Plan Description

The following description of Ruhnau Clarke Architects (the Company) 401(k) Profit Sharing and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan of the profit-sharing type containing a cash or deferred arrangement described in Internal Revenue Code ("IRC") Section 401(k). The following are not eligible to participate in the Plan: collective bargaining employees, non-resident aliens and those who become employed due to a merger or acquisition. Eligible participants must complete at least 3 months of service and be at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the IRC.

Contributions

Participating employees may defer 401(k) contributions up to 100% of their pre-tax and post-tax (Roth) annual compensation, as defined in the Plan. In addition, participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants are automatically enrolled at 2%, with no annual increase. Participants may elect to opt out of the Plan at any time.

The Company may make discretionary employer match, profit sharing, or safe harbor matching contributions as a percentage of participant deferrals or eligible compensation. In 2020, the Company made safe harbor contributions of 3% of eligible employees' compensation. In 2020, the Company elected to make discretionary matching contributions that ranged from 6% to 10% of employee deferrals. The Company also elected to make a profit sharing contribution of approximately $85,000 for 2020 and is allocated to participants by the amount of the participants' eligible compensation to the total eligible compensation.

Contributions are subject to certain Internal Revenue Service (IRS) limitations. Receivables from the Plan Sponsor for contributions are unsecured.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and allocations of (a) Plan earnings and (b) administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Descriptions (continued)

Vesting

Participants are vested immediately in their contributions and the safe harbor matching plus actual earnings thereon. Vesting in the Company's discretionary matching & profit-sharing portions of their accounts plus actual earnings thereon is based on years of continuous service and is subject to the following vesting percentage provisions:

Years of Service	Vesting Percentage
Less than One	0%
1 year	0%
2 year	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Investment Options

A participant may direct contributions in any of the investment funds offered by the Plan. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1% (4.25% to 6.50%). Principal and interest are paid through payroll deductions.

Payment of Benefits

A participant may receive a lump-sum amount equal to the value of the participant’s vested interest in his or her account upon termination of service due to separation of service, death, disability, retirement or other reasons.

Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Fair Value footnote for discussion of fair value measurements.

Net appreciation in fair value of investments is reflected in the Statement of Changes in Net Assets Available for Benefits and includes realized gains and losses on investments bought and sold and the change in appreciation from one period to the next. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits
Benefits are recorded when paid.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses
The Plan's administrative expenses are paid by either the Plan or the participant, as provided by the Plan agreement.

Fair Value Measurements

ASC 820 establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds and Money Market Accounts: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies

Fair Value Measurements (continued)

or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Investments at fair value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual Funds and Money Market Accounts	$ 7,360,247	$ -	$ -	$ 7,360,247

	Investments at fair value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds and Money Market Accounts	$ 6,397,858	$ -	$ -	$ 6,397,858

Information Prepared and Certified by the Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Custodian of the Plan:

	2020
Mutual Funds	**$ 6,546,396**
Money Market Accounts	**$ 813,851**
Notes Receivable from Participants	**$ 30,221**

The Custodian also certified the completeness and accuracy of the following related to the aforementioned assets for the years ended December 31:

	2020
Net appreciation in fair value of investments	**$ 747,124**
Dividends and interest	**$ 147,524**

Related Party Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan paid $2,983 of administrative fees to the recordkeeper and Custodian for year ended December 31, 2020. The Company provides certain administrative services at no cost to the Plan. If revenue received by the Custodian from mutual fund service providers under revenue sharing arrangement, the Custodian remits to the Plan on a quarterly basis. Such amounts are used to reduce plan administrative expenses.

Tax Status

The Company adopted a prototype standardized profit sharing plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statement of net assets available for benefits.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions and terminate the Plan. In the event of Plan termination, participants will become 100% vested in their accounts.

COVID-19

Effective April 5, 2020 the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, effective April 1, 2020, the Plan adopted the temporary loan repayment deferral provision for the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.

Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019, to Form 5500:

	2019
Net assets available for benefits per financial statements	$ 6,766,708
Less: Contribution receivables	(313,907)
Net assets available for benefits per Form 5500	$ 6,452,801

The following is a reconciliation of total contributions per the financial statements for the year ended December 31, 2020, to Form 5500:

	2020
Contributions per financial statements	$ 2,025,253
Add: Contribution receivables	313,907
Contributions per Form 5500	$ 2,223,160

Subsequent Events

The Plan evaluated subsequent events through August 19, 2021, the date the financial statements were issued. On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plan's various investment securities have incurred significant fluctuations in fair value since December 31, 2020. The impact of COVID-19 continues to evolve rapidly, and the Company is currently not able to estimate its full impact on the Plan's financial statements.
