan maximum provision of the CARES Act. The deferral provision allows qualified Plan participants who have outstanding Plan loans on or after March 27, 2020 to defer until December 31, 2020. The loan maximum provision increases the maximum loan available to a qualified participant loan to the lesser of his or her account balance or $100,000 for a loan issued through September 22, 2020. In addition, effective January 1, 2020, the Plan implemented the delay of the commencement date for required minimum distributions pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"). The Plan's trustee will incorporate these provisions under which the Plan is currently operating as necessary prior to the December 31, 2022 deadline.

The Plan provides for a plan administrator who is responsible for keeping accurate and complete records of the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law.

Participant Contributions – The Plan features an automatic enrollment provision whereby all eligible employees hired on or after January 1, 2016 are automatically enrolled in the Plan at a deferral rate of 1%. The eligible participant may affirmatively elect to "opt out" of these automatic features or elect a different deferral rate. Participant contributions are made in the form of pre-tax or post-tax (Roth) salary deductions and are limited to a maximum of $19,500 for the year ended December 31, 2020 in accordance with the IRC. Additionally, participants age 50 and over by the end of the Plan year may make additional catch-up contributions up to $6,500 for the year ended December 31, 2020. A participant may increase or decrease the amount of contributions at the beginning of each payroll period, as defined by the Plan agreement. Participants may also make rollover contributions from other qualified defined benefit or defined contribution plans.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Employer Contributions – The Company makes a safe harbor matching contribution of 100% of the participant's contribution on the first 3% of eligible compensation, plus 50% of each participant's deferrals in excess of 3% but not in excess of 5% of the participant's compensation to qualified employees. Additionally, the Company may make annual discretionary nonelective employer contributions to the Plan. The Company made discretionary profit sharing contributions amounting to $164,228 for the year ended December 31, 2020. Collectively bargained employees are not eligible for employer contributions.

Participant Accounts – Each participant's account is credited with the participant's contributions, the related Company matching contributions, and investment earnings thereon. Participant accounts are charged with investment losses and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

Vesting – Participants are vested immediately in their contributions and safe harbor contributions plus actual earnings thereon. Vesting in the Company's discretionary employer contributions portion of their accounts is based on years of continuous service. Participants vest in the Company's discretionary employer contributions based on the following schedule:

Years of Service	Vesting Percentage
0 - 1	0%
1 - 2	25%
2 - 3	50%
3 - 4	75%
4 or more	100%

Investment Options – A participant may direct the investment of his or her account balance into various investments offered by the Plan. Participants may change their investment options any time throughout the year via completing the change forms for investment options.

Notes Receivables from Participants – Participants may borrow from their vested account balances provided they meet the Plan's eligibility requirements. The minimum loan amount is $1,000 and the maximum loan amount is equal to the lesser of one-half of the participant's vested account balance or $50,000. The term of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate published in the Wall Street Journal plus 2%. Principal and interest are paid ratably through weekly payroll deductions.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Notes Receivables from Participants (Continued) – Pursuant to the CARES Act enacted in March 2020, eligible participants could request a delay of note repayments for repayments that occurred between March 27, 2020 and December 31, 2020. If a delay was granted, the participant's note was re-amortized and included any interest accrued during the period of delay. The ability to request a delay in note repayments under the CARES Act ceased as of December 31, 2020.

Payment of Benefits – Upon termination of service due to death, disability or retirement, a participant may receive a lump-sum distribution, a direct rollover distribution, or a combination of cash and direct rollover distribution equal to the value of the participant's vested interest in his or her account. A participant may also be eligible for withdrawals due to financial hardship in certain circumstances. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum cash distribution. If a terminated participant's vested interest in his/her account is between $1,000 and $5,000 and no instructions have been received from such participant, the amount may be rolled over to an individual retirement account plan as designated by the plan administrator. The Plan allows for the automatic distribution of participant accounts balances that do not exceed $1,000.

The age at which required minimum distributions must begin was increased from 70½ to 72 pursuant to the SECURE Act enacted in January 2020. In addition, pursuant to the CARES Act, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 payment and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. The Plan also permits participants to request up to $100,000 coronavirus-related distributions, with repayment terms of up to three years, in accordance with the CARES Act. The ability to request special waivers with respect to required minimum distributions and coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

Forfeited Accounts – The non-vested portion of a participant's balance is forfeited upon termination of employment. Forfeitures will be used to reduce employer contributions. As of December 31, 2020 and 2019, forfeited non-vested accounts amounted to approximately $5,779 and $4, respectively. During the year ended December 31, 2020, no forfeitures were used.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and trustee. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative fees and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain administrative expenses of the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation or depreciation in fair value of investments.

Concentrations – As of December 31, 2020 and 2019, five and four investments accounted for approximately 86% and 75%, respectively, of total investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this standard are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Collective Trust Funds: Valued at the NAV of units held by the Plan at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Investments valued using the practical expedient are reported outside of the fair value hierarchy. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2020			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:				
Mutual Funds	$ 1,564,216	$ -	$ -	$ 1,564,216

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, American Trust Company (formerly known as First Mercantile Trust Company), the trustee of the Plan, has certified the completeness and accuracy of all investments and notes receivable from participants presented on the Statements of Net Assets Available for Benefits and in Note 3 as of December 31, 2020 and 2019, and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment income and interest income on notes receivable from participants reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.

NOTE 5 – TAX STATUS

The Plan adopted the American Trust & Savings Bank Defined Contribution Volume Submitter Plan & Trust, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2014 stating that the Plan and related trust are designed in accordance with applicable sections of the IRC. The plan has not filed for a separate determination letter from the IRS; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Accordingly, no provision for income taxes is recorded on the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – PLAN TERMINATION

The Company has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuation, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in investment value in the near term would materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and in the Statement of Changes in Net Assets Available for Benefits.

On March 11, 2020, the World Health Organization declared a pandemic related to the rapidly spreading COVID-19 outbreak, which has led to a global health emergency. The pandemic has caused volatility in financial markets and has affected, and may continue to affect, the market price of the Plan's investments. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain. Accordingly, the ultimate financial effects cannot be reasonably estimated at this time.

NOTE 8 – RELATED-PARTY TRANSACTIONS

Certain Plan assets are held and managed by American Trust Company (formerly known as First Mercantile Trust Company). American Trust Company serves as the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. American Trust Company provides various services to the Plan, including recordkeeping, trust and custody services. They also provide certain shareholder services to the investment funds utilized by the Plan. American Trust Company receives revenue from mutual fund service providers for these services. This revenue is used to offset certain amounts owed to American Trust Company for its administrative services to the Plan.

NOTE 9 – SUBSEQUENT EVENTS

Effective May 13, 2021, the Plan's assets were transferred to Capital Bank and Trust Company ("Capital Bank"). In conjunction with the asset transfer, the Plan entered into a service agreement with Capital Bank for trustee and recordkeeper services and terminated its contract with American Trust Company. The terms of the new service agreement with Capital Bank are substantially the same provisions as the former agreement with American Trust Company.

The Company has evaluated subsequent events through September 22, 2021, the date the financial statements were available to be issued.
